SATURDAY, - - - MARCH 9, 1907.

PRESIDENT ROOSEVELT will be the next Republican candidate for President in the opinion of Congressman Mudd.

SIX Baltimore captalists have bought a tract of land in the city limits containing 296 acres for $1,000,000 and will improve the same.

THE Maryland building at Jamestown is completed and is a handsome colonial structure.

THE salaries of agents at the Pennsylvania R. R. terminal stations have been increased. Salaries of clerks in second-class postoffices have also been increased.

GOV. WARFIELD says he will in his next message to the Legislature advise a direct inheritance tax law as well as a law increasing the present collateral inheritance tax. If the States do not do this the Government will.

BALTIMORE CITY has agreed to pay $200,000 for a 400 acre farm near the city for sanitary purposes. This same property is now on the tax books at a valuation of $46,000 and the owner returned it for assessment ten years ago valuing it at ten thousand dollars!

THE political pot in Kent has not yet begun to boil. The meeting of Court will bring forward some political talk and probably some candidates, but at present everything is quiet and serene—a good way to keep them. The fact is we have too much politics in Maryland. An election every two years would be a great relief over the present system, and our leaders of both parties ought to get together on this proposition and submit an Amendment to the Constitution to bring about this very much desired result. Elections are very expensive to the counties as well as to the individuals running for office. The people ought to have a year's rest now and then.

CAPT. J. FLETCHER WILSON.

In another column is chronicled the death of Capt. J. Fletcher Wilson, one of our leading citizens and a well known farmer and boatman of the upper section of Kent. He was almost as well known in Cecil, where he had large business interests. It was always difficult to get Captain Wilson to accept public office but he did consent to go to the Legislature in 1883 and 1892 and made a most valuable and conscientious member. During his stay in Annapolis in these two winters he made many friends from all sections of the State.

His jovial spirit and broad social characteristics made him a charming addition to any company and drew about him men of all classes and every shade of politics. Capt. Wilson was very popular in his own county, and as a "campaigner" he had a quiet mannerism peculiarly his own. His death will be sincerely lamented by a very large circle of friends and acquaintances in the counties in which were located the scenes of his business activities for so many years.

N. T. MEGINNISS, Esq., a former Kent countian, is spoken of very favorably as a candidate for the First Branch City Council on the Democratic ticket in Baltimore. He is in every respect qualified and deserving.

ARCHIE ROOSEVELT, son of the President, is critically ill with diptheria.

MR. I. FREEMAN RASIN is still critically ill.

Weak Hearts

Are caused by indigestion. If you eat a little too much, or if you subject to indigestion, you have, no doubt, had shortness of breath. Indigestion causes the stomach to expand and puff up against the heart. This crowds the heart and interferes with its action, then in the course of time the heart becomes diseased. It is necessary in these conditions to employ the use of digestive agents, which take the strain off the heart and gives strength and relief to every organ of the body. An eminent specialist has suggested the following formula: Kastor Compound, 1 oz, Fluid Extract Cascara Aromatic, 1 oz; Tr. Cinchona Compound, 2½ oz. These can be obtained from your local druggist at a small cost, and will afford a world of relief in any of the forms of indigestion, dyspepsia, sour stomach, inflamation of the mucuous membrane, lining of the stomach and digestic tract, nervous system and catarrh of the stomach.
