Thousands Have Kidney Trouble and Don't Know it.

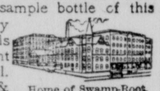
How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and $1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.



Home of Swamp-Root.

Don't make any mistake, but remember the name, Sawmp-Root, Dr. Kilmer's Swamp Root, and the address, Binghampton, N. Y. on every bottle.

"CLEVELAND"

16½ hands high, weighs 1150 lbs., 4 years old.

Son of Pride of England, Jr., which is by the thoroughbred imported Cleveland bay stallion Pride of England, which was brought to this country by the late Dr. Thomas H. Cooper, will make the season from March 20th to June 20th.

The Cleveland bay constituted a well-established breed in the Cleveland district, Yorkshire, England as long ago as 1740. For at least 150 years he has been renowned as to insure transmission of his popular and solid constitution and bay color, and has been considered the best general purpose horse bred in England. The Cleveland bay is noted for level heads, good constitution, large bone and endurance, especially desirable for family teams because of fine style and action, level heads and good disposition.

SANITARY PLUMBING

HUBBARD BUILDING,

THIRTY-TWO YEARS IN SERVICE.

Rev. J. M. Sheridan Now President Of M. P. Conference.

Rev. J. M. Sheridan, the newly elected president of the Maryland Conference of the Methodist Protestant Church has been in the ministry 32 years.

In that time he has filled pulpits in every section of the wide territory of the conference, and everywhere he has left pleasant impressions. His elevation to the presidency came as the reward for his services and as an expression of the appreciation of the laymen and preachers of the conference.

Rev. Mr. Sheridan has in an eminent degree the qualities that fit a man for the position of authority and dignity that he holds. Although he has always followed closely the big affairs of the conference, and as a member of the board of home missions has studied the ways and means of extending the whole denomination and in a larger way the dominion of Christianity, he has at the same time always shown that he kept in touch with the smaller details of his own charges and of the conference. He has made every one of his 32 years count.

Born in Baltimore county, near Lutherville, Mr. Sheridan received his education from a private teacher there and later taught school for four years. During that time he was preparing himself for the ministry, and, after completing the conference course of study in 1875, he was received into that body.

His first charge was on the Howard Circuit as assistant to Rev. W. T. Dumm. Next he went to Lynchburg, Va., and then to Washington. In 1875 he was married to Miss Mattie W. Ridgley, of Howard county, and in that year he was sent to Salisbury as pastor of the large church there. For three years he had a seccessful pastorate. Hard work was to be done in the Dorchester circuit and Mr. Sheridan was next given that charge. He worked the field with all his might, and after three years he left behind one church finished that had been previously started and he built two new ones.

The longest pastorate he had in one place was at Buckeystown, Frederick county, where he was next sent. He stayed there seven years. After that he was sent to Easton for three years. Then he came to the East Baltimore Church, where he put in six active years, from 1895 to 1901. Since then he has had three years at Pocomoke City and four years at St. James' Church, Haynesville, Kent county.

Although Rev. Mr. Sheridan has been president for little over a week, he has already done much traveling back and forth from Washington and to Kent county. He was back in Baltimore again yesterday and after his effects have been moved he will reside at the regular "executive mansion" of the conference, 1420 Linden avenue. He delivered his first sermon in the city as president Sunday, at Allnutt Memorial Church.

Youths Kick Fox to Death.

Raymond Walker, who will be 12 years of age in June, and his brother Gilbert, who will be 10 the same months, sons of Wm. Walker, a farmer of near Bear Station kicked to death a large red fox, a feat which is seldom done and which but few persons would dare to attempt.

For sometime past Mr. Walker has been losing ducks and chiekens and tracks from a fox were found in the snow several weeks ago. All attempts to catch the animal proved fruitless. One morning last week he was seen to go away with a duck, but he escaped by dropping his catch.

Later in the morning the two boys espied the animal coming out of the hennery with a hen and accompanied by two dogs, they gave chase. The fox held on to his prey and the dogs cornered him when in haste he ran into a barb wire fence, which partly knocked him down.

He regained his feet and to escape he ran directly between the boys, who each kicked him with the results that the animal was winded. They followed it up by kicking him to death.

Altitudes in Queen Anne's County.—Elevations of points, in feet, in Queen Annes, compiled by the Maryland Geological Survey as follows: Centreville, 69; Sudlersville, 65; Church Hill, 60; Queen Anne, 35; Kent Island, 20. Crumpton, 20; Queenstown, 15. The above table shows at a glance the character of the county in the different sections. Traveling men have often remarked that the land in Queen Annes county is the finest they see in all their travels. The scenery is also very beautiful in many places. Being free of earthquakes and floods it is the garden spot of the country.

A MODERN METHOD.

It is the knowing how that makes possible the accomplishment of desired results. Not many years ago it was believed that the cure of constipation consisted of merely causing a movement of the bowels. Now it is known that this may be merely a momentary relief and that to cure an obstinate case of constipation so that it will "stay cured" it is necessary to restore the lost strength and elasticity of certain well-known muscles. It is the knowing how to do this that enables the medical men of the present day to really cure—not relieve—those who suffer from constipation. A prescription much used is such cases by successful physicians is composed ½ ounce Fluid Extracts of Senna, ½ ounce Rochelle Salts, 1 ounce Ara Sagrada, 30 grains Bi-Carbonate of Soda, ½ ounce water and 1½ ounces Glycerine. A teaspoonful is given at bedtime and before each meal and this is continued until there is free movement of the bowels. The ingredients named may be obtained at any drug store and mixed at home if desired, and at small expense.—X.

IN THE STUD

Adversity 32998

RECORD 2.27½.

Brother in blood to Marveline 2.18¾. Sire Marvelous 2.23; dam by Myrtleton 9577; grandam by Thorndale Idol 1858. Breed for size, with style, action and speed.

In him are united the two great strains of Nutwood and Red Wilkes, his sire Marvelous 2.23 being a grandson of Nutwood 2.18¾, while his dam, Kitty Constable, is a grand-daughter of Red Wilkes.

His colts in Kent and Queen Anne's counties coming 3 and 4 years old are showing speed and beauty that is bringing to their owners fancy prices. Adversity was foaled May 6th, 1896. He is a solid bay about 16.1 hands high with pure trotting gait and lofty carriage. He took his slow record of 2.27½ at Gentleman's Driving Park July 4th, 1904.

TERMS OF BREEDING.—Adversity will make the stud season from March 20th to June 20th, 1907, at $20 to insure a mare with foal, payable when the mare is ascertained to be with foal, or is disposed of. By the season $10, payable at the end of the season. Single service, $5, payable on demand. When two or more mares, bred to insure, prove with foal, the charge will be $17.50 instead of $20. All who wish it can have the horse sent to their farms by notifying the undersigned.
