CARD.

To the Editor of the Annapolis Gazette:

WE owe it due to Mr. COULTER, of our place, to invite public attention to the very superior article of LIME now furnished by him. In doing so he feel that we are rendering a service to the Farmers, and especially to those of Anne Arundel county. We say without hesitation that, in our opinion, Mr. COULTER furnishes an article greatly superior to any thing of the kind we have ever used or seen. The Lime furnished by him is burnt with the best spruce pine and light wood, the ashes of which every Farmer knows the value of, in improving land. These mix with the Lime and add greatly to its fertilizing properties. Whereas the Lime obtained from Baltimore and elsewhere is burnt with the filthy coal offal, procured from yards, and of course inferior in quality and of much less value as a fertilizer than that furnished by Mr. COULTER.

Mr. Coulter must certainly possess some secret in manufacturing his Lime, for we have never seen any Lime where all the shells were so thoroughly burnt. He burns ten thousand bushels in ten days, and every shell is converted into Lime of the finest quality and as white as the driven snow.

Dr. James Higgins, State Agricultural Chemist, in Company with Col. Walton, visited Mr. Coulter's place of business a short time since, and pronounced his Lime the most beautiful article of the kind he had ever seen.

Mr. Coulter furnishes his Lime at Baltimore prices: and the Farmers of Anne Arundel county and others would do well to give him a call, if they wish to procure an article of superior quality.

THE EASTON FOUNDRY
IN FULL BLAST.

THE Farmers of Talbot and adjoining counties are respectfully informed that my NEW FOUNDRY on the front street, at the lower end of the town, on the road leading to Trappe, in Easton, is now in full operation, where all kinds of casting for the farmers can be done at the shortest notice, and in the most satisfactory manner.

I have on hand, and intend keeping a full supply of the following articles:

Plows and Plow Castings of all kinds; Harrows, Cultivators, &c., which will be sold *below Baltimore prices for* CASH. As I have been at great expense to fit up a complete Foundry, I hope the farmers will give me a liberal patronage, and spend their money at home instead of sending it abroad. Nothing will be left undone to give entire satisfaction.
