PUBLISHERS AND EDITORS.

SATURDAY, AUGUST 3, 1907.

VILLIFYING *respectable* citizens never won a campaign.

GOV. WARFIELD has been selected by the Anne Arundel convention as a delegate to the Democratic State Convention.

THE Baltimore Sun of Thursday published a good picture of Mr. Charles W. Kennard, formerly of Kent, as a leader of Baltimore City Surburban Improvement.

EXPERIENCE is the best teacher. A few more experiences may possibly teach our defamers salutary lessons. It pays to be honest and sincere and to treat others with at least some degree of respect. The public will never give its approval to slanderous articles.

Governor Warfield announced on Wednesday that he had decided to appoint Mr. James B. Gorter a member of the Supreme Bench of Baltimore, to succeed Judge Pere L. Wickes, who retires on account of reaching the age limit, August 14th.

A MAN'S reputation is more valuable than his purse, even if the purse be well filled. Stolen money may be replaced, but the thief who robs us of our good name often causes us an irreparable loss. The tongue of the slanderer is like the treacherous sting of the deadly serpent.

THE Republicans of the Eastern Shore met Wednesday, Mr. Wilbur Eliason presiding, and selected Centreville as the place for holding the Republican Judicial Convention and August 20th as the time. The candidates are likely to be W. T. Warburton and Albert G. Towers.

THAT sterling old Eastern Shore statesman, Ex-Gov. Elihu E. Jackson, has accepted the nomination for State Senator in Wicomico. This fixes that county in the Democratic column, and makes the Ex-Governor a sure candidate for the United States Senate, and a very strong one too.

ON last Saturday and Sunday the Baltimore American had a column of reading matter on primaries in the counties and told of warm contests in several of them, but *not one word about Kent!* Wonder if the American has a correspondent in Kent? A newsgatherer for that paper would be a great advantage to it in Kent.

IT is to be regretted that money was used in the primaries Saturday. We had hoped that when the proposition was made to the antis to keep money out of the fight it would have been adopted, but when they refused, there was but one thing left, viz., to fight with equal weapons. In every district where money was used the organization followed their instructions, viz., not to spend a cent until it was first begun by the other side. All the reports about enormous expenditures by the organization in Fairlee and the wholesale corraling of votes beforehand by them are simply gross exaggerations. Both sides spent money there to limited extent and got all the votes they could, but that any "doubtful" was paid twenty-five dollars by either side is an untruth pure and simple.

THE trade relation between the Eastern Shore and Baltimore is occupying considerable attention at present. There is one important matter which the NEWS would like to bring to the attention of Baltimore merchants. This is the matter and manner of grading the grain sent there from this county and section. The number of grades, arbitrarily established can and does result in lowering the price for our grain, resulting in great loss of both cash and confidence. This experience is common to a large majority of our farmers. Many have long ago ceased to send a bushel of grain to Baltimore.

Even the grainbuyers at railroad stations, with their experience and knowledge of grain, have no means of knowing what any given sample of grain will bring, as the grades are not fixed or established. This fact of course, deters liberal bidding, as the quotations in daily papers have no meaning in relation to our product. At least, this is the common experience.

We feel, therefore, as Baltimore is discriminating against the Eastern Shore, we must look elsewhere for justice, even at the sacrifice of State pride and preference.

Local buyers are offering three cents per bushel more for grain by rail than by water, all on account of the system of grading.

LAMBERT'S Riverside Hotel is filled with boarders who are delighted with the place, people and country. Splendid music is furnished every evening. Dumont is a veritable "Peck's bad boy" as he goes about with a bull's-eye lantern spying out the courting couples.

THOMAS JONES, a well-known colored citizen, was found seated along the road side Saturday evening in a dying condition. He had been at work all day on the Jarrell farm and was taken sick on the way to Chestertown and died.

Buying good jewelry

Is a sensible, a safe, a wise investment — purchasing the cheap kind is a waste. Putting a reasonable amount into a really good ring, for instance, is as wise as spending it for new clothing.

The ring assists to produce that general appearance of well-to-doness which it will pay any man or woman to cultivate.

And so with other jewelry.

Well, here is a store that has absolutely nothing whatever to do with questionable goods. Here is a store that believes in fair price for a dependable article.

Here is a store that gives you a square deal every day in the year.

You are invited.
