VOL. 69. CHESTERTOWN MD., SATURDAY, AUGUST, 10 1907. NO. 10

A Reasonable Proposition.

The season is well advanced and we have more goods than we will carry over, and there is but one way for us to bring about the desired result; that is to fix prices at such tempting smallness as to attract the purchasing public. Hence our

Great Reduction

on all remaining summer goods. Men's, Boys', Children's weareables all go alike at our wind-up-of-the-season price.

It is needless for us to mention figures on clothing as you are well acquainted with our clearance sales of the past and know the positive genuineness of them. We never indulged in that flim-flam method of marking prices up and then reducing them to a point where there is still left a great big profit, You've only to see the values offered in this sale to appreciate them.

In this sale is included the best one dollar neglige shirt in the world, full cut and guaranteed fit, 79c and so on throughout our entire store you will find the greatest bargains. STRAW HATS half price—our loss your gain.

Yours for business,

J. D. Lucas

(Opposite Stam's Hall.)

HAVING TROUBLE UNLOADING.

Many Captains of the Chesapeake Bay grain fleet, who have been arriving in large numbers for the last few days, are complaining bitterly of the delays in Baltimore caused by only one elevator working which, they claim, compels them to discharge their cargoes. It is claimed that a number of grain vessels have been in port over a week waiting for their turns to discharge.

The masters of these craft say that the privileges shown power barges and steamers, which have unloaded as soon as they arrive, is unjust discrimination, and that these vessels come and go without any interruption whatever, while the sailing vessels have to lay at anchor, making warehouses of their vessels, while the bay steamers and power barges have the right of way at the elevator. The master of one vessel stated that he and a number of others were constantly worried for fear that a bad leak would start at any time, which would greatly endanger the cargo.

For Big Camp at Betterton.—One of the largest organizations to go into camp on the shore of the Chesapeake bay this summer is the American Fishing and Hunting Club, of Allegheny, Pa., which will begin its annual encampment at Betterton next Sunday.

The advance guard arrived in Baltimore and had all the camping outfit placed aboard the steamer Susquehanna to be taken across the bay. The outfit consists of one dining tent aud 10 sleeping tents which will contain 75 single beds and 30 cots. Half a dozen men have begun putting up the tents and they expect to have everything in readiness when the balance of the clubmen, who will number about 140 men, arrive Monday. The party will arrive here Sunday and spend the night and will leave the next day for their camp. They will stay in camp about three weeks, and then most of them will leave for Atlantic City and Jamestown.

THE train was detained at Chestertown yesterday morning for an hour because of accident to air pump.

GET ready for Tolchester Fair. Supt. Noland is doing his best to make this one the best yet.

A TERRIFIC STORM.

Lightning Strikes House On Cannon Street And At The College—Five Cows Killed Near Fairlee.

The heavy storm which broke over Chestertown early yesterday morning was accompanied by sharp lightning and a downpour of rain. The chimney on Mr. W. C. Sutton's house was struck and a number of shingles ripped off. The family were downstairs and did not feel the shock.

At the college the home of Mr. Ambrose Frazier was struck and the gable end damaged. Mr. Frazier's daughter, Miss Susie, occupied the room on that side of the house but was not injured. She was badly scared, however, as the plaster fell all about her bed.

Mr. W. W. Newcomb says the corn in his section was laid low.

Mr. Simms, near Pomona, lost a horse by lightning.

A house at Fairlee occupied by Amos Crouch was struck by lightning and somewhat damaged.

Mr. Wm. G. Smyth lost five cows all of which were standing under an apple tree. No insurance.

Mr. John E. Morris lost a fine driving mare.

A bridge at Mr. Elwood Morris' home place was washed away.

Mr. Wm. H. McKee had a fine Belton colt killed by lightning on Mr. Ramie Ziesal's place.

W. W. Webb tenant on Geo. W. Roeder farm near Kennedyville lost about 600 bushels of wheat in stack by lightning.

A house at Rock Hall belonging to Mr. E. E. Leary was also struck and damaged.

Hurt While Diving At Betterton.

While diving off the pier at Betterton, Tuesday afternoon, Frank Clayton, aged 50 years, of 1222 Race street, Philadelphia, injured his spinal column, and was carried to the city that night on the steamer Susquehanna and taken to the Johns Hopkins Hospital for treatment.

When he arrived in the city the man was unconscious. He was accompanied by his wife and daughter, who were with him at the time of the accident. When the accident occured Clayton was diving from the pier in the presence of his wife and daughter. Upon coming to the surface he complained of a pain in his head, and said that he thought he had struck bottom. Shortly afterward he was taken violently ill, and soon became unconscious. Dr. J. Lane Finley, of Betterton, was summoned, and after an examination stated that the man had injured his spinal column.

BUILDING NOTES.

Mr. Fred. G. Usilton will erect a house and out-buildings on his 269 acre farm at Tolchester. Mr. J. Thomas Blackiston will occupy the new buildings and tenant the place.

Contractor Wm. S. Carroll has been awarded the contract to remodel the middle building of Washington College. The large rooms will be divided into four rooms each with toilet and bath, arranged for dormitory, and other substantial improvements will be made so as to provide additional accommodations for the increased number of male students who will apply for entrance next term. Mr. Carroll has also received the contract for another large job two miles below Queenstown.

Mr. Walter T. Pippin is progressing finely on the luxurious mansion being erected on Washington Avenue for Mr. and Mrs. C. L. Jarrell.

Mr. W. W. Copper is building a new stable on the Ivins farm, near Worton.

Mr. A. M. Culp has a large force of workmen in Middletown at work on a fine dwelling. It is reported that there is not a house builder who resides in that town. Mr. Culp is erecting a cozy home on Kent Street also.

The Duyer Bros. are doing the carpenter work on Mr. Ralph Barnett's Queen street home and will begin a new home for Dr. Graham in a few days.

Mr. Henry S. Barnett has decided to erect another brick dwelling on "Barnett Row" adjoining his son's home. This part of the town has greatly improved and is now one of the most desirable resident sections.

A Kent Countian Killed.—Mr. Charles Meeks was accidentally killed at Baldwin's Locomotive Works in Philadelphia on Monday last. He was struck in the head by a heavy electric crane. He had been working at this big plant for several years and was an expert. He leaves a wife and daughter. Mr. Frank Meeks, a brother, went to Philadelphia Tuesday to bring the body to Kent. His wife was Miss Alice Rich, of Rock Hall. He formerly lived in Kent and was well-known here. He also leaves a mother, brother and two sisters. He was a son of the late Wm. Meeks, of Still Pond, and was 45 years of age. The remains were brought to Still Pond by train on Thursday and funeral services were held from the home of his mother on Friday at 2 o'clock. Rev. E. H. Collins officiating. Undertaker Krusen had charge of arrangements.

A Whopper.—One of the biggest fish yarns comes from some of our Kent friends at Ocean Grove. It is said that a fish weighing 750 pounds and measuring ten feet was hauled up there! When opened the owner found a barrell of small fish and a 12-pound sturgeon! Next.

Big Camp.—Mr. Kingsland, on Lankford Bay, has one of the finest homes on the Eastern Shore built by the Duyer Bros. He has as his guests this week The Liberty Hunting and Fishing Club, of Pittsburg, who will camp for two weeks on his shore. Last year the Club went to Canada but afterward decided to visit Kent. They number about 100.

SCHOOL NOTES.

Miss Mary Burchinal, of Chestertown, Elected to Teach German in the Woman's College, Baltimore.

Mrs. Jessie Hackett has been appointed teacher at school No. 10, Millington.

Miss Laura J. Lambret, daughter of deputy postmaster, Wm. H. Lambert, has been appointed teacher of Broad Neck school, and will resign her position as operator in the telephone office.

Miss Mary Burchinal, niece of the late Capt. Wm. D. Burchinal, has been appointed teacher of German in the Woman's College, Baltimore. Miss Burchinal is a graduate of Washington College in which institution she taught German having been granted a two years leave of absence in 1905 to continue her study of German at Bryn Mawr. The appointment came without solicitation and upon the recommendation of Bryn Mawr College. She had decided to return to Washington College but inasmuch as Prof. Seronde has been retained Miss Burchinal's retirement will not embarass the college. It is certainly quite a compliment to Miss Burchinal to receive such an honor.

FARMING NOTES

Mr. James H. Bramble, on Fairlee farm, had 200 acres in wheat from which he harvested 5,000 bushels. This is one of the finest yields in Kent when the large acreage is considered.

Judge John C. Motter filed an opinion in the clerk's office at Frederick in the injunction case of James A. August against John T. Best, in which the injunction preventing the defendant from removing a quantity of straw from the premises of the plaintiff is made permanent. The Court ruled that there is a general custom prevailing among farmers that when a tenant leaves a farm he does not remove any straw from his crop from the premises, this custom holding good, whether the farm is rented upon shares or by money rent. The Court also held that straw can only be removed when so stipulated in the agreement.

The E. Thomas Massey farm, tenanted by Mr. James A. Donahoe, produced 30 bushels of wheat to the acre. The bearded wheat produced a large quantity of straw but Curl's Prolific proved to be the best producer of wheat. Mr. Massey owns a fine rig and superintends his threshing.

A prominent farmer of Quaker Neck says he does not believe there are 10 baskets of peaches in the Neck!

Messrs. S. Roseberry, J. H. O. Stokes, and Arthur Harris are shipping peaches, each having about 40 baskets one day this week. Bartlett pears brought $1 per basket in Baltimore this week.

Mr. W. F. Wink, near Chestertown, got 30 bushels per acre from one field and 25 from another field.

Mr. A. S. Crawford has given up the tenancy of the farm near Worton Station where he has lived for a number of years and it will be occupied by Mr. W. T. H. Fowle, of Washington, D. C.

Mr. Walter S. Trew threshed 2,000 bushels of Trew's Prolific wheat from seventy acres.

Mr. Harry Willis, on the Barnard farm near Still Pond, is reported to have harvested 38 bushels per acre on a 28 acre field along the bayshore. The seed wheat used was a new grade from Mr. Wilbur Eliason.

CHURCH NOTES.

The Faith Healers, of Philadelphia, will hold services all day at Worton Station, Sunday.

The Holiness Camp began in Klinefelter's woods yesterday. Tomorrow, Sunday, will be a big day.

Rev. J. L. Elderdice, of Westminster Theological Seminary, will occupy the pulpit of St. James M. P. Church Sunday morning.

Miss M. J. Thompson was one of the soloists at Emory Grove Camp last Sunday.

Rev. C. K. McCaslin, a former pastor, will preach at Wesley Chapel Sunday morning at 10 o'clock.

Mr. Clyde Maslin delighted the audience at Christ Church Thursday evening with a beautiful tenor solo.

THE members of Crumpton M. P. Church will hold a festival on the 17th and 24th of this month. All are cordially invited.

Dr. H. L. Elderdice, President of Westminster Theological Seminary, will preach at Kennedyville church next Sunday, August 11th, at 8 P. M.

Directors Elected.—The annual meeting of the stockholders of The Family Laundry Company, of Chestertown, was held Monday last. Messrs. Wm. J. Vannort, Sidney P. Townshend, John C. Davis, H. [illegible] Klinefelter, Jas. T. Anthony, Wm. G. [illegible] Jesse H. Copper, and Wm. B. [illegible] Jr., were elected directors for the ensuing year. Mr. Wise, formerly of the [illegible] laundry, of Baltimore, is manager of this laundry and is turning out good work. The management are perfecting plans whereby they can do family washes at reasonable prices and ask the patronage of the Kent County people.

THE Prohibitionists in Queen Anne's nominated the following ticket this week:

State Senate—James T. Anthony.
House of Delegates—Dr. Walter H. Fenby, Spencer Walls and W. F. Wiggins.
Treasurer—W. V. Bryan.
Register of Wills—James B. Price.
Judges of the Orphans' Court—Robert E. Bagnard, James E. Wallis and Edwin Knox.
Sheriff—W. S. Atkinson.
Surveyor—Linwood Thomas.
County Commissioners—First District, L. C. Benton; Second, Ivanhoe Willis; Third, Jacob W. Bullen; Fourth, Walter Price; Fifth, Joseph W. Carter; Sixth, Richard L. Skinner; Seventh, William C. Robinson.

W. F. Wiggins, the present chairman, will be recommended to the State convention for reappointment, and Edwin Knox was elected secretary and treasurer.

Following the convention a massmeeting was held in the courthouse square, and was addressed by Rev. W. L. White, of Chestertown.

Again has this party acted foolishly. Why not throw their strength to one of the *temperance* men on the other two tickets and perhaps elect their choice!
