Live Local Notes.

JUDGE CROTHERS, the Democratic candidate for Governor, expects to be at Tolchester Fair next Thursday. Supt. Noland has a letter from him to this effect in reply to an invitation from the efficient manager.

GOV. WARFIELD has named Philemon B. Hopper as associate judge to fill the vacancy caused by the resignation of Judge Crothers. It is the duty of every citizen to see that this appointment is confirmed by their votes.

PHILEMON B. HOPPER is said to be the most popular man in Queen Anne's county. He deserves to be so considered. Many times in the past the people would have supported him for exalted positions but he has refused and favored others. Now he consents to accept a nomination for the position of Judge and his special fitness for such a position all admit. In Kent he will get a big vote as his high character and popular personalty is well-known.

THE sales of personalty advertised in the NEWS have been remarkably well attended and fine prices realized. As one gentleman remarked "the NEWS never fails to bring a crowd to a sale." In our columns will be found valuable stock advertised.

THE MORE THE MERRIER.

It is now pretty certain that the following distinguished Maryland Democrats will be before the Democratic "primary" on the fifth of November for United States Senator:

Ex-Governors John Walter Smith and Elihu E. Jachson; Hon. Joshua W. Miles; Gov. Edwin Warfield, Hon. Arthur P. Gorman and Hon. J. F. C. Talbott. Ex-Gov. Frank Brown will not likely be in the field.

The Baltimore Sun well says "With a fair field and no favors, the more aspirants the merrier, and a goodly number will be taken as a healthy indication of party activity." The three first named are Eastern Shoreman, while Gov. Warfield and Senator Gorman are from the same county. Give them all a fair show and keep the field open.

Senator Whyte will not have any opposition for the short term.

Square Dealing Clothiers.—For the next thirty days Moody & Lusby, square dealing clothiers, Chestertown, will offer the balance of their fine and medium lines of well-tailored, superb fitting garments for men, boys and children at their well-known semi-annual reductions. Call and see their rich bargains.

Base Ball at Betterton.—The Betterton team defeated the strong Penn Park team on Wednesday at Betterton by score of 9 to 2. Horsey pitched great ball. The strong Dupont team of Wilmington will play two games at Betterton on Labor day, September 2nd.

Married.—Miss Maude E. Worden, daughter of Mr. and Mrs. Wm. H. Worden, of Chestertown, and Mulford A. Peterson were married Wednesday in Chestertown by Dr. F. T. Little.

Miss Beulah May Spring, of Waverly, and Chester T. Melvin, son of the late Dr. A. D. Melvin, were mrrried in Baltimore Thursday.

School Notes.—Prof. Melvin is progressing finely with the program for Teachers' Institute beginning September 2nd. Dr. H. Wirt Steele, an expert on tuberculosis will address the public in Stam's Hall on Thursday evening and on Tuesday evening Miss Mary Belle Cochran, formerly teacher of elocution at Western Maryland College, will give a recital in the assembly room free of charge, music to be furnished by local talent.

Vacancies exist in two scholarships for State Normal School and one at Md. Institute.

Lewin Burris, son of John D. Burris in Quaker Neck, was awarded scholarship at Washington College by Orphans' Court of Kent county on Tuesday after a competitive examination.

Improving.—Mr. T. H. Topping, the energetic proprietor of the Chestertown Flour Mill, is making a decided improvement at his place. He purposes to fill in the forebay, remove the dwelling back from the road and construct a flume by which to carry the water from the pond to the mill.

Fruit Notes.—Mr. Walter H. Hadaway, of Piney Neck, is one of the fortunate farmers of Kent—he has peaches. He shipped 300 baskets of fruit which cleared him $400. Judge S. Burgess also has a few peaches.

Morris Webb, of near Oakley Station, Sussex county, has a gold mine in peaches this summer. He has already sold from the early varieties in his orchard $500 worth of fruit, and this week he sold the balance of his crop now on the trees, to Harry Viven, of Bridgeville, for $2,000 cash in hand paid.

Peaches at $1.70 per basket are the rule and not the exception this week in Delaware. Charles W. Lord has been selling his peaches this week at Wyoming Station for $1.70, while State Auditor T. C. Roe had sixty baskets of ordinary peaches which brought $66. Harry McDaniel, of Dover, sold twenty-five baskets for $1.50 each. The run of Elbertas, Georgia Belles and favorite Reeves and Mixons Delaware peaches will not be on this year until August 26.

Anthrax.—Sheep have been dropping over and dying on the farm of John Cain in Milford Neck for several days. Mr. Cain immediately employed Dr. Ruhl, a Milford veterinarian, who pronounced the symptons similar to anthrax, the deadly stock disease which the farmer discovers just before he has to bury all his cattle. In order to satisfy the farmers and neighbors, however, Dr. Ruhl sent parts of the bodies to the State laboratory at Newark and received word in reply that the sheep had all died of anthrax. The work of vaccination is now going on industriously in Milford district, employing the veterinarians day and night.

The evening was an ideal one and the programme was pronounced excellent by all present. The Wonderful Sweet Family afforded the audience much laughter and every one of the ladies that took part were at their best and deserve much praise. The water melon drill by eight small boys with their faces black gave much fun to all, also the solos sang by Ethel Robinson and Leslie Schofield. BALTIMORE is waxing earnest in her attempt to regain some of the business of the Eastern Shore shippers who have been drawn to other markets in recent years. She has called on the shippers of this section for assistance, claiming that the success of her campaign would greatly benefit the Eastern Shore.

While the shippers in Kent County have had no serious complaint to register against the transporation service offered them, we feel that we are as much interested as any part of the Peninsula. We would not for an instant attempt to enter into the arguments of some of the questions which have been raised. But we do feel it our duty to call the attention of Baltimore merchants to the fact they are asking Eastern Shore shippers to assist them in a campaign, the success of which would mean that Baltimore would have a monopoly of Eastern Shore business. Our farmers want good transportation facilities to Baltimore, Wilmington, Philadelphia and to all the other markets but they certainly do not wish Baltimore to have a monopoly of their business. It is natural that they should seek the market that pays the best prices, and with only one market available, Baltimore would be able to dictate prices from which there would be no recourse.

Baltimore is asking for Eastern Shore trade. Why not come to us and solicit it as do representatives of other markets? It is safe to say that the buyers from Wilmington and Philadelphia outnumber Baltimore buyers five to one, and yet Baltimore does not come to our doors and ask for the business. Less agitation and more active work in the field would accomplish more for Baltimore.

A Hair Dressing

Nearly every one likes a fine hair dressing. Something to make the hair more manageable; to keep it from being too rough, or from splitting at the ends. Something, too, that will feed the hair at the same time, a regular hair-food. Well-fed hair will be strong, and will remain where it belongs—on the head, not on the comb!
