CURES BLOOD, SKIN DISEASES CANCER, GREATEST BLOOD PURIFIER FREE.

If your blood is impure, thin, diseased, hot or full of humors, if you have blood poison, cancer, carbuncles, eating sores, scrofula, eczema, itching, risings and bumps, scabby, pimply skin, bone pains, catarrh, rheumatism, or any blood or skin disease, take Botanic Blood Balm (B. B. B.) Soon all sores heal, aches and pains stop and the blood is made pure and rich. Druggists or by express $1 per large bottle. Sample free by writing Blood Balm Co., Atlanta, Ga. B.B.B. is especially advised for chronic, deep seated cases, as it cures after all else fails.—1a7*.

HOW TO AVOID APPENDICITIS

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels, and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes.

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system.

NEW YORK FASHIONS.

New Millinery—Mushroom Shapes—In Felt, Satin and Velvet—Trimmings — Colors — Tailor Suits — Coats—Long Cloaks—Plaided And Striped Broadcloths—Plain Broadcloths — New Colors in Dress Materials.

The home milliner has unusual opportunities in the coming season, as many new hats are trimmed throughout by ribbon, or hemmed taffeta, the former often times in large pompons of different colors on a single hat, or the latter in loops, so numerous as to form an entire trimming. The mushroom shape of considerable size comes of felt in white and in every fashionable shade; also in black satin or moire and plain colored velvet. Turbans or toques of taffeta silk are quite novel, and evidently this material will be an important millinery factor.

FLOWERS, WINGS AND FANCY FEATHERS.

These are the trimmings that lead, morning glories in three times the natural size, orchids in undue proportions, and almost always in purple. The beautiful shadings with which Nature endows these flowers, are so well imitated, that the result is really beautiful. Wings are larger than ever and often compose the sole ornamentation of a hat, or are used with marabout and coque plumage. Roses, too, are on a large scale, and on French hats, many colors artistically grouped, produce a mosaic-like effect Ostrich feathers both in hat boas or long plumes are still in accordance with feminine fancy, even though they degenerate into ridiculous extremes. Purple is the foremost millinery color, then green, brown, Copenhagen blue, pink and all the metallic shades.

The above design is by the McCall Company of New York.

THE TAILOR SUIT.

This is always a subject of special interest, and so far devoid of radical changes. The "Prince Chap" coat, the box-coat and a somewhat longer coat, are on trial, and will probably receive a favorable verdict. The plaited skirt is again shown, and the coming Fall and Winter, like the two preceding seasons, promise to be notable for the popularity of colored footwear. Golden Brown Kid Color 21 is the name of the shade that has superseded the more vivid tones with the class of women who like exclusive styles.

STRIPED AND PLAIDED EFFECTS.

Each season there is a demand for fabrics of lighter weight than those of the preceding season, and striped and plaided chiffon broadcloths now supply a serviceable material for the ordinary runabout suit, falling in supple, graceful folds, and combining various dark colors in soft, harmonious blendings. For full dress occasions, receptions, or evening wear, plain broadcloth is the never-to-be-regretted selection. The economy of a broadcloth gown cannot be questioned as it cleans or dyes readily, and trimmings may be changed, practically making it a new dress. Colors this season are wonderfully varied as may be noted by the fact that Lord & Tyler have on view, three hundred different shades. Several new colors have come into vogue this season. Caledonian green, laurel green, bondine, an exquisite blending of the softest shades of brown and yellow, church purple, a novel hue of "crushed strawberry," a lovely soft blue, called Copenhagen blue, and in addition all the browns, navy-blues, white and all the "pastel shades."

VERONA CLARKE.

AN unusual sight in this section was observed this week when B. F. Hamm, of Cowgill's Corner, marketed his wheat crop. He brought a carload at a time by the aid of a twenty horse-power traction engine. The first trip he brought five wagons, 260 bushels, and the next seven wagons were drawn by the engine, 404 bushels. Mr. Hamm has been troubled with anthrax in his stock and although the horses are recovering they are still weak and unable to do any work. Owing to this Mr. Hamm has about concluded not to till his farm in wheat this fall. He will let the land and horses both rest.
