ROCK HALL ITEMS

Just home from taking in the Jamestown Fair. Messrs. L. E. Smith and M. L. Maslin are so full of what they saw and experienced that they do not know when to begin making report. They say it is impossible to give an adequate description, ocular demonstration after several days stay is the only way to get a fair description of the exposition and advise every one who can, to make the trip. Messrs. Smith and Maslin are more than pleased with their trip. The most interesting thing to them was a large wagon, the carrying capacity of which was 350 bushels of corn. Many other things in other lines were just as interesting.

Automobilists are very much in evidence in these parts and are quite an attraction to residents in South Rock Hall and Eastern Neck.

Owing to the Jewish observations of Day of Atonement on next Wednesday the stores of Messrs. Alexander & Son, and M. Kramer will close at sunset Tuesday and reopen at sunset Wednesday.

The first week of the oyster season was the "worst ever." Not more than 25 or 30 tonging crews succeeded in selling any part of their catch. The buyers were forced to return from the city without selling an oyster and bed their jag. A few enterprising men have been buying from a few tongers at 20 cents a bushel and planting them. The business isn't any better at this writing, Thursday, though a few buyers are trying to run small lots at 20 cents a bushel. This is more to accomodate the tongers than otherwise. Immense quantities of oysters are on the bedding grounds. It now looks that a change to cooler weather will set in then, possibly, oystering will brisk up.

While the Hatcherson sale was well attended on Monday the bidding was the most listless ever known at sale of the kind. Capt. Hatcherson, however, succeeded in disposing of considerable of his property before the day closed. Captain and Mrs. Hatcherson moved on Wednesday to the farm tenanted by their son, Bartus. Many here regret their removal from among us. They have been splendid neighbors, Capt. Jim has been a friend to the oystermen in permitting them ingress snd egress in going to and froi n their work which has been the biggest kind of a convenience to them. It is hoped the oystermen will find in Mr. Moore the next tenant as good a friend.

Because of the break down of the ice plant a number of our people were sorely disappointed on Saturday. Extra preparations had been made for Sunday in the culenary line and insufficient ice to insure good keep. The ice man bobbed up again on Monday.

A "heap big time" among Red Men at Rock Hall on Thursday when chiefs of Sitting Bull Tribe received the chiefs of Pottowottomie Tribe 94, of Camden, N. J., after a royal welcome by the members of Sitting Bull Tribe Chiefs, the chiefs of the Pottowottomie assumed the stump and exemplified the Chiefs Degree in ample form which was witnessed by a large crowd of Chiefs and visiting chiefs. The visitors will be here next Great Sun. All brothers and chiefs are requested to be present in the Wigwam.

MANY THANKS

DEAR PATRONS:

The proprietor of "The Ladies' Store" desires to express gratefulness and extend many thanks for the liberal patronage accorded this establishment during the short hour service of the past two months.

We feel very grateful indeed toward the ladies of the Town Improvement Society, who responded so nobly to the call for short hour service and circulated petitions in our behalf and otherwise co-operated with us, thus enabling us to make it possible to close our doors at 7 p. m. and give our clerks the much needed rest during the summer evenings.

It has proven a great benefit and was greatly enjoyed by them and we feel that it in no wise inconvenienced the pubiic.

Again thanking the public we extend a most cordial welcome to call and examine our fall lines, which are complete, and are now on exhibition. We also have on the bargain counters many articles of summer goods at greatly reduced prices.

Summer Goods

We have a few White Suits and Shirt Waists left yet and they must go to make room for the fall ones that are coming in and they go, what is left of them, at unheard of prices. Come early and avoid the rush.

Fall Dress Goods

Our line is now complete in every detail, everything that the most precise lady can wish for—both in cloth and colorings. While black is stronger than usual this season, brown is good, blue is still in demand, fancy check are also very much in evidence and here can be had every shade in brown, and blue and in all prices to suit everybody's pocket book.

Summer Oxfords $2.48

We have just a few Summer Oxfords left in patent leather gun metal, kid and russet that must go as we have not shelf room. They are the $3.50 and $4.00 ones and they go at less than cost, only $2.48; all sizes and withs. —Main Isle.

Millinery Millinery

Our Millinery Department will be completed next week. Our trimmer is in New York and Philadelphia selecting the very latest and newest things to be had. While we did better last season than ever before we are going to double our business this season if a complete stock of goods was ever carried.
