I DIDN'T QUIT . . .
I DIDN'T GET FIRED
But I LOST MY JOB

"I'm not working for my old firm any more. Although I have been with them 15 years I am no good to them if I can't drive — and I have had my license suspended under the new Safety Responsibility Law."

"There is no excuse for it either, because if I had spent a few dollars for an automobile liability policy I would have saved a lot of money and kept my license and my job."

Don't make the mistake of going uninsured under the new Safety Responsibility Law which is soon to take effect. Your right to drive is in danger. Write to us for a printed digest of the Law, or, better still, give us a ring and we will come and explain it to you.

Egg Prices Drop A Cent a Week

Retail price ceilings for top grade eggs, down four cents a dozen since Christmas, will continue to decline at least a cent a week through early March, OPA said.

Lesser price cuts will go into effect each week for other grades, the agency added.

The reductions are provided under OPA's seasonal schedule of egg prices. These prices go up during periods of slack production, reaching their peak in October and continuing at the highest level until the latter par of December. They then decline as eggs become more plentiful.

OPA said th total decrease in retail ceilings for the best eggs, for the period from December 26 thru early March, will amount to about 20 cents a dozen.

LABELS TELL THE STORY

Bargain-bitten shoppers often com plain that they cannot tell what they have bought in the way of clothing until they have tried the garments, and then it is too late to do anything about the selection. According to Miss Helen Shelby, clothing specialist of the University of Maryland, such shoppers need to form the habit of looking for the labels that tell the major facts about bels provide the facts they need in buying.

The campaign promises of clothing labels are sometimes good. Labesl that tell the major facts about a piece of goods or a garment can give the buyer a feeling of certainty that she has what she is paying for in the purchase.

DON'T BE ADVERTISED . . . AS A . . . TAX DELINQUENT

All those who haven't paid their 1945 State, County and School taxes will be advertised in the newspapers as tax delinquents. The law requires the County Treasurer of Queen Anne's County to publish the names of all delinquent taxpayers.

Friday, February 8, 1946

is the deadline, and all taxpayers who have not paid their taxes will be advertised as tax delinquents, and new penalties and interest are added.

No one ever saves money by not paying taxes promptly. Your tax bill grows bigger every day it remains unpaid. If we can help you with information, call on us. We'll co-operate all we can. Remember, it is easier to **keep up** with taxes than **catch up** with them. Try your utmost to prevent being advertised a tax delinquent.
