GRAND

DEMOCRATIC RALLY

CHESTERTOWN, MARYLAND,

Wednesday, Afternoon, Oct. 16,

1907, at 1.30 p. m., at Stam's Hall,

SENATOR ISIDOR RAYNER,
HON. J. W. HERING,
HON. ISAAC L. STRAUS,
HON. C. C. MAGRUDER,

will be present and discuss the issues of the campaign. Every citizen of Maryland is invited to be present. Come hear the reasons why Maryland should have a Democrat as Governor; be represented in the United States Senate by Democrats; have Democrats as Judges of the Circuit Courts; and the county offices filled by Democrats.

EVERYBODY WELCOME.

THE fact that the Republicans did not nominate a candidate for Treasurer against the Democratic candidate is a refutation of any charge of "rake off" that the Republican organ might make. Actions speak louder than words.

THE tickets have been nominated, the fight is on, and now every man who claims to be a Democrat should turn his gun on the enemy. If you are a Democrat prove it by your actions. Vote for the nominees of your party. Support them as you hope to be supported if you should ever be placed on the ticket. You don't know when your time will come. Pay no attention to the blandishments of other candidates who ask you for a personal vote. Republicans and their allies are doing that all over the State. Don't be caught in a trap.

HIGHER AND HIGHER.

When the Republicans got possession of Kent County in 1900 the tax rate was 91 cents, they then began to put it up higher and higher until 1903, the last year they were allowed to remain in power, the tax rate was the enormuos sum of **$1.35** on the $100. The Democrats then came in power and in 1904 put the rate down to $1.30 and have been making it lower and lower until this year it is **$1.12** and if they are retained in power it will be lower next year. What does this prove? Simply that when the Republicans are allowed to manage Kent County affairs taxes go up and when the Democrats manage the county taxes come down. What party do the citizens of Kent prefer?

ROAD WORK.

The Republican organ in its last issue could not swallow the Atwell dose and like the fellow who can't answer a question, says "how is that?" We'll give it to him again. *The minutes show that during Mr. Louis P. Atwell's term as commissioner for Kent County his road workers passed bills for work claimed to have been done in Mr. Atwell's district alone amounting to* **$4,695.97,** during Mr. Atwell's candidacy for re-election! How does this compare with Mr. Dudley's $2.000? Well said, "what's the use of comparisons that do not compare?" They are indeed odious to the Republicans and there are nine of them. *This is simply a sample.*

HON. Lemuel Ely Quigg stands out in the investigation of New York street railway affairs as the coiner of a new phrase—"Accelerator of public opinion." That is to say, for a certain amount of cash in hand paid Mr. Quigg could secure a public meeting in favor of, or in opposition to, any old thing, with ringing resolutions and all the necessary trimmings. If an "upspring of labor" were needed, he could guarantee to have it uprise. Mr. Quigg is a Marylander, but it is proper to note that he left his native State as too tender an age to make his training here responsible for the fruits it has borne in New York. The trend of his development is satisfactory evidence that Maryland was not the loser when he transferred his activities to a larger and more lucrative field.

OLD, OLD, STORY.

Well, the Republican organ keeps up its reputation of *answering its own charges.* One week it says the Treasurers get a "rake-off" from their office, then it follows, *after the* NEWS *exposes the falsehood,* **with this assertion:**

"Now, we do not say that there is anything criminal or "shady" in the procedure; nor do we even suggest censure for the beneficiaries of the practice. We do not affect to judge our fellows in their conception of right and wrong."

An open confession is surely commendable in our cotemporary. It is suggested that possibly Mr. Russell, when reminded that his friend, Mr. Charles S. Smith, and the late Capt. Burchinal, at one time held the office of Treasurer and *followed the correct system inaugurated by the first Treasurer,* felt condemned and *decided to tell the truth!* Did it come hard?

The order from Washington forbidding Federal officials including postmasters, deputies and others from becoming active in politics, does not seem to have any effect in Kent.

THE failure of the Baltimore trust company of which the Galena Bank is a branch strikes many of Kent's best citizens quite heavily, all of whom have the sympathy of the public. It was a case where the local bank puts perfect confidence in a city concern relying upon their ability to manage affairs. It has been proven that Galena citizens can manage a home bank successfully, but, because they were attached to a cankerous body, they become involved.

It is confidently believed that every depositor will be paid in full, but it will be some months before money can be realized on notes, real estate, etc. Stockholders are liable to an amount double their stock, that is, in this case to $40,000.

The three Chestertown institutions went promptly to the aid of the people in Galena and vicinity and are prepared to accommodate the patrons of the closed bank. Any one of the banks in town are doing as much business as the whole five branches of the Farmer's Trust and are as solid as Gibraltar.

DEMOCRATS should take warning on this matter before election day. The fight in Kent this year will be a warm one, and the Republicans are only hoping to elect the legislative ticket. *That is the very part we do not want them to elect. From a Democratic standpoint it is the most vital part of the Democratic ticket. Democrats can less afford to give complimentary votes for these nominations than any other part of the Democratic ticket.*

If we are to elect our Democratic candidate for Governor, and elect two United States Senators, we must have a Democratic Legislature. Besides this there is still another danger: The Legislature elects the State Treasurer, who is a member of the Board of Public Works, which has the giving out of many of the most important offices in the State, and complimentary voting for Republican nominees may have the effect of throwing all these places into the hands of Republicans.

Democrats, stick to your party nominees straight through, and do not be influenced for any reason to scratch a single man on the ticket.
