SATURDAY, OCTOBER 19, 1907.

A VOTE for the Democratic Judicial ticket is a vote to continue an excellent line of jurists and against negro jurors.

IT is said that the best crop of wheat ever raised in Kent was sowed as late as December 1st. Don't get discouraged, farmers, it'll all turn out for the best. Don't worry, but keep at it.

BALTIMORE has had a great celebration this week and scores of Kent countians enjoyed the sights. The weather could not have been better and everything conspired to make "Home Coming" Week a grand success.

MR. URIE'S SCHEME.

The Republican hope and effort in this campaign is to elect one or more of their Legislative candidates and county commissioners. To do this they are appealing to Democrats for *personal votes*. Their candidates for these offices were selected for their personal popularity hoping that some Democrats may be persuaded to cut their tickets and vote for Republican candidates. It is to be hoped that Democrats will not be thus led astray. No doubt there are those who may want to compliment a Republican friend. But no Democrat can afford to vote for a Republican Legislative candidate. You are doing him no good in thus acting, but you are stabbing your party, and that split vote may be the very vote that defeats your own candidate and gives a vote for a Republican United States Senator. You might not object to Mr. Davis being in the State Senate or Messrs. Casey or Rasin going to the House of Delegates, but you well know that in voting for either of these you vote against a Democratic United States Senator. You vote for a Mudd or a Bill Jackson, and certainly every Democrat is opposed to helping such men as these to high official position.

Mr. Slay is a candidate in the interest of his party—not for himself merely—and he deserves the votes of all Democrats. And so with Messrs. Harris and Willis. They are all three men of intelligence and high character and specially fitted for legislative honors. The Democrat who cuts either of them is weakening his party in its most vital part. He is not doing as he would be done by. The Republican hope of electing any one of their candidates is by this system of cutting—deceiving Democrats by appeals for personal favor. Don't do it. Support every Democratic candidate and then your Democracy is untainted. Any Democrat who votes for a Republican this year will regret it. *Go straight always*, then you can face the world with a clear conscience. A single Republican voted for in the place of a Democrat—it makes no difference how much you may like that Republican personally—is a great wrong to your own regularly nominated candidate.

Mr. John D. Urie has full charge of the Republican campaign and his most carefully prepared scheme is to get Democrats to cut their tickets. He is especially desirous of votes for Mr. John Davis and Messrs. Casey and Rasin.

Here is the Republican plan of campaign. Mr. Urie is the father of it. Democrats are to be fooled into voting for one Republican, and thus a Republican vote for Mudd or Jackson may be secured.

The Democratic candidates for county commissioners appeal likewise to every fair-minded Democrat. Don't fail to place the X opposite the names of ALLIE LOUD, HARRY DAVIS and BRAD. DUDLEY. Each one of them has been fairly nominated and has the strongest sort of claim upon every party man. And besides, they are men of strict integrity and can be trusted to administer the county affairs judiciously.

JUDGES Robinson, Wickes, Stump, Pearce, Martin, Brown, Crothers, Adkins, Hopper—a line of excellent jurists from the ranks of the Democratic party. Impartial, honest and able, the affairs of this Circuit have been administered with wisdom and justice. Vote for a continuation of such conditions by voting for Messrs. Adkins and Hopper.

WHAT A CONTRAST?

The Democratic State Convention this year declared for the popular choice of Senators. Perhaps this is the only State convention in Maryland for many years which was sufficiently independent to make such a declaration and it indicates the freedom from boss methods which so long controlled such conventions. What a contrast this is to the Republican convention, dominated by Messrs. Mudd and Jackson! It is now for the people to do their part and take such action as will establish the plan of making popular selection of Senators in this State for all time.

AN order of the Postoffice Department provides for an instant dismissal of postoffice officials who take an active part in politics. Some officials in this section are very active just now and it will go hard with them if they continue to try to run the Republican campaign in Kent. While a Government official they should leave to others the duty of instructors at negro levees and vote manipulations.

JUDGE CROTHERS is improving and expects to be able to sit up today.

THERE is a movement on foot to organize a National Bank at Galena with a capital of $25,000. It has not taken definite form yet.

THE labor problem will be solved in a short time. If the Democrats control the next Legislature an effort will be made to relieve the farmer.

"A STREAM can rise no higher than its source," said Mr. Gaither. "No," replies Mr. O'Dunne, "and in Kent County it is 1600 miles of (black) Mudd and 300 miles clear (whites). How low the source must be?"

THE greatest contest now going on anywhere in this Country is in Delaware. License or no license is the issue. It is a square fight for rum on one side and for better morals on the other. There is no politics in it. Every good citizen should hope that the right will prevail.

DR. JOSHUA W. HERING, candidate for Comptroller, seems to thrive on campaign work. The enthusiasm of the people whom he meets as he travels from county to county, acts as a stimulus and renews his youth. He is one of the most popular men in Maryland and will get his largest majority next month. Even Republicans concede his election and many openly say they will vote for him. He is as popular at home as he is abroad, and his popularity is the deserved result of a long life of honesty, and good works. His record is an honor to his county and State.

JOSEPH E. BOYD'S ACCOUNTS.

The Republican organ could not answer the Atwell vs. Dudley dose last week which showed that while Mr. Dudley spent only $2,000 on roads in his district Mr. Atwell spent **$4,695.97**! But, he answers that *Mr. Vansant* received $835.69! He forgot about his friend Joseph E. Boyd who for the same time received **$851.56**! Nuf sed.
