SATURDAY, OCTOBER 26, 1907.

JUDGE CROTHERS is able to sit up and receive guests.

Judges Adkins and Hopper are men of the highest standing who have made excellent jurists. Vote to continue them on the bench.

"FIRST vote the Democratic ticket; then, leaving the booth, go to the polls where Senatorial primaries are being held, and vote for Senatorial candidate."

A BIG Democratic rally was held in Belair last Wednesday and Ex-Gov. John Walter Smith in a ringing and able speech urged the election of the Democratic ticket and riddled the Republican record. He referred to his Senatorial candidacy but said that was subordinate to the State candidates.

THE Republican organ is horrified at the idea of Democrats studying the ballot and conferring as to how to vote and fold same correctly, *when that editor and others nightly visit the "tabernacle" and spend the evening in that delightful (?) ozone trying to teach the negroes how to defeat the white party of Kent County.*

PUBLIC ROAD EXPENSES.

Some Republicans in order to make capital for Mr. Price, their candidate in the First district, have been reciting the large sums paid to a single Democrat under Mr. Dudley, for road work, ignoring altogether the amount of work done by Mr. Vansant, and the fact that his work may have been greatly to the advantage of the county over the same amount expended in many hands. What does the aggregate in the First district show? How is the comparison with the Democratic board?

Total expenses for roads and bridges.

1903, under Republicans	$6.124 61
1905, under Dudley	4.812 37

Here are two years, the first under control of a Republican board of commissioners and the other the year the Democrats succeeded them in power. This shows an expenditure by the Republicans largely in excess of the Democrats.

If Mr. Price should be elected—and we don't believe such an event the remotest possibility—he would hardly be more economical than Mr. Atwell, and certainly not as much so as Mr. Dudley. So it behooves every Democrat to do all in his power to insure the election of all the Democratic candidates.

In the Second district—

1903, under Mr. Hill	$7,860 60
1905, under Mr. Davis	6,874 61
1906, under Mr. Davis	5,844 19

These figures are in the official records. How do these two Democratic years in the Second district compare with the Republican year? The same candidates in that district are before the people now. Can any Democrat hesitate to vote for Mr. Davis?

Then, look at this:

1903, 3rd district, roads and bridges, under Mr. Perry Rasin, Rep.	$8,482 43
1906, under Democrats	6,154 33

Here is to the advantage of Democratic government in the Third district of over two thousand dollars in one year!

And we believe it is this same good Republican in that district who is now seeking legislative honors.

Then again we found some individual Republican road bills in the commissioners office that we are justified in publishing by the attempt of the Republicans to injure Mr. Dudley by calling attention to Mr. Vansant's bills. Here are a few:

W. H. Ford, in first district, from July 1, 1902, to June 30, 1903, just 1 year	$825 85
Joseph C. File, first district, from July 1, 1903, to Nov. 10, 1903, just one year and three months	950 20
John D. Boyd, first district, for nine months	586 30
Joseph E. Boyd, first district, for fourteen months	709 16

Now how about such "favored sons" as these?

Then here are a couple from Second district:

R. R. Hill, for 13 months, from Aug. 12, 1902, to Nov. 17, 1903	$896 98
R. O. Barroll, col., 14 months in 1902 and 1903	616 15

And from the Third district—

Alex. Mair and Willis & Mair from June 10, 1902, to Aug. 11, 1903	$2,684 75
George W. Cotton, col., from June 3, 1902, to Nov. 24, 1903	519 93

Now how does Mr. Mair's $2684.75 look alongside of Mr. Russell's "mare's nest" found in the First district. His discovery was that one man had bills footing up to over $800. Here we have practically one man with bills amounting to NEARLY THREE THOUSAND DOLLARS!

How is this for favoritism? But it is all right, of course, as *it includes the negroes.*

These are FACTS that can be seen by anyone who will look at the records in the County Commissioners office.

"LOVE'S LABOR LOST."

A circular letter has been issued with a fine picture of Mr. Baker and signed "Joseph Washington Thompson, Rudolph Myers, private secretary," strongly endorsing Mr. B. for Comptroller, Capt. Joe is mailing these circulars to his friends generally. It is not out of place for even a *Pennsylvania* Republican to be advising Maryland Republicans to stick to their candidate, but Capt. Thompson nor any one else has ever yet given a reason why any Democrat should vote for the Republican candidate against such a model man as DR. JOSHUA W. HERING.

HON. JOSHUA W. MILES has withdrawn as a candidate for U. S. Senator. The contest is now between Ex-Gov. John Walter Smith, Gov. Warfield and Congressman Talbott.

HON. ISAAC GIBBS, foreman of the late Kent county Grand Jury, and his associates are entitled to the thanks of all the tax-payers of Kent for the business-like manner in which they quickly performed their duties the past week. In session only two days is a record to be proud of. Thank you gentlemen.

THE comparison between Mr. Dudley's official acts as the Democratic Commissioner, and his predecessor, a Republican, started by the Republican organ has proven odious to the Republicans as we predicted. It now says Mr. Atwell is not a candidate. No, but the party he represents, is up for trial. During his administration the *minutes show that during Mr. Louis P. Atwell's term as commissioner for Kent County his road workers passed bills for work done in Mr. Atwell's district* ALONE *amounting to* $4,695.97, during Mr. Atwell's candidacy for re-election! How does this compare with Mr. Dudley's $2,000, the sum mentioned by the Republican organ!

"A CLEAN SHEET!"

The Republican organ keeps harping on the statement that the Republican board of county commissioners when they left office in 1903, *left a clean sheet.* Clean, indeed! Just about as clean as one would be after taking a bath in that stream of 1600 miles of Mudd and 300 miles of clear water! The books now in the county commissioners' office at Chestertown show that the Republican commissioners left debts amounting to **$48,743.03**, which bills were included in levy of 1904. Is this the *clean* sheet to which the Republican organ refers?

THE LEGISLATURE IS VITAL.

EVERY VOTER in Kent county who casts his ballot for Mr. John Davis, Mr. James Casey or Mr. Perry Rasin votes for Wm. H. Jackson and Sydney Mudd for United States Senator. Just think of it—Jackson and Mudd to take the seats of Wm. Pinkney Whyte and Isidor Rayner! Should not any Democrat hide his face in shame for such an act?

YET, we are told that Mr. Davis expects to get a Democrat here and there to cut Mr. Slay for him through personal friendship. No Democrat should be induced to do this. There is too much at stake. Mr. Davis himself is not really benefitted, but a Republican State Senate is thus voted for, which means United States Senators of that party and Republican legislation all along the line. What Democrat will do this?

IT is said that Mr. Perry Rasin is appealing to friends among the Democrats to cut Harris or Willis and give him a personal vote. Mr. Rasin is popular, and no doubt—like others—has friends in the Democratic ranks, but it is too much to ask one of them to vote for Sydney Mudd or Wm. H. Jackson. Or worse still, to vote for Republican legislation, which they certainly do in voting for Mr. Rasin.

EX-SHERIFF Casey is a very clever gentleman but this should not induce any Democrat to vote for him. And no one will if they stop to think of the effect of such a vote. It is a vote to give the Legislature over to the Republicans, and what devilment may be expected from the Mudd-Jackson crowd the good Lord only knows! Vote the full clean ticket and the State is then sure to be in safe hands. Above all things should Democrats see that Slay, Harris and Willis are elected, and this is sure if Democrats REFUSE to cut.

The Republicans will sacrifice everything for the Legislature and county commissioners. Here is the great fight in this campaign. How unwise then it is for any Democrat to aid any one of the Republican candidates with a single vote. There never was a better reason for voting for the Democratic candidates. Will any one dare say that either of the Republican candidates are superior in any way to the Democratic? We think not.

THE Republicans would test a man's capacity to vote by recognizing on a ballot LINCOLN'S NOSE or the head of a MUSKRAT or a RAZOR.

GAITHER AND THE COLORED VOTER.

George R. Gaither has the following to say in regard to placing colored men on the Republican ticket:

"My position in regard to the policy of putting colored men on the ticket for the Legislature in 1897 was simply this: In 1897 we were engaged in the momentous contest of defeating Senator Gorman for re-election. The colored leaders of Baltimore city, realizing that they had received no appointments whatever from Governor Lowndes, insisted that they should be allowed representation on the Legislative ticket—the right simply to run and take their chances before the voters of the city.

"Under these circumstances I, with other active Republicans, believed that it might be wise to allow such nominations to be be made and give places on the Republican ticket to the colored voter." White voters! What do you think of this? The same *Gaither* who is now up for Governor says *"it might be wise to give place on the Republican ticket to the colored voter!"*
