CORN AND OATS

BERGER & BUTZ'S
EXCELSIOR
SUPER PHOSPHATE OF LIME.
AND
BERGER & BUTZ'S
AMMONIATED
SUPER PHOSPHATE OF
Lime.

WE OFFER to the Farmers of Kent and the adjoining counties these well known Fertilizers for the Spring seeding. BERGER BUTZ'S EXCELSIOR SUPER PHOSPHATE OF LIME has for the last five years undergone the most rigid tests upon all crops and has never been excelled. It not only acts immediately upon the crop, but is certain to produce a heavy growth of grass. BERGER & BUTZ'S AMMONIATED SUPER PHOSPHATE OF LIME we guarantee to be a good article.

We give a certificate from one of the most reliable Farmers in New Jersey, showing the effect upon Wheat, Oats and Corn.

Hopewell Township, Cumberland Co., N. J., August 7th, 1860.

MESSRS. BERGER & BUTZ:

I have now used your Super Phosphate of Lime for two seasons. Last Fall I used it upon part of my Wheat, which has turned out as well as where I manured with good barn-yard manure.

This last Spring I put in my oats with it; the oats were sown upon poor ground, still the yield was most excellent, far better than I had any reason to expect.

I also used it upon Corn alongside of another well known Fertilizer. The drought has been very severe this Summer, and the corn is therefore backward, still your Phosphate has done very much better than the other, and does not seem to have suffered so much from the drought. I consider your Super-Phosphate of Lime not only a good manure, but better than any other Fertilizer I ever used.

Yours, respectfully,
ROBERT JONES.

We will say to Farmers and Dealers in Fertilizers, that by the introduction of

NEW AND IMPROVED MACHINERY

into our Factory, our articles will be much better prepared than heretofore,

AND IF IT IS NOT FOUND TO BE IN EVERY WAY EQUAL TO THE ORIGINAL STANDARD, WE WILL NOT DEMAND ONE DOLLAR FOR OUR ARTICLES.

BOOT AND SHOE ESTABLISHMENT,

BOOTS AND SHOES.

In soliciting the patronage of the inhabitants of Baltimore, in the above business, asks to invite their attention to a few plain facts in connection with the art of Boot and Shoe making, and particularly to the fitting of the same. Being fully convinced that the pain and inconvenience under which so many persons suffer arises from unequal pressure on certain portions of the foot, which causes corns, bunions, and other unnatural formations of the foot, may be removed with due attention to the formation of the foot or shoe.

S. P. RHODES
guarantees
A GOOD AND EASY FIT.

Each article being made under own superintendence. It is an indisputable fact that corns and bunions are [illegible] by unequal pressure [illegible] boot or shoe, the [illegible] cording to the pain [illegible] the foot [illegible] the weight of the body [illegible] there must of necessity be an unequal pressure, which, with the [illegible] joints by walking, irritates and produces those affections. Hence, it is [illegible] boots or shoes not fitting the foot properly a defect solely to be attributed to the manufacturer, who may be [illegible] knowledge of his business, cost the consumer so many to suffer from the ignorance of the few, both in health and wealth; in the former instance by the pain occasioned by corns, &c., and in the latter by compelling persons to cut their boots and shoes to give ease, or sacrifice such articles before they are half worn out, and inflicting grievous wrong upon the public at large, in regard to that essential point—the properly fitting of the foot.

Boot making ought to be regarded as an important science, although it is generally considered as a very simple business. This arises from the great number of boot and shoe sellers, not manufacturers, many of whom are not in the slightest degree acquainted with the making of either; and many of the articles sold by such persons are frequently made from one last, as if all person's feet were precisely the same shape, a thing as utterly impossible as it is to see two persons with precisely the same features. The fact is, they are made for sale, and the comfort of the purchaser is not in the slightest degree attended to, while the material is frequently the very worst, the workmanship inferior, cheapness being the only point considered; but it can not be so in my dearest. S. P. Rhodes will not adopt that course, and assures those who favor him with a trial, that the article shall be manufactured of the best material, and best workmanship, and the [illegible] operative prices.

I have now on hand [illegible] GENT'S BOOTS, SHOES AND GAITERS.

I take the draft of your foot, so the boot or shoe is shaped to it. Corns cut, and all other imperfections of the feet attended to, without causing the slightest pain.—Persons waited on at their own houses.

Remember the old stand,
No. 150 WEST PRATT STREET.
S. P. RHODES
successor to the late Henry Pack, who successfully carried on the above business for over fifty years. All measures, books and lasts kept, and I hope the old customers and the public in general will give me a trial.
