Rhodes.
Successor to the late H. Peck,
BOOT AND SHOE ESTABLISHMENT,
No. 159 Pratt street, Baltimore.

BOOTS AND SHOES.

In soliciting the patronage of the inhabitants of Baltimore, in the above business, asks to invite their attention to a few plain facts in connection with the art of Boot and Shoe making, and particularly to the fitting of the same. Being fully convinced that the pain and inconvenience under which so many persons suffer arises from unequal pressure on certain portions of the feet, which causes corns, bunions, and other unnatural formations of the foot, may be removed with due attention to the formation of the boot or shoe.

S. P. RHODES
guarantees
A GOOD AND EASY FIT.

Each article being made under my own supervisionce. It is an indisputable fact that corns and bunions are caused by unequal pressure on the foot; if the boot or shoe, therefore, be not formed according to the position of the foot when the weight of the body presses upon it, there must of necessity be an unequal pressure, which, with the friction occasioned by walking, initates and produces those afflictions. Hence, it is from the boots or shoes not fitting the foot properly a defect solely to be attributed to the manufacturer, who may not possess sufficient knowledge of his business, that has caused so many to suffer from the ignorance of the few, both in health and wealth; in the former instance by the pain occasioned by corns, &c., and in the latter by compelling persons to cut their boots and shoes to give ease, or sacrifice such articles before they are half worn out, and inflicting grievous wrong upon the public at large, in regard to that essential point—the properly fitting of the foot.

Boot making ought to be regarded as an important science, although it is generally considered as a very simple business. This arises from the great number of boot and shoe sellers, not manufacturers, many of whom are not in the slightest degree acquainted with the making of either; and many of the articles sold by such persons are frequently made from the one last, as if all person's feet were precisely the same shape, a thing as utterly impossible as it is to see two persons with precisely the same features. The fact, is they are made for sale, and the comfort of the purchaser is not in the slightest degree attended to, while the material is frequently the very worst, the workmanship inferior, cheapness being the only point considered; but it often turns out the dearest. S. P. Rhodes will not adopt that course and assures those who favor him with a trial, that the article shall be manufactured of the best material, and best workmanship, and the lowest remunerative prices.

I have now on hand a fine lot of
GENT'S BOOTS, SHOES AND GAITERS.

I take the draft of your foot, so the boot or shoe is shaped to it. Corns cut, and all other imperfections of the feet attended to, without causing the slightest pain.—Persons waited on at their own houses.

Remember the old stand,
No. 159 WEST PRATT STREET.
S. P. RHODES
successor to the late HENRY PECK,
who successfully carried on the above business for over fifty years. All measures, books, and lasts kept, and I hope the old customers and the public in general will give me a trial.

FOUTZ'S
CELEBRATED
Horse and Cattle Powders.

These Powders will strengthen the Stomach and Intestines, cleanse them from offensive matter, and bring them to a healthy state. They are a sure preventive of Lung Fever, and a certain remedy for all Diseases incident to the Horse, such as Glanders, Yellow Water, Distemper, Founder, Heaves, Slavering, Coughs, Fevers, Loss of Appetite and Vital Energy, &c.

In poor, low-spirited animals, it has the most beneficial effect.

The use of them improves the wind, strengthens the Appetite, and gives to the Horse a fine, smooth and glossy skin—thus improving the appearance, vigor and spirit of this noble animal.

FOR MILCH COWS.

The property this Powder possesses in increasing the quantity of Milk in Cows, gives it an importance and value which should place it in the hands of every person keeping a Cow. By actual experiment it has proven that it will increase the quantity of Milk and Cream twenty per cent, and make the Butter firm and sweet. In fattening Cattle, it gives them an appetite, loosens their hide and makes them thrive much faster.

HOGS.

In all Diseases of the Swine, such as Cough, Ulcers in the Lungs, Liver, &c. By putting from half a paper to a paper of these Powders to a barrel of Swill, the above Diseases can be cured or entirely prevented. By using these Powders the Hog Cholera can be prevented.

Price 25 cts. per Paper, or 5 Papers for $1.

SHRINER'S BALSAMIC COUGH SYRUP.

For Coughs, Colds, Croup, Whooping Cough, Asthma, Bronchitis, Spitting of Blood, Pain and Weakness of the Breast, Difficulty of Breathing, &c.

This Syrup is a purely VEGETABLE COMPOUND. It is pleasant to take, and never does injury; but owing to its purifying qualities, must do good under any circumstances. Its effect is truly wonderful—soothing, calming, and allaying the most violent Coughs; Purifying, Strengthening and Invigorating the whole System; calming and soothing the nervous feeling and facilitating Expectoration, and healing the Diseased Lungs, thus striking at the root of Disease, and driving it from the system.

CROUP.

No child need die of Croup, if this Syrup is properly used and used in time. Mothers having croupy children should watch the first show of the Disease, and always keep this Remedy at hand.

For Coughs and Measels, this Syrup is most excellent. Experience has proven that it is equalled by no other Preparation.

Price 50 cents per Bottle.

Prepared by S. A. FOUTZ & BRO. at their Wholesale Drug and Medicine Depot, No. 116 Franklin St., Baltimore, Md. For sale by JOHN L. STAM, and SIMON WICKES, Chestertown, Md., And Druggists and Storekeepers throughout the United States.

FOUTZS' MIXTURE,
The Best Liniment for Man and Beast Now in Use.

This is a safe and reliable Remedy for the cure of Rheumatism, Painful Nervous Affections, Sprains, Burns, Scaldings, and all Diseases requiring an external application on Man.

On Horses it will never fail to cure Poll Evil, Fistula, Old Running Sores, or Sweeny, if properly applied. For Sprains, Bruises, Scratches, Cracked Hoofs, Chafes, Saddle or Collar Galls, Cuts or Wounds, it is an infallible Remedy. Try it, and be convinced of its efficacy.

RHEUMATISM.

Persons afflicted with this Disease, no matter of how long standing can be promptly and effectually cured by using this Mixture. There is nothing in the world so sure and so good to take away bad Corns and cure Frost Bites, as this Preparation. Try it and satisfy yourselves.

Price 35 and 75 cents a Bottle.

THE
SCIENTIFIC AMERICAN
FOR 1865!
VOLUME X.—NEW SERIES.

ONE NEW Volume of this popular Journal commenced on the first of January. It is published WEEKLY, and every number contains sixteen pages of useful information, and from five to ten original engravings of new inventions and discoveries, all of which are prepared expressly for its columns.

TO THE MECHANIC AND MANUFACTURER.

No person engaged in any of the mechanical or manufacturing pursuits should think of doing without the SCIENTIFIC AMERICAN. It costs but six cents per week; every number contains from six to ten engravings of new machines and inventions, which can not be found in any other publication.

TO THE INVENTOR.

The 'Scientific American' is indispensable to every inventor, as it not only contains illustrated descriptions of nearly all the best inventions as they come out, but each number contains an Official List of the claims of all the Patents issued from the United States Patent Office during the week previous, thus giving a correct history of the progress of inventions in this country. We are also receiving, every week, the best scientific journals of Great Britain, France, and Germany; thus placing in our possession all that is transpiring in mechanical science and art in these old countries. We shall continue to transfer to our columns copious extracts from these journals of whatever we may deem of interest to our readers.

A pamphlet of instruction as to the best mode of obtaining Letters Patent on new inventions, is furnished free on application.

Messrs. MUNN & CO. have acted as Patent Solicitors for more than SEVENTEEN years, in connection with the publication of the Scientific American, and they refer to 20,000 patentees for whom they have done business.

No charge is made for examining sketches and models of new inventions and for advising inventors as to their patentability.

Chemists, Architects, Millwrights and Farmers.

The Scientific American will be found a most useful journal to them. All the new discoveries in the science of chemistry, are given in its columns, and the interests of the architect and carpenter are not overlooked; all the new inventions and discoveries appertaining to these pursuits being published from week to week. Useful and practical information pertaining to the interests of millwrights and mill owners will be found in the Scientific American, which information they can not possibly obtain from any other source. Subjects in which farmers are interested will be found discussed in the Scientific American; most of the improvements in agricultural implements being illustrated in its columns.

TERMS.

To mail subscribers:—Three Dollars a year or One Dollar for four months. The volumes commence on the first of January and July. Specimen copies will be sent gratis to any part of the country.
