ADVOCATE next week.

An Apology.

Our readers will please excuse the defects of this issue. During the present and past week, the Editor suffered much with an attack of acute rheumatism and consequently the correction of the proof was imperfectly done.

Beef.

Our enterprizing butchers, R. S. Usilton and James Brice have slaughtered two noble steers for the morrow's market.

Fire.

The Harness shop of Mr. John F. Heward narrowly escaped a conflagration last Monday. The fire was discovered by Oscar Willing and extinguished.

Music.

The choir of the M. E. Church of Chestertown won for itself the encomiums of the community during the Conference. With its present members, it will sustain its reputation.

Dog Case.

Last Monday the 25 h inst., Mr. Wm. B. Harboard recovered before John Evan Thomas, Esq., Justice of the Peace, the sum of fifty dollars, from Mr. Chas. W. Geckie, as damages for killing a dog.

Steamboat.

The traveling public will be gratified to read the advertisement in another column of the Chester River Steamboat Company. This Company seems determined and able to gratify every reasonable demand of the convenience of the public.

White-washing.

The people of Kent county are notified that if they desire to do good white washing MING has the material. No need to go before a Congressional Committee, at Washington.

Temperance.

The celebrated temperance orator, Col. J. F. Hoy will visit Chestertown tomorrow and deliver a course of lectures commencing to-morrow evening, in the Town Hall at 8 o'clock.

We predict for him a cordial welcome and full houses.

Dramatic.

The New York Opera House Company performed Uncle Tom's Cabin, in the Town Hall, to a full house, last Tuesday evening. This troop is vastly superior to the average players who stroll this way. There was nothing in their performance offensive to good taste and manners. In consequence of which, their audience was much pleased and the rowdyism of the rough element was not aroused. When the Company come again it will be well received in Chestertown.

Orphans' Court.

Present: Judges Nicholson, Shercross and Wilson.

F. H. Hynson, admr. of Wm. Chambers, returned an inventory of the personal estate of said deceased.

Perry W. Middleton, admr. of Joseph Middleton, returned his second and final administration account.

Wm. G. True, guardian to Wm. T. Brown and others, returned his guardian account for 1877.

J. and M. Vansant, acting guardian to Mollie V. Vansant and others, returned their guardian accounts for 1877.

The children of Edward A. Cochran to Wm. J. Wilson, was filed.

General E. B. Tyler, Professor at Baltimore, Md. says: "I have received Keller's Rheumatic Liniment for Rheumatic pains and it has acted like a charm. Several of the employes of this office have also been using it with remarkable success, and I do not hesitate to recommend it in strong terms as a remedy."

Persons having business in the Department of Justice can secure their interests by communicating with Presley and Green, Attorneys and Solicitors, 509 Seventh Street, Washington, D. C. They have had years of experience and a large and successful practice. They attend to cancellation of land entries; obtain patents and trade-marks for inventors; procure land patents; perfect land titles; prosecute claims for infringement in patent cases; secure pensions and soldiers' bounty lands; prosecute claims for Indian, Mexican or other depredations; settle accounts of postmasters and contractors, and attend to war claims or other business. All letters will be promptly answered.

THE wife of Mr. James E. Adams, of Baltimore, for a long time suffered with a peculiar affection of the stomach, until relieved by Keller's Vegetable Life Drops.

A MOVING TOWN.

THE GROUND UNDER VIRGINIA CITY, NEVADA, GRADUALLY CHANGING.

[From the Virginia City Enterprise.]

Our town is very quietly and very slowly moving to the southward down the face of the mountain. This is owing to the settling of the ground over the bonanza mines. As all the town is going together it is not much noticed on the surface, where no cracks are seen. The water and gas companies are better acquainted with the movements taking place in the ground forming the site of the town than most others, as the instability of the earth tells upon their pipes. On B and C streets, north of the Union, the ground is moving both north and east. A water main, running north and south, laid a few days ago at the corner of B street and Sutton avenue, was found to be telescoped to the distance of over a foot and, besides had in it a great kink, which made it necessary to take out a piece nearly two feet in length. About the Consolidated Virginia pan mill the pipes are crowding in from both east and west; at least, owing to the settling of the ground in that neighborhood, there seems to be two movements. Although there are as yet no cracks in the central part of the town there is a large one to the westward. It begins at Cedar ravine, runs south to near the large water tank on the Ophir, on the hill west of town, then turns east for a considerable distance, when it takes its course southward westward of steward street, and finally joins the old crevice below the Gould and Curry croppings. Towards the north this crevice is about eight inches in width, and the ground on the east side of it is about three feet lower than on the west side. Capt. Overton, of the Water Company, whose opportunities for observing these movements are unsurpassed, says that as the ground settles over the bonanzas that on the slope of the mountain, where it is not much undermined, gradually moves down. He the International Hotel has moved east about five inches since it was built. It such is the case all the buildings in that part of the town, with the ground on which they stand, must have moved the same distance, as no cracks are to be seen in the earth. As we are now travelling, however, it will be a long time before we reach the Sugar Loaf.

PAYING GRANT'S EXPENSES—A QUEER STORY.

From the Capital.

A strange fact has leaked out here within the last few days, and that is that Joseph Joseph Seligman, the New York banker, is paying ex-President Grants in Europe. The solution of the mystery is that a number of capitalists, principally Jews, have Grant in training for the next Presidential contest, and it was thought wise to not only to get him out of the country, but to secure for him enough attention abroad to keep him before the people at home.

☞ "Pa, what is a Legislature?"

"A Legislature, my son, is a body elected by the sovereign people."

"But what is a Legislature for, pa?"

"Oh, my boy, it's to kill time—only to kill time."

☞ "P, is Pennsylvania the father of all the other States?"

"Certainly not, my child; why do you ask that question?"

"Because I see all the papers call it Pa."

MANHOOD: How Lost, How Restored

Just published, a new edition of DR. CULVERWELL'S CELEBRATED ESSAY on the *radical cure* (without medicine) of Spermatorrhœa or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also Consumption, Epilepsy and Fits, induced by self-indulgence or sexual extravagance, &c.

☞ Price, in a sealed envelope, only six cents.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer no matter what his condition may be may cure himself cheaply, privately, and *radically.*

☞ This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, *post-paid*, on receipt of six cents or two postage stamps.
