"DR. C. W. BENSON, a practicing physician, at 106 N. Eutaw St., Baltimore, Md. ## PROF. W. PAINE, M. M. D.,

The author of numerous works on medicine, and a teacher of more than thirty years in all departments of medicine and surgery, observing that nearly all the information of a medical character designed for the people, emanated from charlatans or medical mountebanks, has determined upon introducing the results of his

**SCIENTIFIC INVESTIGATIONS AND DISCOVERIES**

DIRECTLY TO THE AFFLICTED, so that all may receive the benefits of a long and arduous life of medical and surgical research and triumphant discoveries. The result of his researches is that Ozone is the

that prevents decay, fermentation and disease of all organic structures; that the atmosphere is pure and healthy only when ...

**CHARGED WITH OZONE;**

that its absence generates disease; that salt preserves meat when ozonized, and when the Ozone is removed the meat decays; that when the body is properly charged with Ozone,

and that its absence gives rise to almost every conceivable malady, such as CATRRH, CONSUMPTION, DYSPEPSIA, KIDNEY DISEASE, SKIN AFFECTIONS, NERVOUS DEBILITY, NEURALGIA, ALL FORMS OF FEVERS, RHEUMATISM, DIPHTHERIE, CANCER, and the growth of PARASITES.

The parasites, or microscopic germs, that creates disease, exist in the air, water and food, as well as in all portions of the body, but they are prevented from affecting the healthy tissues as long as the

The Doctor has discovered a method of producing Ozone both a POWDER AND LIQUID FORM.

OR CATARRH VAPOR, when inhaled or take into the stomach, antagonizes EVERY FORM OF DISEASE, PURIFIES THE BLOOD, and almost immediately RESTORES THE PATIENT TO HALTH. It is perfectly innocent, and may be used with the greatest freedom by every one. It is put up, WITH FULL DIRECTIONS, in four ounce bottles at 50 cents, and eight ounce bottles, $1.

He also has prepared a pill, the

that is highly ozonized, so that, while it purges the Liver, it disinfects the body and kills the germs of disease. 25 cents a box. The

leaving the system free from disease. $1 per box.

The Professor has also fitted up a large and elegant HOTEL, THE PEABODY, NINTH ST., BELOW WALNUT, PHILADELPHIA, in which he has private consulting offices, and where he receives patients FROM ALL PARTS OF THE WORLD, and cures thousands of cases of Catarrh, Consumption, Cancer, etc., that NO OTHER TREATMENT CAN REACH. While the lessons of the past should be constantly kept before the people, The Sun does not propose to make itself in 1879 a magazine of ancient history. It is printed for the men and women of to-day, whose concern is chiefly with the affairs of to-day. It has both the disposition and the ability to afford its readers the promptest, fullest, and most accurate intelligence of whatever in the wide world is worth attention. To this end the resources belonging to well-established prosperity will be liberally employed.

The present disjointed condition of parties in this country, and the uncertainty of the future, lend an extraordinary significance to the events of the coming year. The discussions of the press, the debates and acts of Congress, and the movements of the leaders in every section of the Republic will have a direct bearing on the Presidential election of 1880—an event which must be regarded with the most anxious interest by every patriotic American, whatever his political ideas or allegiance. To this element of interest may be added the probability that the Democrats will control both houses of Congress, the increasing feebleness of the fraudulent Administration, and the spread and strength ing everywhere of a healthly abhorrence of fr... in any form. ## THE GAZETTE FOR 1879.

*The Baltimore Gazette* is a daily newspaper which appeals to the public solely on its merits as a journal of the day. It is a compendium of news at home and abroad, each event being written, prepared and edited according to its relative importance. Not a line appears in *The Gazette* which is not useful or instructive. It essays to give the news in a nutshell and at a price in keeping with the economical demands of the times.

*The Gazette* has opinions and it expresses them daily in terse and pointed English. It is thoroughly Democratic in principles and tendencies, but independent of all corrupt rings; cliques or factious Oligarchies. *The Gazette* believes that the principles of the Democratic party should prevail. To that end it will labor to place the Democratic party in power and thereby bring about a much-needed change in the administration of the Government. In Municipal, State, and National politics *The Gazette* will lend its aid to the representatives of Democratic principles. A great struggle for political mastery is coming on. In '80 comes another battle for the Presidency will be fought. The importance of such a newspaper as *The Gazette* in educating, organizing and preparing the people for this contest cannot be over-estimated. The News, Editorial, and Local features of *The Gazette* will be thoroughly maintained and improved during the year. The department of Foreign Correspondence has attained a standard unequaled in Baltimore journalism, and as a whole there is no daily journal in the country which contains so many valuable features furnished at such popular prices.

*The Baltimore Weekly Gazette* is a folio journal same size as the Daily, which contains every week an epitome of Home and Foreign News, Charming Stories, Interesting Miscellany, Complete Market Reports, Commercial Correspondence, Editorials and Family Reading, all selected with care and with especial reference to the needs of people who are unable by reason of location or circumstances to take a daily paper.

*The Baltimore Daily Gazette is furnished at $6 per year to mail subscribers, postage included. It is delivered by carriers at 12 cents per week and is sold in single copies for 2 cents.*
