J. D. LUCAS.

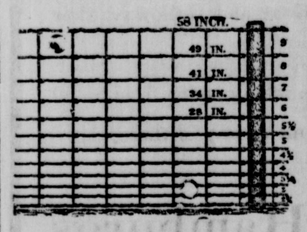
THE OLD RELIABLE

American

WOVEN WIRE

Fence

THE HINGE JOINT—Makes it possible for the fence to withstand sudden and severe pressure from contact with animals or otherwise, without bending the stays, the fence springing back to place the instant pressure is removed. It constitutes the most secure, lasting and efficient lock and without waste of material. Has broad surface connection with horizontal bars, which connection makes sidewise slipping of the stays next to impossible. Very materially aides adjustability, the fence readily conforming to the ground surface regardless of grade.



Tension curves are placed six inches apart in all horizontal bars, adding largely to the natural elasticity of the steel. Rendering the fence self-adjusting under varying conditions, such as contraction and expansion due to changes of temperature, hot and cold weather, climbing, sudden pressure and other strains.

Years of experience in the manufacture of American fence, attended with enormous sales, have demonstrated beyond question that we have this problem figured right and that the tension curve, with the hinge joint feature, keeps the fence right under all circumstances, every day of the year, and as long as the posts stand in position.

We can accommodate you with Field, Garden or Poultry Fence in many styles. Also, barb and smooth galvanized wire. We carry the largest stock of fence in the county.

CAPT. ASHLEY MAKES A HAUL.

Capt. Ashley and crew, of the police schooner Ann B. Smith, made another big haul last week. He arrested four Captains and crews for having small oysters. Three of the Captains were from Queen Anne's and one from Virginia. The Queen Anne's Captains were fined $10.00 by Justice Goldsboro, of Queenstown, and the Virginia Captain was fined $50.00 and costs by Justice Wilkins, of Rock Hall. They were arrested near Carpenter's Island. Captain Ashley deserves special credit for his vigilance in strictly enforcing the cull law as it is the salvation of the oyster beds and every oysterman should cooperate with him in enforcing it to the letter. The dredging season has ended.

Divorced.—On March 13th, Mrs. Anna Fallowfield, through her solicitor, Sidney P. Townshend, Esq., filed a petition in the Circuit Court for Kent county asking for a divorce, a vinculo matrimonii from her husband, Harry W. Fallowfield, and on March 23rd, 1908, the decree was obtained. Mrs. Fallowfield will now resume her maiden name, Anna Brock.

Will Move to Kent.—We are glad to announce that Mr. and Mrs. H. Stockton Startt and family will remove from Baltimore to Kent next Thursday. They will live for the present in the old Prof. John Copper home near Fancy school. A new home will be erected on a site between the Copper home and Fancy school on the Lusby farm, now owned by Mr. J. Walter Skirven. The plans for the house have been drawn and from them it is anticipated that the building will be a beauty. Mr. and Mrs. Startt will receive a warm welcome from their numerous friends in Kent. Mr. Startt for several years has been a valued employee of I. Hamberger & Sons, Baltimore, and they are loath to part with him.

Feasted at Dover.—Supt. Frank V. Simpers, of the Prudential Insurance Co. gave a splendid dinner to his assistants of the Dover district on Saturday last at Hotel Richardson, Dover, Del. Mr. George French, assistant superintendent in this territory was among those present. Mr. Simpers says The Prudential Company has made a most enviable record in paying off claims at the terrible Boyertown, Pa., and Colinwood, O., horrors. From the former fire they have paid 70 industrial policies and 4 ordinary.

THE Green Spring Valley Hunters left here last Saturday afternoon highly pleased with their visit here. The hunt Saturday was a glorious one and the hounds were followed by a large company. The hounds of Messrs. Geo. Brice, Joseph Everett and others were more than a match for the visitors and did fine work. The visitors were enthusiastic in their appreciation of the hospitable manner in which they were treated and said they would surely return next year.
