SATURDAY, MARCH 28, 1908.

—It is no longer OUR rule, but a United States law, that a subscription a year in arrears must be discontinued, or the publisher pays 1c a copy postage. We notify every subscriber BEFORE discontinuing, and once afterwards, if necessary.

APPRECIATED.—We desire to express our appreciation of the renewals received and express the hope that all others will respond during the month and perpetuate the pleasant relations that have always existed between the publishers of the NEWS and its patrons and readers.

THE Maryland Legislature will adjourn at midnight Monday.

The Good Roads Bill is now a realty and Gov. Crothers can be depended on to select a commission who will put same in successful operation.

MARYLAND DAY was celebrated by the public schools of Kent on Wednesday last. The old Stats was 274 years old on that day.

THE entire Peninsula, with the exception of New Castle county, Del., is now "dry." The last "wet" section, Worcester county, went "dry" Saturday at a special election by an overwhelming majority of 2,055.

KENT'S Senator and Representatives have faithfully represented the people and return home with the happy consciousness of having done their whole duty. The bills affecting the county have been earnestly pushed through while measures of public interest have received their votes. "Well done, good and faithful servants."

ON the 2nd page of the NEWS is a brief history of the Tolchester Steamboat Company and its founder, manager and successful president. The achievements of Captain William C. Eliason read like a romance, but it only shows what a young man can do who has an aim in life and honestly, persistently and courageously works to attain it.

SENATOR JOHN WALTER SMITH.

The Maryland Legislature on Wednesday elected by the unanimous vote of the Democratic members Hon. John Walter Smith to fill the vacancy caused by the death of Senator Whyte, and the U. S. Senate on Thursday seated the new Senator after a two hours' discussion in which Senator Rayner carried off the honors. Senator Smith enters at once upon his duties which will make him a term of seven years instead of six.

Maryland Democrats feel a just pride in thus seeing Ex-Governor Smith elevated to a position he so justly deserves.

JOHN P. AHERN, ESQ., of Millington, took the oath of office on Tuesday last as School Commissioner of Kent county. He is now filling out the unexpired term of Dr. W. Frank Hines, who resigned. The county is fortunate in getting such a man as Mr. Ahern to accept office of commissioner.

GOOD FRUIT PROSPECT.

At this early stage the fruit growers of Kent and Queen Anne's say there is an excellent prospect for fruit. The peach trees have not shown much sign of life and have gone through the winter in fine shape.

A contest has begun between the farmers and fruitgrowers for the Pennsylvania Railroad Company to shelve cars again this year, although the company has not done so for some time. The company, in turn, has positively refused. Then the growers, in order to be able to put two peach baskets in a special crate made to hold them, describe a decrease in freight rates proportionate to the cost of shelving the cars by the railroad company.

Caroline fruit growers expect the most prosperous season for years. A big crop of peaches is thought to be favorable at this time.

Galena Bank.—We learn from indisputable authority that the Court auditors are working on the accounts of The Farmers' Trust, Banking & Deposit Co., of which the Galena Bank was a branch. This work is very tedious; there is naturally a great deal of other Court auditing to be done and the auditors cannot give their entire time to the Trust Company's business. A distribution will probably be made to all depositors in the near future.

Merchandise Stock Purchased.— Pierce & Bolton, of Galena, have purchased the stock of goods of Mr. C. E. Lane and will add it to their stock at once. They will offer bargains to intending purchasers of this class of goods.

TOWN COMMISSIONER.

The Enterprise endorses Mr. Wm. S. Carroll for town commissioner to succeed himself, as his term of office expires with the next election. Mr. Carroll is a Republican in turn, according to custom, that party is entitled to fill the vacancy. We have heard of no other candidate.

Mr. Carroll's faithful performance of the responsible duties devolving upon him, entitle him to a unanimous re-election if he will serve another term.

LOCAL POLITICS.

Colonel W. J. Vannort and Mr. D. B. McMenamin "Lock Horns."

There is nothing whatever in the line of local politics in Democratic ranks. The matter of Presidential favorites seem to be giving no concern to any one. All the leaders, and the rank and file as well, are inclined to "await developments." Not so, however, with the Republicans. A breezy conflict is raging in the ranks of both leaders and followers as to who shall carry off the honors of President making.

The fight for delegate from the First Congressional district is now fully on. Kent expects to get one of these plums and there are two active aspirants for the honor. The first in the field was Colonel Wm. J. Vannort who is widely known as a member of the Grand Army and frequently represents his party in State conventions. He had the distinguished honor of being the Republican candidate for Governor of the State when "Farmer" Frank Brown ran on the Democratic ticket.

The Colonel got the first innings by organizing a Taft club and accepting the presidency of the same. He therefore expects to have the advantage of the popular sentiment for Taft and the hope of getting on the winning side. He has the active backing of Counselor Townshend and other leaders.

Col. Vannort's opponent is Mr. David B. McMenamin, the well-known fourth district leader. He seems to have the backing of very influential elements in the party in other districts as well as Chestertown. J. D. Urie, Esq., L. B. Russell, Ex-Senator Baker, Messrs. John C. Davis, W. H. Lambert and others, it is said, will favor the McMenamin ticket, not so much to oppose the supposed "coming man," Taft, as it is to keep hold of the reins of party management. Mr. Wilbur Eliason has kept out of the fight so far but may yet be drawn into it.

THE case of O'Reardon vs. C. O. Burns was taken up by the Court on Monday last but Mr. O'Reardon sent a doctor's certificate that he was unable to be present. The case goes over until the regular term of the Court in April for further action. It is stated that the attachment will be dissolved.

EDISON

PHONOGRAPHS

The greatest of all entertainments is the Edison Phonograph.

If you should spend all your money in going to concerts and theatres and vaudeville shows, you could not buy as much music as you can buy with a small part of the same money invested in an Edison Phonograph and Edison Gold Moulded Records.

This Phonograph is the work of Thomas Alva Edison, the great inventor. It reproduces music and ether sounds more clearly and more perfectly than any mechanical device ever made. You may hear the songs of great singers, the music of great orchestras, the speeches of great speakers.

You can reproduce the latest vaudeville hit, the popular songs that everyone is whistling, or the star part of a star opera singer, in your own home, to a circle of your own friends. The cost is less per week than the price of a cheap theatre ticket.

An Edison Phonograph is especially needed in homes away from the large cities It is the ideal amusement for the farm.

Call and here them free; sold on easy weekly or monthly payments.

IN MEMORIAM.

CAPTAIN JAMES HYLAND THOMPSON.
Born December 19th, 1813, died March 21st, 1908.

Oh! death that calls back earth to earth.
And takes from us the loved ones.
Is but a scepter of our worth,
To reap reward in Heavenly homes.
We know not why our broken hearts,
Always relents its silent end,
But to forstall the wounded parts,
That Heaven taketh home to mend.

From a little boy who from unforseen and oppressive circumstances started in this world without the privilege of education, and simple guidance, with position so remote in his younger days, that teaching had very little acknowledgment, and promotion no opportunity, thus began the life of my dear father. Youth opened up a way only to be mistreated from the loss of a good father and restriction brought on by others, that were more than professed "kin" and "less than kind" started he his life in this great wide world of battle, only to advance by small degree, that some hope set apart to hard work, in after years pay the penalty of over strained nerves, and lays to suffering's tie, the results that follow.

From the blacksmith's shop to the plow, from the plow to the helm followed his footsteps, where with the United States mail in 1836, he was the safe deliverer between Rock Hall and Chestertown, then standing by the side of dear Old Venerable Captain Smith, ran the Chesapeake Bay packet with the passenger travel, and the mail from Rock Hall to Annapolis and Baltimore in 1840 to 1845, facing death at times in the extreme that service might be attended with punctuality and dispatch facing day and night the rough element that arose, baffled by snows beating into his face, rough winds whose roar, forbade as it seemed to the going forward yet stood he, at his post, and at command always fulfilled his duty, while refraining from others pleading accomplished his purpose and work.

Now the years have rolled by, age comes in with its ever sad remembrance, that all nature teaches when we do not use our will and judgment, rather than overtax our nerves and bodies, and not reward of what each laborer most worthy of his hire only receives scant pittance for work done.

That his manhood was most natural, and honesty, his different stations in life, most absolutely set forth, and allowed what his weakness may have been, (for all we acknowledge) there was never a time in his life that he was not the same true and untiring man, whatever his intentions were bent upon.

And after years of toil, with every sinew and every muscle over-reached, succumbs to that portion of demand, that silent nature speaks forth, and to which at some time or other, all must obey. Yet, with it all there comes to us, two very great satisfactions. Our father was a true man, and gives us more than encouragment, that when friends forsook him, and business was taken from him on account of his earnest appeal and fervent work for the Temperance cause, yet stood by his principle to the last and saw his much wished-for desire fully accomplished and from which many of his friends and acquaintances enjoyed happy lives thereafter.

And the satisfaction of knowing, that with all his suffering and all his affliction he was blessed with children who each moment day and night looked out for his comfort and his welfare and giving him in his old age that assurance, "nothing asked for but what would be supplied."

And now it is done, the work has been accomplished, the end is near and the calm of life calls him home to that place of rest of which his suffering and his patience and his forbearing and ever painful spirit, its reward hath won, to meet dear old mother gone before, and as we give it thought, that rejoicing in Heaven is our privilege, so perhaps father and mother are singing the sweet anthems of that glorious world and heralds back the echoes to earth, with that silent and impressive voice that we, their children, hope some day to hear and follow close into their footsteps, and as we catch each strain sent back from the true portals of our hearts, "Yes father, yes mother, we are coming" we are coming? and by the grace and through the death of our Lord and Saviour will meet you in that haven above where suffering doth not exist, where pain is not known, where sadness and parting shall be no more.

Resting within the glorious spheres,
Where anthems sung are ever in love;
And all our cares and all our tears
Are wiped away in Heaven above.
Sing on sweet songs, methinks I hear,
The sweetest strains kept back for me,
The note ne'er break, I do not fear,
For soon, yes soon I'll sing with Thee.
For as I count the days that past,
Within my life it soon will come,
Then I shall join the blessed at last,
Centred in our "Heavenly Home."

Petition for New Road

TO THE HONORABLE BOARD OF COUNTY COMMISSIONERS FOR KENT COUNTY, MARYLAND.

Gentlemen:—

WHEREAS, James L. Leary and John K. Legg, property owners use in common a right-of-way (which is usually in miserable condition) out from their farms into the main Piney Neck road;

AND WHEREAS, H. L. Kingsland, John L. DeFord and E. C. Clayton, also land owners in the above mentioned neighborhood, are compelled to drive around through the "Kimbolton" farm, which is merely a right of way, and is low, wet, and most of the time nearly impassable;

AND WHEREAS, there is a probability that parts of the aforesaid Kimbolton farm will be sold to different persons.

Now, therefore, to afford the present residents and those who may become residents in this locality, a more convenient and better way out into the Piney Neck Road.

We, the undersigned citizens and taxpayers of the Fifth Election District, believing such a road is needed and can be constructed at moderate cost, respectfully petition your Honorable Board that such steps be taken, looking to the establishment of said road comprising the Right of Way now used by Leary and Legg, and thence running through to John DeFord's lands and thence over DeFord's lands to the "Kimbolton" farm, touch the lands of E. C. Clayton.

PICKNELL

RACE RECORD, 2:15¼.
AUTHENTIC TRIAL, 2.09.
FOALED 1901.

REGISTERED No 35,381; RULE No. 1, TROTTING STANDARD.

The attention of prospective breeders is respectfully invited to what I believe is the most attractive proposition ever offered in this section. I INVITE THE FULLEST INVESTIGATION of this horse's claims to SUPERIORITY, and can furnish incontrovertible evidence from which the prospective breeder may draw his own conclusions.

PICKNELL'S SIZE, 15.2 hands, and COLOR, mahogany bay, are IDEAL and his BREEDING is THE HIGHEST OF FASHION. HIS CONFORMATION is the "EASY KEEPER" KIND. HE IS ABSOLUTELY LEVEL-HEADED, and HE IS SOUND and WITHOUT A BLEMISH. HE WEARS NO HOBBLES NOR OTHER FALSE RIGGING; and when raced, wore only such boots as are commonly used for protection.

PICKNELL was started GREEN, in the early fall of 1906, in SIX races, winning TWO of them, and being well up in the money the other four. He made his first, regular stud season, last year at Newark, Del.; and Mr. H. R. Tyson, in whose care he was, says that he would have had him in condition for the racing season, and a record well within the 2:10 list, but for the season I permitted him to make.

The oldest of Picknell's get is a two-year-old, bay filly, 15.1, no white, a blue ribbon winner, showing 2:30 speed as a yearling.

PICKNELL'S SIRE is ALLERTON, 2:09¼; CHAMPION TROTTING STALLION to HIGH WHEELS; THE LEADING SIRE FOR 1907, and THE GREATEST SIRE OF HIS AGE LIVING OR DEAD. Allerton 2.09¼, is sire of 178 in the list, of which 136 are TROTTERS WITH RECORDS from 2:07¼ to 2:30, and 42 pacers from 2:02 to 2:25. Allerton's sire was JAY BIRD, 2:31, sire of 106 TROTTERS from 2.06¼ to 2.30, and 12 PACERS from 2:09¼ to 2:25; and Jay Bird was by GEORGE WILKES, 2.22, etc.

PICKNELL'S DAM is BON BON, dam of Picknell, 2:15¼; Bon Jay, 2:19¾; Miss Minnie, 2.23; Gay Baron, 2:26¼, tr. 2:15; Jay Boul, tr. 2:09¼; Baron Stamboul, mat., 2:16, and Laurine, dam of four in the list, including THE KENTUCKY FUTURITY WINNER, OXFORD BOY, 2:20 at two years old. BON BON'S FULL SISTERS, Brava, 2:14¼, and Bon Mot, 2.25¼, each have THREE TROTTERS in THE LIST better than 2:30.

BON BON'S SIRE is BARON WILKES, 2:18, TROTTING, sire of 107 trotters from 2:08¼ to 2:30, and 30 pacers from 2:03¼ to 2:25; and is the world-famed "FUTURITY SIRE."

BON BON'S dam was MARY A. WHITNEY, 2:28, trotting, and dam of FIVE TROTTERS, from 2:14¼ to 2.30. She was by Volunteer, full brother to Dexter, 2:17¼, and the sire of 33 trotters and 1 pacer in the list, including the one-time WORLD'S CHAMPION TROTTER, ST. JULIEN, 2:11¼.

MARY A. WHITNEY'S DAM was PEGGY SLENDER, dam of the TROTTERS, Mary A. Whitney, 2.28, and Wm. H. Allen, 2.23¼.

PICKNELL will stand in my Calvert Street Stables, Chestertown, Md.

TERMS—$15.00 the season. Insurance, by special agreement, $25.00. Please make your bookings EARLY. All mares subject to my approval. I offer this very low price for reasons of my own. It is your opportunity.

Rote's Jewelry Store
THE BEST PLACE TO BUY TALKING MACHINES

Reproduction of the human voice is a scientific matter, not a purely mechanical process. In factories where thousands of machines are turned out every week, it is not aways possible to secure the finest musical adjustment and even when carefully adjusted at the factory the instrument is seldom in perfect order after a shipment by rail. The superior tone-quality of Talking Machines purchased here is particularly noticeable in records of women's voices. This is due to two things—careful adjustment of motors and sound boxes after instruments are received. And expert selection of Records.

An Edison Talking Machine bought at ROTE'S JEWELRY STORE will delight the most critical. Come in and hear these wonderful entertainers. Prices range from $12.50 to $125.00. Our lease-purchase plan, with small monthly payments is simple and convenient. Call or write for catalogue and further particulars.
