The War is over, Peace is Made;
The Tyrant's Killed, and I am Saved!

Gentlemen, one and all,
Friends and foes give me a call;
I have Old Rye that's good and pure,
I have Wines that you'll adore—
If my Liquors you'll only try,
I'm satisfied that you will buy.
Now, Gentlemen, the weather's hot,
Don't loaf around your bed or cot,
But get up early, and with your cash
Go down to POSTON'S and get a smash:
Or if anything else you would prefer,
I have it down to Lager Beer.
My Brandies too, are the best kind,
As good as any you'll ever find.

THE TRAVELLING COMMUNITY may rest assured that they can get the comfort of a home by lodging at the

FARMERS & TRADERS

HOTEL.

They will find his house neatly and orderly kept and the Propietor ever ready to supply their wants with the best the markets will afford. He has good Stabling for 25 horses, and can accommodate from 20 to 30 persons with good Beds, &c. Don't forget the

FARMERS & TRADERS HOTEL.
Proprietor, J. F. POSTON.

To Farmers!
THE PATENT MAMMOTH PREMIUM
CORN STALK,
HAY AND STRAW CUTTER,
AND GRINDER!

capable of preparing one Hundred Bushels of Corn Stalks, or one Ton of Hay or Straw, per hour, thus reducing the largest Corn Stalks to the consistency of Cut Straw.

ALSO avoiding the necessity of steaming or soaking; and saving EIGHTY per cent, over the common way of Feeding Fodder; besides, Horses and Cattle will do as well on Fodder prepared this way, as on the best of Hay. This Machine has been awarded Medals and First Premiums at a number of Exhibitions, and thousands of references can be produced to certify to its great superiority over all other Machines and the late improvement has added greatly to its efficiency and ease operation and can be worked by hand or power, without any altercation. May be seen and for sale at

T. W. ELIASON'S
Dec. 27, 1857. Store.

Ratcliffe Mills.

THE subscriber informs the public that the MILL is now in very superior order and in operation.

The cause of complaint that has heretofore existed I have every reason to hope will be at an end. I am determined to have the work done in the best possible manner, and if at any time, the customers have cause to complain, I would like to be apprised of it.

The Plaster Mill and Cob-Crusher will soon be in readiness. I will also grind Guano, at a moderate charge per ton.

JOHN W. WHALAND.

BALTIMORE ADVERTISEMENTS

"Attention Farmers!"

Guano Excelled
BY
DE BURG.

IT is a settled point with all Chemists and scientific Farmers that Peruvian or any other description of guano, does not supply to the soil one-third of the necessary constituents for the growth of all crops, on all soils; and the analysis of wheat, rye, corn, oats, potatoes, tobacco, &c., prove the fact. Every one who has had any experience in the use of guano, knows, that the land becomes exhausted and impoverished by its continued application.

The true secret of farming, as we understand it, is to furnish the land with the cheapest manure, that will grow the largest crops, and at the same time improve it.

The object of De Burg is to supply to the soil all, and every requisite required by the crop for its growth and maturity, and leave a surplus for its subsequent improvement. Not supplying yearly costly manures for the one crop alone, without a prospect for future benefit, but to grow as large crops of every description as guano, and add permanently to the improvement and fertility of the land.

The great advantage De Burg has over guano alone is attributed to the large amount of fertilizing matter which it contains, and any one of its seven elements are necessary and as valuble to the practical farmer, as either of the two which guano supplies.

Many experiments have been made recently, relative to its value as compared with the best Peruvian Guano, and a preference given to it as a manure, being quite as effective in its action of inducing early maturity as guano, but much more durable and fortifying to the soil, and less volatile.

Dr. David Stewart, Professor of chemistry at St. John's College, Annapolis, Md., and Chemist to the Md State Agricultural Society—analyzes every lot of De Burg we receive, and says, in his report to us:

"De Burg's compound is *much* more generally valuable to the practical farmer than any mixture of phosphates and ammonia, or manipulated guano.

There are other elements in De Burg to which I attach as much importance as ammonia and phosphates, and I cannot pass a cargo where one of these is absent, however much ammonia and phosphates are present."

Again he says:—"I do not think there is a compound now offered for sale; that contains as large a proportion of Phosphates, combined with the same quantity of Ammonia, as this, and there is a remarkable uniformity in all the cargoes of this manufacture."

S. W. Spencer Esq., Chestertown, Kent Co., Md. says:—"Last spring I made some experiments with De Burg, on my corn crop, and there is no question about its valuable properties for corn. It pushes corn beyond any manure I ever saw."

Kent co.—Geo. T. Hollyday, says:—"There was a great difference in my corn last year where I used De Burg and where I did not. I applied it at the rate of a handful to three hills at planting and it was at least one third better."

Thos. W. Hynson, Chestertown, Md., says 15th July, 1856: "I applied De Burg on corn last Spring, a table spoonful to the hill, and now, although there has not been rain enough to wet the corn to the roots, since it was planted, will average four feet, of a thriving, growing color, and where there is none, about sixteen inches owing to the drought. I consider it the best fertilizer I have ever tried.

Queen Ann's Co.—Philemon T. Cook, Esq., Centreville, Md., says, Jan. 7th, 1857: "Last spring I applied DeBurg in the hill on my corn, a very small quantity to each, and I think my most sanguine expectations were realized. My crop was considerably increased, and for the small amount of money expended, it will pay better than Peruvian Guano."

NOTICE.

For the protection of our own and the farmers interest, and to avoid any mistake on the part of the manufacturer, every lot we receive is thoroughly inspected and analysed, by Dr. David Stewart, Chemist to Maryland State Agricultural Society, who rejects all that does not come up to the fixed standard: thereby guaranteeing to the farmer a uniformity not to be found in Guano or any other fertilizer; and farmers will also

BEAR IN MIND,

That it is only De Burg that produces the above results, and in consequence of the greatly increased demand—which is beyond all precedent in artificial manures—many imitations have been put upon the market, and palmed off for the genuine.

Farmers should therefore be particular, and buy none except from responsible dealers.—The genuine is in barrels with *white heads*, stencilled C. B. DE BURG'S No. 1 AMMONIATED SUPER-PHOSPHATE OF LIME, in *black letters*; to secure which call on or address,

J. J. & F. TURNER,
42 Pratt Street, Baltimore, Md.

☞ Present price, $43 per ton of 2,000 lbs. or $13 *per ton cheaper than Peruvian Guano.*

DE BURG'S
No. 1,
Manipulated Guano

WE intend keeping on hand a full supply of the above, composed of Peruvian and Phosphatic Guanos, warranted of uniform quality. Every lot is subjected to the inspection of Dr. David Stewart, Chemist to Maryland State Agricultural Society, which is a protection to the Farmer and a guarantee of its quality, and will be found upon examination, superior, as the analysis proves, to any heretofore in this market. De Burg's facilities and machinery for uniform manipulation, are superior to any other in the country. It will be sold at a small advance upon first cost.

Analysis of DeBurg's No. 1 Manipulated Guano

Salts of Ammonia,	39.31

GOOD HEMLOCK FENCE BOARD, HEMLOCK BOARDS, OAK GATE STILES, POPLAR RAILING, LATHS AND PALES.
BEST NO. HEART SHINGLES,
COMMON HEART SHINGMES, AND HEART A SHINGLES.
June 14th, 1856.

A GREAT IMPROVEMENT!
DOUBLE ACTING
FORCE AND LIFT PUMP

IS acknowledged to be the most simple in construction, efficient in operation, less liable to get out of order, and more durable than any pump yet invented.

The World's Fair, London, gave Mr. Barker the complimentary medal, and the Pennsylvania State fair, on two occasions, awarded the pump the first premium.

In cases of fire, the Barker Fire Engine Pump has proved itself invaluable On several occasions persons, by having this pump on their premises, have saved their property from the devouring flames.

The Scientific American, of August 14th, 1852, says: "In our humble judgment Barker's Double acting pump is one of the best improvements which has been made in a great many years, and, in saying this, we express the opinion of many who have used the pump and are now using it. The pump was patented last February, and the claims were broad strong and reliable."

References to the following gentlemen: Samuel Baker, Richard S. Thomas, John McDaniel.

You can see these pumps work at any of the places we have a number engaged to put in.

The undersigned have bought the patent right for Kent county; any gentleman wishing a pump put in can drop a note to

BENJAMIN ELLIOTT,
Chester Town, Kent county, Md.,
or to THOMAS RASIN,
Still Pond, Md

Blacksmithing.

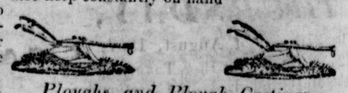
FOUNDRY
MACHINE SHOP, &c. &c.

THE subscribers inform the public that they have their FOUNDRY in full operation, and have now on hand a large quantity of materials which they will manufacture to order in the best manner and shortest notice. They also keep constantly on hand



Ploughs, and Plough Castings,

whiah cannot be surpassed for neatness and durability by any manufactured in the State.

Carts, Wagons, Ploughs, &c., made to order at the shortest notice and low rates.

All kind of machine work done in best manner and with despatch.

Blacksmithing, of every description, done to order.

Having employed some of the best workmen in the State, they will be able to give entire satisfaction.

They would particularly call the attention of the Merchants and Farmers of Kent and the adjoining counties, to their castings which can be purchased as cheap as elsewhere.

All descriptions of old iron will be taken in exchange for work at the highest prices.

HENRY W EARNEST,
DAVID A. BENJAMIN.
Chestertown, april 11, 1857.

BRICKLAYING! BRICKLAYING
To the Citizens of Kent County:

B. H. GARDNER having located in Chester Town, he is prepard to do all kinds of

BRICK-WORK,

at the shortest notice. All I wish is a share of public patronage. For reference I refer to my work. All orders left at this office will be attended to promptly. april 11, '57.

ICE CREAM SALOON!

THE undersigned respectfully informs her friends and the public that she is now prepared to furnish

ICE-CREAM
AND REFRESHMENTS,

of all kinds at the shortest notice, at the old stand on Cross St., near Bordley's corner.

Soft and Hard Crabs

in season. Thankful for past favours, she wishes a continuance of the same.

The public's obedient serv't,
LOUISA HARRIS.
