Rented Riverside.—Mrs. Austin, of Baltimore, has rented Riverside Hotel, in Queen Anne's, near Chester bridge, of H. P. Skipper, for the summer, and this week has furnished the hotel. She has booked a large number of guests for the summer, some of whom will arrive about June 1. Her daughter, Mrs. Seney, will assist her. We can recommend Mrs. Austin to the public as a competent hotel manager and it is hoped that she may meet with success there.

Engineer Brown Awarded Damages.—Jas. H. Brown, son of James Brown, of Centreville, obtained a verdict for $3,000 damages against the Maryland, Delaware and Virginia Railroad Company, in Part 2 of the Court of Common Pleas, Baltimore, Thursday, in a suit to recover for injuries received August 6, 1905, while he was a locomotive engineer in the employ of the company. At the time of the accident Mr. Brown was engineer of an accomodation train running from Rehoboth to Love Point. When his train arrived at Kent Island Narrows it was run ito by a runaway locomotive. He was laid up for a year, and it was declared is still suffering from the injuries he received.

Promoted From Fireman to Engineer.—Mr. Harry Parks, of Centreville, who has been fireman on the passenger train on the Queen Anne's & Kent Railroad between Centreville and Townsend, Del., has been promoted to the position of freight engineer on the Delaware branch of the Pennsylvania railroad, with headquarters in Wilmington. Mr. Parks removed his family to that place last Wednesday. During Mr. Park's residence in Centreville he has made many friends who are sorry to part with him but who are much pleased to learn of his promotion.

Reminiscent.—In 1806 hotel charges were regulated by law. There charge permitted for breakfast was 34 cents, for dinner with a pint of small beer or cider 50 cents, for lodging 16 cents, for a gill of spirits or brandy 13 cents, and for a gill of whisky 7 cents. In 1804 wheat in Washington county was worth $1.25 per bushel; in Baltimore $1.50. Prior to 1800 there was only one polling place in Washington county and that at Hagerstown. The sheriff conducted the elections and was the sole judge. In 1800 the county was divided into five election districts. When Hagerstown was laid out two tracts were reserved as "commons" upon which the people of the town pastured their cows.—Hancock Star.

War Maneuvers on Bay.—Adjutant General Henry M. Warfield has received a communication from the Navy Department announcing that the joint maneuvers on the Chesapeake Bay between the Navy and the naval militia would take place from July 18 to 27. The Prairie, on which Secretary Taft made his trips to Panama, will be among the naval vessels to take part in the exercises. The Yankee will also be in the fleet. The Navy Department will likewise send a torpedo squadron for the maneuvers. The following states have accepted the invitation to take part in the exercises: Pennsylvania, New Jersey, the District of Columbia and North Carolina. Maryland will be represented by the First Naval Brigade, under command of Commander F. H. Wagner, and it is expected that South Carolina and other States will also participate. As soon as the plans are completed by the Navy Department General Warfield will be notified and arrangements at once made to send out the naval reserves. A great deal of the time will be spent in target practice, and there will also be attacks on all of the fortifications along the Chesapeake.

Many Acres of Maryland In Swamps.—According to a report just issued a survey of the swamp lands of Maryland shows the State has 328,800 acres of such territory, of which 124,350 are fresh-water swamps, and 204,416 acres salt-water marshes. The eastern and southern counties bordering on the Chesapeake Bay and Atlantic Ocean have 323,326 acres, of which 118,912 are fresh and 204-416 are salt. The central and western counties have 5,440 acres, all of which are fresh. These figures do not include the small tract of swamp land on individual farms, which would not be considered in any plan of Government reclamation. Counting these small tracts the total area would probably reach 500,000 it is stated.

ROCKVILLE, Md., Masons will build a temple to cost about $15,000. To raise funds for this purpose the Rockville Masonic Association has been organized to hold a fair at the Fair Ground there June 2, 3, 4 and 5. The various committees are hard at work with the arrangements, and there is said to be every indication that the fair will be the biggest of its kind ever held in Montgomery County. Already 6000 admission tickets have been disposed of.

DEMOCRATS IN CONVENTION

Primaries Held Without Any Contests —Gov. Austin L. Crothers and Hon. Wm. Jennings Bryan Heartily Endorsed.

Democrats of Kent county met in the several districts of the county Saturday and conducted primaries. There were no contests, harmony being the watchword in every instance.

The Convention on Tuesday was another "Love Feast." Hon. Thomas J. Shallcross, "looking just as young as he used to be," was unanimously chosen chairman and presided over the proceedings with dignity and experience. Messrs. Frank A. McCauley and C. Frank Wheatley were made secretaries.

The credential committee reported the following delegates entitled to seats in the Convention:

First District—Isaac Gibbs, C. B. Dudley, T. J. Dunn, F. A. McCauley, Robert Johnston, Geo. W. Jones.

Second District—L. J. Usilton, John C. Sutton, Thomas Vandyke, Andrew Medders, W. T. Baxter, A. T. Deshane.

Third District—C. R. Skirven, Samuel Mann, J. W. Ivens, T. J. Willis, Geo. S. Biddle, Thomas J. Shallcross.

Fourth District—Chas. L. Dodd, Frank E. Duyer, Ramie Ziesel, W. E. Ringgold, J. Arthur Bradley, Elwood Baker.

Fifth District—Robert Wickes, James Moffett, C. Frank Wheatley.

Sixth District—Chas. Crow, Thomas J. Davis, W. H. Cooper, H. C. Willis, Jas. H. Groves, W. J. Tarbutton.

Seventh District—B. F. Beck, W. S. Scoone, Geo. Beck, Wm. Jacobs, James I. Walbert, J. T. Brown.

Delegates Elected.

The following delegates were elected to the State Convention which meets in Baltimore June 3rd: Andrew Woodall, John C. Sutton, Samuel Mann, Curtis E. Crane, Dr. W. H. Schwatka, W. H. Cooper, Wm. T. Maslin.

The following delegates were elected to the Congressional Convention which meets in Ocean City, July 23rd: W. B. Johnston, John Medders, Geo. S. Biddle, Herbert E. Perkins, James Moffett, W. J. Tarbutton, Geo. Beck.

The convention unanimously passed the following resolutions after which the convention adjourned:

We heartily endorse the present State Administration, which, under the wise and conscientious counsel of Gov. Austin L. Crothers is adding lustre to grand old Maryland and inspiring confidence in the Democratic party.

We, the Democracy of Kent county, in Convention assembled do hereby give our hearty approval and endorsement of that matchless leader and Democrat, Wm. Jennings Bryan, and further declare our unwavering belief that he should be the standard bearer of the Democracy in 1908.

Blood Poison.—While operating on a carbuncle on Mr. Thomas Friel's neck recently, some of the pus got into a cut on the middle finger of Dr. Ford's left hand. From this blood poisoning developed in his hand and his entire arm began to be infected. The doctor attended it carefully, but upon the anxious solicitations of some of his friends, he consulted Dr. Chambers at the Baltimore City Hospital on Wednesday. The professor assured Dr. Ford that he had taken the proper remedies and had successfully combated the dreaded disease. Dr. Ford returned to his home in Queenstown Friday after visiting relatives in Washington.

THE tax rate for Harford county was fixed at $1. This is 5 cents higher than last year, and, with the State tax of 16 cents added, will make a total tax of $1.16 on $100. The increase in the county tax is particularly due to the special appropriation of $19,700 for roads and bridges and $2,000 for the erection of a new school building at Aberdeen. The total of the items of indebtedness to be met is $145,126.75 and the taxable basis of the county is $15,340,896.

The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him for an ignoramus. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach we are utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Doctor Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. "Golden Medical Discovery" cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition.

The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. *Why* the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.
