Perseverance

A steady accumulation of small savings deposited as they are saved in a safe and sound institution like this, where they will draw interest, will in a few years amount to a total of surprising magnitude.

At first the amount may seem small, and determined perseverance may be necessary to overcome discouragement; but after a year or two the accumulations will begin to be a stimulus to further saving, and you will find that with an increasing principal comes an increased interest.

A Rare Present.—Among the many presents received by the graduates of Washington College there was one of unusual appropriateness and of such rariety that we call attention to same. Mr. T. Kemp Bordley, son of Mr. and Mrs. T. S. Bordley, Chestertown, not only received about fifty remembrances but in Wednesday's mail came a notice that he had been elected a member of the faculty of McDonogh School! This school is located just outside Baltimore, has 160 students and is well endowed. We feel confident Mr. Bordley will make good in his new position.

Amusements. — Chestertown is well stocked with amusements. There are two merry-go-rounds, a moving picture show, bowling and billiard parlors and graphophone concerts at Sides' and Rote's. No one need complain that they cannot get rid of their surplus nickels.

A 17 INNING GAME.

The base ball game Wednesday afternoon was largely attended and proved to be the greatest game ever played on the college grounds. The score was tied in the 9th inning and it required 17 innings to decide the contest, the alumni finally winning by score of 9 to 7. For three consecutive years the score has been tied in the 9th inning. All the players deserve special mention but the batteries take the palm. They were perfect gems.

The Alumni was composed of T. Massey, 1 b.; E. Hitch, 3 b.; E. Eliason, cf; L. Moore, p.; J. Hughes, s. s.; L. Crew, 2 b.; H. Butler, c.; A. Brice, lf.; S. Beck, rf. Johns and Cross were the battery for the College.
