Chestertown Transcript.

PUBLISHED EVERY THURSDAY.

THURSDAY, JUNE 5, 1890.

COLLINS & HOPPER,
EDITORS AND PUBLISHERS.

DR. GEORGE D. MUDD assumed the duties of deputy surveyor of the port on Monday. WM. Perkins was also sworn in as messenger to the surveyor. Messenger John P. Forrester, colored, of Centreville, was also sworn in.

THE two recent fires have clearly demonstrated that Chestertown needs a more thoroughly organized fire department than she now has. Some action should be taken. If necessary let two competent men be paid, whose duty it shall be to take the leadership whenever necessity may demand. Frequent drills should be given, and it should be the duty of some one to see that the fire plugs are examined at short intervals. "What is everybody's business is nobody's business," and two many leaders are often as bad as none at all.

THE PERSONAL PROPERTY of ex-Treasurer Archer was sold last week at "Haze Dell," his home. Good prices were realized for nearly all the articles. Horses brought $125 and $100; cows, several of which were registered Jerseys, sold from $75 to $30 each. Good prices were also realized for the household articles. An old hall clock was sold for $50. Niles' Register and Congressional Globe brought $60. Mr. Archer was not seen at the sale.

SURVEYOR WILLIAM D. BURCHINAL, made the announcement on Friday last that he had appointed as his deputy, Dr. George W. Mudd, of Charles county, at a salary of $2,500. Dr. Mudd is a member of the present House of Delegates and has once before served in that body. He is an uncle of Congressman Sidney O. Mudd. Dr. Mudd succeeds Col. Wm. Henry Legg, of Queen Anne's county, who has resigned. Capt. Burchinal, not forgetful of his home constituents, has also appointed William Perkins, the acknowledged colored leader of the Kent county colored Republican ranks, as one of his messengers, at a salary of $840 a year. Perkins has been a delegate to many State conventions and the National Convention of Cincinnati in 1876 when Gen. R. B. Hayes was nominated for the presidency. He has been in the coal, lumber and ice business. No colored Republican in Kent has ever taken a more prominent and consistent stand in county politics than the newly appointed messenger, and the appointment is but a deserved recognition of valuable party services rendered in many hotly contested campaigns. He succeeds Wm. Mulcahy, resigned.

STATE AND PENINSULA.

Measures are being taken to start a paper pulp works at Pocomoke City.

Joseph Fesmyer, a Queen Anne's produce dealer, has shipped on an average every week since the first day of April 350 lambs, thirty-five calves, thirty sheep and three hundred pounds of spring chicken.

Because of the failure of the peach crop Richardson & Robbins' cannery at Dover shut down Wednesday, till about September. This is the largest establishment on the Peninsula, employing in good fruit seasons 250 hands and turning out 500,000 cans of peaches.—*Del. Democrat.*

The usual spring migration of colored people from Dorchester county to the berry fields of Sussex and the lower counties of the Peninsula has been in progress for nearly a week. The numbers being so great, extra passenger coaches had to be added to the trains for their accommodation.—*Caroline Courier.*

—John P. Forrester, an active colored worker within the ranks of the Republican party has been appointed by Collector Marine, messenger in the Baltimore Custom House, *vice* Wm. Dudley, whose resignation was requested. Like a good Democrat, Mr. Dudley was not slow to comply and Forrester now holds the fort at a salary of $720 per annum.—*Centreville Record.*

A prominent fruit-grower of this section says there will be no fruit here this year after berries are gone. He says there are no peaches, cherries or apricots; that the frosts have killed nearly all the pears and apples, and that the rose bugs will destroy the grapes. He has examined the apple and pear orchards and only now and then found clusters of fruit. He thinks the curculio will take these.—*Delaware News and Advertiser.*

The Congressional Campaign.

The Democratic State Central Committee is expected to meet in Baltimore in June, and arrange for the Congresssional campaign in the State. The nominating convention will probably be called to meet in July. It is not known who will be selected as the successor of Stevenson Archer as chairman of the State Central committee. State Senator John Walter Smith, of Worcester county, whose name has been mentioned for the chairmanship has positively declined to be considered in connection with the position. There is also a question regarding the manner in which the selection should be made, some holding that Mr. James Hodges, as chairman of the last State convention, should make the appointment, and others that the committee should elect its own chairman.

As Democratic congressional candidates, there seems to be no doubt that the Hon. Herman Stump, of the Second district, and Hon. Harry Wells Rusk, of the Third district, will be nominated. Hon. Barnes Compton and ex-Senator Richard H. Edelen are spoken of in the Fifth district, Hon. Isador Rayner, in the Fourth, and Hon. Philip D. Laird, in the sixth. In the First district Hon. Charles H. Gibson is a candidate for a fourth nomination, and he will probably be opposed before the convention by Hon. Henry Page, of Somerset, Harrison W. Vickers, of Kent, and possibly E. E. Jackson.—*Cambridge Chronicle.*

Epoch.

The transition from long, lingering and painful sickness to robust health, marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much praise is heard of Electric Bitters. So many feel that they owe their restoration to health, to the use of the Great Alternative and Tonic. If you are troubled with any disease of Kidney, Liver, or Stomache, of long or short standing you will surely find relief by use of Electric Bitters. Sold at 50c. and $1 per bottle at Colin F. Stam's Drug store.

By order of
COUNTY COMMISSIONERS.
T. WATERS RUSSELL Clerk. Dec. 5—tf.

NOTICE TO THE PUBLIC.

You have seen in the last TRANSCRIPT an advertisement of my property to satisfy a claim due the Building Loan Association of Millington. Now, gentlemen, Mr. T. J. McWhorter had this done without making any explanation. He and myself endorsed a note of R. F. Moffett to the Loan Association and it was discounted. R. F. Moffett failed to pay the note and suit was brought for the collection of it, and judgment was obtained against all three of us, and execution and levy made. T. J. McWhorter ordered Mr. Pearce to advertise my property for the payment, he and R. F. Moffett being left out of the matter. He now acknowledges he was equally bound with me for the payment; the board says he is too. Now, is not this clearly unjust treatment as between man and man? The note was discounted, as any other man's note would have been. He and I are both members of the same church. I made complaint to Mr. Pearce and told him McWhorter was equally bound with myself, but I could avail nothing, so my property is advertised as though I were a bankrupt. He only gave me a half day's notice. I do not think McWhorter any better than myself, nor do I think the public does. If I have no more idea of justice and fairness than to do a thing of the kind, I surely am to be pitied.

OFFICE OF THE

Local Board of Health.

June 2, 1890.

The season has come when it is essential that we should give the greatest care and attention to our sanitary surroundings, our premises and persons being more likely to become the source of disease and danger than when the weather is cooler and the changes less appreciable. Stable yards, hog pens, drains and privy vaults should be as far moved from the dwelling as possible. Places of this sort should be kept well cleaned, and filled in with dry earth and disinfectants, bearing in mind that all deodorizers are not necessarily disinfectants.

Cellars should be thoroughly cleaned and whitewashed, the floor sprinkled with lime; fresh air and sunlight, when possible should be admitted. The water supply (especially of the farm) should be looked after; wells and springs cleaned, and in cases where one source supplies both the family and the stock, care should be taken that no drains, surface or otherwise from the pound or closet leads toward the well.

For the purpose of disinfection such as mentioned above, may be used either of the following: For privies and human dejectas, chloride lime 4 per cent.; solution bi-chloride of mercury 1 to 500 (poison).

For deordorization and disinfections of masses of human and animal matter, powdered chloride lime. For clothing, bedding, etc., boiling for 30 minutes or immersion in solution of bi-chloride of mercury, 1 to 2000 (poison).

When clothing and bedding have been used in contagious diseases, burning is safest.

Carbolic acid diluted 1 to 30 is safe and effective. When necessary to use a deordorizing disinfectant in large quantities, chloride lime one lb. to a gallon and a half of water to which may be added a teacup of vinegar.

TREASURY DEPARTMENT.

Office of Comptroller of the Currency.

WASHINGTON, May 31st, 1890.

WHEREAS, by satisfactory evidence presented to the undersigned, it has been made to appear that "THE SECOND NATIONAL BANK OF CHESTERTOWN," in the town of Chestertown, in the county of Kent, and State of Maryland, has complied with all the provisions of the statutes of the United States, required to be complied with before an association shall be authorized to commence the business of Banking;

Now therefore I, Edward S. Lacey, Comptroller of the Currency, do hereby certify that "THE SECOND NATIONAL BANK OF CHESTERTOWN," in the town of Chestertown, in the county of Kent, and State of Maryland, is authorized to commence the business of Banking as provided in section fifty-one hundred and sixty-nine of the Revised Statutes of the United States.

In testimony whereof witness my hand and seal of office this 31st day of May, 1890.

ORDER NISI.

EUGENE GOODING, Collector,
vs.
UNKNOWN HEIRS OF JOHN PURNELL.

In the Circuit Court for Kent County, April Term, 1890.

THE object of this proceeding is to procure the ratification and confirmation of a sale made on the 26th day of August, 1889, by the Collector of Taxes for the First Election District of Kent county, of a tract of land in said district described in said collector's advertisement of sale as being situated near the public road leading from Millington to Smyrna, Delaware, on the south side thereof, containing about fifty acres, and improved by an old dwelling house and stable, adjoining the lands of Thomas Pratt, Manlove Wilson and others, and assessed on the books of assessment in the name of John Purnell.

The report of sale made herein, together with all the proceedings had in relation thereto by said collector, having been examined by the court, and the same appearing to be regular, and the provisions of law in relation thereto appearing to have been complied with; it is thereupon this 1st day of May, 1890, by the Circuit Court for Kent county, ordered that notice be given by the insertion of a copy of this order in the CHESTERTOWN TRANSCRIPT, a weekly paper published in Chestertown, Kent county, Md., once a week for four successive weeks before the second Monday of June, 1890, warning all persons interested in the said property to be and appear in this court by the second Monday in July, 1890, to show cause, if any they have, why said sale should not be ratified and confirmed.

FREDERICK STUMP.

PUBLIC LOCAL LAW.

Commissioners Authorized to Make Bridge Rules and Regulations.

CHAPTER 483.

AN ACT to authorize the County Commissioners of Queen Anne's County and the County Commissioners of Kent County, to make rules and regulations for the use, by the public, of the bridges belonging jointly to said counties.

SECTION 1. *And be it enacted by the General Assembly of Maryland,* That the County Commissioners of Queen Anne's County and the County Commissioners of Kent County a majority of each board of said Commissioners concurring, shall have full power and authority to make reasonable rules and regulations for the use, by the public, of all bridges which are the joint property of the said counties of Kent and Queen Anne's, and for the protection of said bridges and other property belonging thereto or therewith, and to enforce the observance of said rules and regulations thus made, by imposing upon the party violating such rules and regulations any reasonable fine, not exceeding ten dollars, for any violation of said rules and regulations, which fines shall be collected as small debts are now collected, and shall be recovered in the name of the Commissioners of said counties before any Justice of the Peace of either of the said counties in which the party violating such rules and regulations shall be found; and on failure or refusal to pay any fine imposed under this law, or inability to collect the same by legal process, the party so fined may be committed to the county jail of the county for a period not exceeding ten days, in the same manner as commitments are made for fines imposed by the Circuit Courts of this State, on conviction for misdemeanors; and the Justice of the Peace shall make this a part of his judgment, and said fines shall be applied to the keeping of said bridges in repair.

SECTION 2. *And be it enacted,* That this act shall take effect from the date of its passage.

Approved April 8th, 1890.

ELIHU E. JACKSON, Governor.

JOHN HUBNER, Speaker of House Delegates.
R. F. BRATTON, President of the Senate.

I HEREBY CERTIFY, that the foregoing is a correct copy of an Act of the General Assembly passed January Session, 1890.

SYSTEM.

The favor which this System is gaining in this locality and other parts where it is being introduced is sufficient evidence of its superior merits as a convenient and economizing article which every family should number

AMONG ITS HOUSEHOLD EFFECTS,

And to be provided with an article which every family can bring into requisition at any time, however simple the article or cheap the material used to get a perfect-fitting garment is an item in household economy that no prudent person can dispute, and although this System has been in use only a few years, its merits have pushed it to the front so rapidly that it has been thoroughly introduced through the North and West, and

It Has to Live on Its Merits Only,

Because its simplicity lays it open to every eye so clearly that no one can be deceived. In brief, the Cutter is simple, cheap and easily understood, never erring in its work when properly handled, and will last for years and should be

PLACED WITHIN THE REACH OF ALL.

We have a class at Still Pond and a number of scholars at Kennedyville, and it is only a question of time when it will be in every house,

Notwithstading the Few that Plunge in and Try to Stop the Tide,

For they will be lost in the sea of other's success. We have given the names of a number of Easton's best ladies who recommend the System

To Be the Best in Use, and All We Claim for It.

And now remember that this opportunity is fast passing away. We are not permanently located, and when our work does not warrant us to stay, we shall leave for new fields, so do not delay and miss such a chance. Come before the days are too hot and the harvest with its hurry is on and you have to take up the lamentation, the summer is ended and the harvest is past, and you have missed the best chance of your life. So call and see us at the Voshell House.

is of a beautiful Cleveland Bay color, stands 16 hands 1½ inches, and will weigh thirteen hundred pounds in condition. He is stylish, fine action and perfectly quiet. In the combined qualities of action, beauty and endurence, he is acknowledged to stand unequaled as a stock horse for farm and carriage purposes. Has only served a few mares, but has proved sure with them. He comes down a long line of the best producers.

The American Farmers' Stock Book, in speaking of the most desirable strains of horses which have been the result of careful and scientific breeding, in coming to the Cleveland Bays, says: "We come next to a class of horses always held in the highest esteem for their many valuable qualities. It is a horse that is now bred to a degree of perfection that leaves little to be desired in all that goes to constitute size, style and ability to perform any labor that may be required, except the heaviest drudgery. The Cleveland Bays are good carriage horses, good and stout wagon or plow horses, and they match together about as easily as Devon cattle, combining as they do, pleaty of staunch thorough blood with excellent size and constitutional vigor. Unfortunately they are rare in the United States, but since their introduction into the West, they have been steadily growing into favor. They are remarkable for their pure bay color, dashed only at the fetlocks and in the forehead with white. We have good authority for our admiration of this splendid animal. Canada has of late years become celebrated for finely-bred and finely-matched carriage horses, which is due to the sagacity of some Canadian breeders, in selecting Cleveland Bay Stallions for sires."

Spring Fertilizers!

It is now nearing the time when the farmer's attention is directed to the growth of Truck, planting of Corn, etc., and in this connection we again offer our Fertilizer to our patrons and farmers in general. Our facilities for manufacturing are much greater and our freighting lower, and we propose that our buyers shall have advantage of the same. We would here remark *that it is not too late to fertilize your Peach Trees,* the many testimonials in our card proving the correctness of our statement. The ingredients of our PEACH TREE GUANO sizes and colors up the fruit beautifully, therefore commands a better price.

CLIMAX, AN EXCELLENT SUPER-PHOSPHATE FOR TRUCK,

which has proven unusually successful, after years of trial, as the many testimonials of those that use it certify.

ACME NO. 1, A HIGH GRADE FERTILIZER FOR A REASONABLE PRICE.

adapted to the growth of CORN and OATS, the popularity of same proving its worth.

Acme No. 2, A Corn Fertilizer,

Especially manufactured for "stiff lands." Prevents Frenching in Corn, and grows a good crop, the many that use it, confirming our statement.

POTATO COMPOUND,

Manufactured solely for the growth of Potatoes. A High Grade Fertilizer (at a reasonable price), which ensures an excellent crop of Potatoes. Our space will not allow the naming of each and every testimonial, therefore, parties wishing further information about our several Fertilizers, will communicate with us, and we will be pleased to furnish such.
