THE CHIEF JUDGESHIP.

It is incumbent upon the Governor of Maryland to appoint someone as Chief Judge of the Third Judicial Circuit—Comprising Baltimore and Harford counties—to fill out Judge Burke's unexpired term.

Governor Ritchie himself is a lawyer of high standing and wide experience and no one better than he appreciates the importance of choosing the very best man available for the position. In making the appointment we do not believe he will be controlled by any purely personal or political considerations.

The Jeffersonian is not disposed to recommend any particular man for the office, but we do think that the Governor should give first consideration to the membership of the Baltimore county bar. The Chief Judge has for years past been chosen from Baltimore county, and so far as we know this has been the practice since the Circuit was established.

There are several members of the Baltimore county bar who are in our judgment eminently qualified for the Chief Judgeship. We might mention, among others, Associate Judges Duncan and McLane, T. Scott Offutt, Osborne I. Yellott and David G. McIntosh, Jr. The disposition of most of the members of the local bar, so far as we can ascertain, is to favor, first, the appointment of Judge Duncan, and if he should decline the honor, that it be tendered to Mr. Offutt. If the Governor sees fit to act on the recommendation of the local bar he will in our judgment make no mistake, as either of these men is competent for the position, and the appointment of either would, we feel, meet with such general favor throughout the Circuit that his election by the people in the fall of 1921 would follow without opposition.

Many applications for divorce were reported during the recent holidays, and a lot of people are now ready to sign matrimonial contracts for the 1920 summer season.

Raw materials are scarce, but raw prices aren't.

CHIEF JUDGESHIP NOW LEADING GOSSIP AT BALTIMORE COUNTY'S COUNTY SEAT.

(Continued from Page 1, Col. 7.)

In the city, and has built up a lucrative practice for himself. The Third Judicial Circuit is comprised of Baltimore and Harford counties, and so far as we know this has been the practice since the Circuit was established. Baltimore county is recognized as the largest and most important county in the circuit and a Chief Judge residing at Towson would not only be more convenient to the Court of Appeals but he would be in a position to better serve the Circuit as a whole.

There are several members of the Baltimore county bar who are in our judgment eminently qualified for the Chief Judgeship. We might mention, among others, Associate Judges Duncan and McLane, T. REPUBLICANS NOW TALK OF A PANIC, ASCRIBED TO POLITICAL PROPAGANDA

(Continued from Page 1, Col. 5.)

flurry outside of the Street, however. Why? Because the Federal Reserve system is too strong to be hurt by anything the stock manipulators may do. Had that Wall Street disturbance occurred prior to the creation of the Federal Reserve system disaster would have resulted, just as it did in the so-called Roosevelt panic—a Wall Street made panic—in 1907.

SENTIMENT FOR BILL

Indications Point to Popularity of Mr. Given's Measure Regarding Game Law.

That sentiment in Baltimore county is absolutely in accord with the bill introduced in the legislature by Mr. Frank S. Given, a delegate from this county, to exempt Baltimore county from the State-Wide Game Law, there is no doubt, judging from the number of communications received by The Jeffersonian from every section.
