KENNARD'S
Fertilizers for Wheat and Grass
STAND AT THE HEAD.

Ten years ago we began the manufacture of Fertilizers in Kent county, and during that time we have always endeavored to produce a good, honest, reliable and well-made article. We state with pleasure that a majority of our early customers still deal with us, and although yearly requested by makers and agents of other fertilizers to use their brands, they still buy and use Kennard's, because it does for them what many do not—gives entire satisfaction—and they tell us that for price and results our goods cannot be surpassed by any on the market. Why is this, is what we have often been asked. The answer follows—We have always kept our various brands of Fertilizers up to a high standard. Have never used any adulterating material. We have been content with a very small living profit, have been willing and anxious to test our goods in competition with others, and as a consequence have slowly and surely established a growing trade. We are proud of it and very grateful. We therefore take this opportunity to publicly thank our kind patrons of the last ten years for their confidence and patronage, and we promise that our goods will still continue to give satisfaction. Remember that each brand is manufactured for a particular crop, and will do its work effectually. Our prices are as low as the same class of goods can be sold. We again offer the same old reliable brands, and trust that you will continue to use them, and by a kind word induce those who have never used them to do so this Fall.

MONARCH,
Special High Grade; well-known as an excellent crop producer. Has stood the test with the highest-priced Fertilizers upon the market with great success.

NEW ERA--HIGH GRADE FERTILIZER.
Not quite as high grade as the Monarch, but a very successful goods. Our sales have always been large of this brand. The price and results make it popular.

BONE AND POTASH.
A very excellent goods, and low-priced for the class of material we use in it. We respectfully request you to get our prices before purchasing.
