Feed Your Cows "PFO" DAIRY RATION

For More Milk and Better Health Cows in Good Physical Condition Always Give Best Yearly Yield. "PFO" DAIRY RATION will keep your cows in good physical condition with less attention in feeding. PALATABILITY

No dairy cow ever did well on a feed she did not like. In selecting the ingredients for "PFO" DAIRY RATION we have paid most particular attention to the palatability of the mixture. Cows eat it eagerly and do not "go off feed" readily

GUARANTEED ANALYSIS PROTEIN, 20 per cent.; Carbohydrates, 50 per cent.; Fat, 3 per cent.; Fibre, 15 per cent. The above figures are not the real values to the feeder. It is the digestibility that counts and produces and just how much digestible nutrients in a dairy ration is what the feeder who knows his business wants to know. DIGESTIBLE PROTEIN 15 1/2 per cent. FAT and CARBOHYDRATES 60 per cent.

Bayne left on last Tuesday for Cleveland, Ohio, where she will spend the remainder of her vacation with her brother, Mr. Joseph Bayne.

Miss Bessie Ruby, of Chambersburg, who has been visiting in Towson here for three weeks, left on Monday for York, Pa., where she will visit her aunt, Mrs. Adeline Ruby. The force in the office of Clerk of the Court, William P. Cole, has been exceedingly busy here of late, as the volume of business has exceeded any previous year. The little electric car on the Towson and Cockeysville line broke an axle today this week. Traffic is being handled by a bus while the necessary repairs are being made.

Mr. Robert B. DePora, of West Joppo road, near Towson, lost a mesh bag worth \$700 one evening this week enroute from a friend's home at Elderswood to her own home by automobile. A blank form of oath has been mailed to them, which will be sworn to before a Justice of the Peace or a Notary Public. Excepting for one person in each department to attend to rush business, the entire plant of the Black & Decker Mfg. Co. will close down today for 1 week so that the employees can have a much deserved vacation. A large seven-passenger automobile with a trailer on the rear filled with trunks and a ramping outfit, and loaded with a large family, stopped over in the West end of Towson one night this week and "pitched" tent. The party was from Indiana. Miles, of the fire department here. But we are glad to know that the captain is "certainly looking" "corps." On Tuesday, August 10, at 8 P. M., Past Exalted Ruler Henry Dickmeyer, was the representative of the Towson Lodge of Elks, at which a buffet luncheon will be served. Miss Gladys Delmer Peddicord, aged 26 years, of Hagerstown, who was divorced from Mr. Edward L. Our genial court stenographer, Mr. Irvin Linzey, acted as "best man." A meeting of the Board of Election Supervisors will be held next Tuesday for the purpose of arranging for the work of transcribing names of voters, made necessary by the establishment of new lines for the precincts of the Ninth Election district and also for the purpose of giving transfers to voters who may desire to be transferred. Two horses, one the property of Miss Josephine Fisher, of Ruxton, who was riding in a horse-drawn carriage, and in some manner wended their way on to the tracks of the Md. & Pa. R. R. here and attempted to cross the trestle over the York Road. Mr. Jackson's horse became wedged between the ties and was injured to such an extent that it had to be shot, while Miss Fisher's horse fell from the trestle to the York Road, a distance of 25 feet, and escaped with cuts and bruises. Recently, when a Baltimore water main burst, Towson and vicinity were deprived of their supply for about two days, until the necessary repairs had been made. Towson Heights, however, the community built up by the Black & Deckerites, was supplied during this time with well water. A gauge, the use of which by the construction department of the Black & Decker

Mfg. Co. was connected with a nearby well and piped water to the main in Towson Heights so that water was continuously furnished the homes on the Heights. Apparently, this was the only part of Towson that did not experience great inconvenience caused by the water being shut off. Towson Heights is steadily developing into a town in itself.
