Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

IN MEMORIAM.

In loving remembrance of our dear mother, REBECCA SEWELL, who departed this life one year ago, April 2nd, 1908.

Rest, rest at last:
Surcease of weary pain forevermore.
No surging rush of death's great tidal wave,
No dread on life's last shore.
Like a tired child
She crept within her saviour's loving breast;
We could not mourn that the dear and wearied head
Was gently laid at rest.
Ours, ours the loss;
The daily yearning for the saint-like face,
The bitter knowledge that no earthly love
Could ever take her place.
To the far east
Her dear, closed eyes are turned in quiet sleep;
No more with joyful heart can she rejoice,
Nor weep with those who weep.
Her work is o'er;
And God has laid to rest his servant's feet,
The weary feet, that for His sake hath trod
In daytime's toil and heat.
Peace, peace at last;
No more of patient waiting time for her;
May we her peace possess when o'er our hearts
Earth's light of life grows dim.

HER CHILDREN.

JOINER.—On March 23, 1909, beloved son of David B. and Elizabeth Joiner, aged 2 years and 17 days.

Mother, father, weep no longer over the little mound,
In heaven shining brightly your jewel will be found;
Just a little stranger in that happy land,
Just a little stranger Christ has called his lamb.
Had he asked us well we know
We should have said, "Oh, spare the blow!"
Yet with streaming eyes we'd say,
"Lord, we love him, let him stay.

AUNT AIDA.

A bitter cup, a shock severe,
To part with one we love so dear;
Our loss is great, we'll not complain,
But trust in God to meet again.

APRIL STYLES IN NEW YORK

Parasols—All Colors With Partiality For Green—Embroidered and Painted Parasols—Pongees—Crochet Roses On Lingerie Dresses—Separate Wraps and Motor Coats—Wedding Gowns.

Some of the new parasols have unusually long handles, termed the "Directoire Novelty Handles", showing that even this department of fashion does not escape the universal contagion. Colors are both gay and subdued, the former illustrated in the brightly-hued Dresden silks of which there is an unusual display this season, and the latter in various shades of green, blue or brown. Embroidered linen still ranks high, and the lingerie parasol is too dear to the feminine heart to be displaced. The many-ribbed Japanese parasol is by all odds the genuine novelty, ranging from twelve to sixteen ribs, with a gay border of ribbon or silk. Pongees are standard, lined with pink or green, and a ribbon-topped parasol with plaided or figured silk in neutral tones, above a lower ribbon border, finds favor with persons of quiet tastes.

LINGERIE DRESSES.

Eyelet embroidery, Val lace and sprays of embroidery are still the standby for lingerie dresses, and human ingenuity is taxed to devise variety in the disposition of these materials. The crochet needle has come to the rescue, and crochet bands up the front, or around the skirt or crochet roses on yoke or sleeves, are new this season, but add to the cost of the dress. In very expensive models, the entire yoke is of crochet work. Lingerie waists are also trimmed by crochet roses and crochet buttons. The new cotton crepes are made into charming lingerie frocks that can be laundered so easily and require no ironing. They come in all the fashionable shades and combine beautifully with all-over embroidery and lace insertion.

MILLINERY.

Spring millinery has settled down on the basis of the immense crown and narrow turn-down brim. Trimmings are plastered against the crown, or on top, as there is no room for them anywhere else. The pendant style, say, small flowers or leaves, suspended from the top of the crown, is coming into favor, and crimson cherries are much used in this style of garniture. Very large straw leaves combined with grapes in small clusters, is a novel combination, and peaches, grapes, plums and even nuts are on imported hats. Large or small roses appear on every style of hat, and not unfrequently a hat is so covered by flowers that it looks like a hugh bouquet.

The above design is by The McCall Company, New York. Patterns may be obtained at any McCall Agency.

SEPARATE WRAPS AND MOTOR COATS.

Some very attractive separate wraps and automobile coats are now being shown. They are made of tucsah silk, pongee, serge and natural-colored linen. The usual shape is a long, rather loose coat of the "hipless cut" sometimes in the three-quarter length and again coming down nearly to the bottom of the skirt. Many of these are fastened at one side of the front. Something entirely new is a full length pongee coat that fastens all the way down the front, entirely concealing the dress beneath and resembling a rather loose Directoire frock rather than a coat. Those of an expensive grade are of Ottoman silk, trimmed with passenterie braid, or embroidered net over silk. There is an army of silk coats variously trimmed by braid, and although the cost may be an item, they cover up many deficiencies besides being thoroughly comfortable.

Easter brides will wear soft satin, either embroidered in crystal or silk around the skirt, or else perfectly plain. The princess is the most popular shape, with a fuller skirt and longer waist, but the separate skirt and waist will also be used.

Veils remain about the same, and trains vary from seventy-two to eighty inches in length, and should always be in proportion to the height of the bride.

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias Dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator * * * makes for normal activity of the entire reproductive system." He continues "in Helonias we have a medicament which more fully answers the above purposes *than any other drug with which I am acquainted.* In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhœa; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhœa (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anæmic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says:

"It is an important remedy in disorders of the womb. In all catarrhal conditions * * and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root:

"In relation to its general effects on the system, *there is no medicine in use about which there is such general unanimity of opinion.* It is *universally* regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal:

"Valuable in uterine hemorrhage, menorrhagia (flooding) and congestive dysmenorrhœa (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.
