Piles.

Piles is so common that every other person you meet is troubled with it more or less. It seems to be a little thing and usually gets little attention. It may not be serious at first, but it makes a man sick—makes him nervous, cross, irritable—unfit for business. It robs him of sleep, takes his appetite—cuts down his flesh—and yet he is careless about it.

Foster's German Army and Navy Cure

will cure Piles. It will cure other things, too, but it is particularly good for Piles. It stops the itch and the ache at once. It may take several days to wholly allay the inflammation and reduce the swelling, but it will do it—sure. Has done it in innumerable cases. Never has failed.

Good for Eczema, Ring Worm, Tetter, Itch, Salt Rheum, Dandruff, Pimples, and all Skin Diseases.

SMITH & CLEMENTS,

Feb. 14, 1895. CHESTERTOWN MARYLAND

Extraordinary Announcemnt.

JAMES A. CASEY, a progressive Rock Haller, is now offering to the people of this county special low prices on his entire stock in order that the bulk of goods now upon our shelves can be reduced. For fifteen years we have been catering to the wants of the trade here, and all during that time we have never thrown out catch-penny advertisements in order to hoodwink the people, but a steady, straightforward plan adopted in the beginning has been continued to the present time, and now for the future we promise greater bargains than have ever been shown in Rock Hall.

✦ THE STOCK ✦

Embraces a general line of goods, and consists of Dry Goods, Groceries, Boots and Shoes, Hardware, Notions of all kinds, including special bargains in Underwear and Hosiery, together with a first-class supply of Gum and Rubber Goods, to extensively used by our oystermen. The approaching holidays get nearer and nearer every day, and don't forget that we are fully prepared to meet your wants, as we can supply you with a complete line of goods at prices unequaled in this community. Our Grocery department receives special care, all the goods being bought for spot cash at headquarters, enables us to place in the homes of our people a line of fresh groceries at prices which are considered rock bottom. In the Boot and Shoe department there are many bargains awaiting you, and a call will convince you that we advertise bargains. Remember, we carry everything to be found in a well-appointed store, and from this time on sweeping reductions will be made, and a number of goods during this month will be closed out at prices that will astonish you. Look out for change of advertisement next month.

JAMES A. CASEY,

JAMES S. BRADLEY

Chestertown, Md., Dealer in

DRY GOODS, GROCERIES, NOTIONS, BOOTS AND SHOES,

and a GENERAL STOCK OF MERCHANDISE, embracing everything to be found in a well-stocked establishment. For 20 years our business has enjoyed a steady increase, and to-day we number among our customers some who started with us in our infancy. In looking over our stock we find that we have too many goods at this season of the year. They must move, consequently we have reduced the price. Many useful articles in

Dry Goods & Boots & Shoes,

are included in this sale, and the advantages to our customers will be more appreciated when they see the goods. GOOD WOOLEN BLANKETS are now in the reach of everybody, as the prices are lower than ever. Our Underwear in Shirts and Drawers are especially cheap, while the complete line of other goods are never higher, but sometimes less than others. Thanking my friends who have dealt with me in the past, I respectfully ask a continuance of the same in the future.

Jan. 10, 1895. JAMES S. BRADLEY, Chestertown, Md.

Wm. P. Howard to the Front.

Important notice of removal to the stand lately vacated by P. B. Darrel, on Front street. Something remarkable—tender beef in Chestertown. Having secured larger quarters I am now better prepared to handle the general trade. Our stock is New and Fresh, and consists of

GENERAL GROCERIES,

☞ INCLUDING FRESH BEEF, ☜

which will always be tender. Smoked Sausage received daily, while our Hams and Breakfast Bacon are the pride of the household. Flour by the barrel or sack. Coffees, Teas and Sugars, and at rock bottom prices. Choice lines of CONFECTIONERY. Also the leading Brands of TOBACCO and CIGARS. Maryland Biscuits and Hot Rolls always on hand, and orders for special use quickly and promptly filled. Very busy now, more to say in this paper later. Give me a call, and don't forget my removal.

Jan. 3, 1895. WILLIAM P. HOWARD.

POSITIVE CLEARING SALE.

✦ E. W. F. SIMPERS, ✦

Front St., Chestertown, Md., Opposite Stam's Opera House.

1st.—At this season of the year I have too many winter goods on the shelves. They must go. The cut in prices for the next two weeks means our loss and your gain.

2d.—We call special attention to our line of CROCKERYWARE, probably the most complete line, and best assortment in the county. Sets of dishes at moderate cost, and a general assortment of Crockery ware to please most any one.

3d.—HOSIERY, BLANKETS, SHIRTS and GLOVES constitute a very important part of our general stock, and the low prices figure conspicuously. Don't forget this department.

4th.—Best of all—**OUR GROCERY DEPARTMENT** is now a household word. Everything is kept fresh and clean. Nothing stale goes over our counters, and the wife is always satisfied because it came from E. W. F. Simpers'. The Sugar Cured Hams are always what you want. Flour in the choicest brands, either by the barrel or sack. The reader knows what a Grocery Department means; it means everything sold in a Grocery store, consequently it is useless to itemize every article. What about the prices? They are all right. Never higher than others, but sometimes a little less. Two weeks later we will have more to say about other lines of goods we are determined to clear out. So keep your eyes open on our advertisement. Resp'y, etc.,

FARMERS IN SESSION.

The Still Pond Farmers' Club Discusses Many Questions of General Interest.

The Farmers' Club held its regular meeting Thursday, at the residence of Mr. J. R. Jarrell. Owing to a combination of circumstances the attendance was small. After being called to order by the president, the minutes were read, and after being corrected in regard to the Turner Raspberry, so as to read, "it is longer lived than the Queen, ripens over a longer period and is desirable as a canner; its drawbacks are that it suckers badly and the berry is rather soft," they were then approved.

Questions were then declared in order, and information in regard to the Thompson and other new raspberries, and the Leucretia Dewberry was asked for. None of those present could answer for the raspberries, but Mr. W. D. Pennington said he had a few of the dewberries; they were about a week ahead of Early Harvest Blackberries, and thought they would find ready sale on that account; had not sufficent experience to give a decided opinion as to the quality of it as a table berry or its profitableness.

It was then inquired if the sleet had injured the fruit prospect? It was the general opinion that it had not.

The question was then raised, is it worth while to plant peach trees? Mr. J. S. Harris said he intended to plant some this spring; he was planting apples, and as they would be planted a considerable distance apart he intended to put them in between. A long discussion of the apple question was indulged in, but no one seemed willing to answer the question in regard to planting peaches. Everybody seemed to think that there should be profit in apples, and the only objection to planting seemed to be as stated by Mr. P. G. Wilmer, that you would have to wait so long for a crop, and the fact that so many of our apple trees die young. Mr. Harris said that while that was true of some varieties, there were many varieties that would come in bearing at from 5 to 7 years of age, and continue for many years. For his part he thought that by a judicious selection we would not have to wait any longer for them than for an ordinary pear orchard.

The question was then asked, Does cutting the tap root of trees in transplanting injure them or affect their after vitality? Mr. Harris said he had received letters from two quite old men in different parts of the country, who claimed that according to their observation over many years, that it did. None of the club members, however, were able to answer the question.

The next question was, what is the best way to get cows for a good dairy? This was under discussion when dinner was announced. The question was laid over until the afternoon, and the club took a recess.

AFTERNOON SESSION.

After being called to order the minutes were read and approved. Out of deference to the modesty of our host, the address was omitted, or perhaps the president forgot to give him a chance. I want to be right about this, as some of the ladies hinted that the newspaper reports get a little bit twisted, and I would not like to offend Brother Jarrell, for fear it might influence his son, whom I hope soon to become acquainted with.

There being no reports, the dairy question was taken up again for further discussion. Mr. J. R. Jarrell and Mr. P. G. Wilmer had some experience in this line, and both were of the opinion that it was best to buy the cows at a time that they would immediately come in profit, as there was much risk and loss in buying calves, or even yearlings and raising them. Most of those present coincided in this opinion.

The next question was, What experience have the members of the club in dehorning cattle; is it worth while to do it? This was ably discussed, and the prevailing opinion was that the cattle were more gentle afterward. While admitting this, several members claimed that it was a very painful operation, and caused a very considerable falling off in the flow of milk. It was stated by one of the members who had his herd dehorned, that he would on no account have it done again.

The next question was, Ought the duties of citizenship be taught in our public schools? This was discussed all around, the ladies taking an active part. Next to dress reform, the subject of education seems to call them out. All the speakers were in the affirmative, and were of the opinion that no distinction should be made on account of sex; also that instruction on this subject should run through all the grades.

The next question was, Which has most to do with moulding the character of the child, the school teacher or the mother? The weight of opinion seemed to be that the mother had.

The next question was, Is it a fact that in all the countries that use the gold or single standard, business is very much depressed, while countries using the double standard are prosperous? This was not discussed to any great extent, because there seemed to be plenty of "outsiders" discussing it, and it will be time enough for us when they get through. Several of the members, however, seemed convinced that the fact was there.

The regular question, How can farmers cooperate for their mutual benefit? was then taken up and opened by Mr. Krusen, who said that he would merely call attention to the fact that there seemed to be a demand for cooperation upon the part of the farmers themselves, and read from the minutes of the Peninsula Horticultural Society extracts bearing on this point, and cited the case of the asparagus growers at their late meeting, in which they saw it would be to their interest to adopt a uniform package so that it could be made as cheapy as possible. Mr. J. S. Harris followed and said that he believed farmers would be greatly benefitted by cooperation, but he was afraid that the time had not come in which they could be depended on to stand by one another in this matter. Mr. Philip G. Wilmer made an excellent speech, in which he said that the farmer had never been educated to cooperate, because up to late years there had been no necessity for it, and he advocated the formation of just such organizations as the Still Pond Farmers' Club, in that they might become more familiar with their mutual wants and needs. Mr. W. D. Pennington warmly seconded Mr. Wilmer's remarks and said that there was no reason why a half dozen clubs should not be in existence in this county alone. He said there were a number in Harford county, and thought that we ought to establish closer relations with them. Mr. Harris warmly seconded this proposition and said we ought to communicate with them and exchange views and experiences.

As the hour for adjournment had arrived, the club selected the subject of fruit packages and marketing fruit for discussion at its next meeting, which will be held at the residence of Mr. E. B. Pennington, on the last Thursday in April. After being treated to a solo by Mrs. E. A. Corey, the club adjourned.

Marvelous Results.

From a letter written by the Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at M. A. Toulson's drug store. Regular size 50c. and $1.00.

ON THE RAISING

—OF THE—

Bronze Statue of Chief Justice Marshall.

We are glad to see you, John Marshall, my boy,
So fresh from the chisel of Rogers!
Go, take your stand on the monument there,
Along with the other old codgers;
With Washington, Jefferson, Henry, and such,
Who sinned with a great transgression
In their old-fashioned notions of Freedom and Right,
And their hatred of Wrong and Oppression.
You come rather late to your pedestal, John,
And sooner you should have been here,
For the volume you hold is no longer the law,
And this is no longer Virginia.
The old Marshall law you expounded of yore,
Is now not at all to the purpose,
And the martial law of the new Brigadier
Is stronger than Habeas Corpus.
So keep you the volume shut with care,
For the days of the law are over;
And it needs all your brass to be holding it there,
With "Justice" inscribed on the cover.
Could life awaken the limb of bronze,
And blaze in the burnished eye,
What would ye do with your moment of life,
Ye men of the days gone by?
Would ye chide us, or pity us, blush or weep,
Ye men of the days gone by?
Would Jefferson tear up the scroll he holds
That time has proven a lie?
And Marshall shut the volume of law,
And lay it down with a sigh?
Would Mason roll up the Bill of Rights
From a race unworthy to scan it?
And Henry dash down the eloquent sword
And clang it against the granite?
And Washington seated in massive strength
On the charger that paws the air,—
Could he see his sons in their deep disgrace,
Would he ride so proudly there?
He would get him down from his big brass horse,
And cover his face at our shame,
For the land of his birth is now "District One"—
Virginia was once the name.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word **"Castoria"** and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be **absolutely harmless?**

Do You Know that **35 average** doses of Castoria are furnished for **35 cents,** or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of Chas. H. Fletcher is on every wrapper.
