Frederick Female Seminary

FREDERICK CITY, MD.

The Scholastic duties of this Institution will be resumed on Tuesday, the 1st September next.

The State of Maryland appropriated $50,000 for the founding of this School, with the intention that it should be in all respects a Seminary of the highest order—a School where the daughters of Maryland and other Southern States could receive an education adapted to the advanced attainment and intelligence of her people and the institutions of the States which should be highly moral and religious in its character, but not sectarian.

It is located in one of the most healthy and beautiful valleys in the State, and is accessable to all parts of the country by railroad and telegraph. The extensive and superb building; the spacious halls, and professors rooms—the commodious lodging rooms elegantly furnished and well ventilated,—baths of the purest mountain water—extensive Chemical and Philosophical Apparatus and all other desirable educational conveniences, a faculty well known at home and abroad for refinement, professional skill and learned ability, are some of the evidences before the public that the Frederick Female Seminary is all that the Legislature contemplated when they made the appropriation, and 12 years of unprecedented prosperity have secured for it a high reputation at home and abroad.

There are ample grounds for exercise in the open air, and the whole of its basement, (which is above ground,) is fitted up for a Gymnasium for the Young Ladies to exercise in during inclement weather. The new edifice just completed will afford accommodations for from 40 to 50 more Boarding Scholars. These improvements make it one of the most extensive and complete establishments in the U. S., and parents from a distance may rest assured that no effort will be spared to sustain the high reputation that the School already enjoys.

For Board and Tuition, including furnished Rooms, Lights, Fuel, Washing, etc., $200 per Scholastic year; payable half yearly in advance.
