SATURDAY, SEPTEMBER 25, 1909.

THE resignation of Mr. Charles S. Smith as candidate for Register of Wills on the Republican ticket has been received by Mr. John C. Davis, Chairman of State Central Committee. The vacancy will be filled at once. What's the use?

THE management of Stam's Hall is to be commended for the effort to maintain order. There is no reason why the public's pleasure should be spoiled by a few persons who do not know how to behave themselves.

THE white voters of Washington, the capital of the country, of all parties and of all degrees of wealth and intelligence, were disfranchised, at their own request, by a republican Congress, because of the grave peril to good government of the large illiterate and irresponsible negro vote in that city.

CHESTERTOWN is certainly to be congratulated upon the efficiency of its Volunteer Fire Company. On Monday a burning building seemed doomed but within seven minutes from the time the alarm was given Chief Cannan and his men were on the scene and had the fire under control. It was excellent work.

NEW YORK clothing manufacturers—most reliable authority—assure us that the new tariff bill will increase the price of clothing, such as are worn by the working man, at least 50 per cent, that is the cheaper grades of ready-made clothing will be advanced from $2.50 to $5.00 a suit. This is food for the working man to reflect on while reading the speeches of President Taft in his circle around the country.

GOVERNOR MARSHALL, of Indiana, who was invited to make the trip down the Mississippi with the Taft party, has declined because his wife was not invited, explaining that during the fourteen years he has been married he has never "been separated on any occasion" from his wife. There are *some* married men in Kent who can beat this record, and there are some others who would welcome the opportunity.

TUESDAY was political day in Chestertown. Messrs. C. D. Wood and T. Benjamin Crew, our active young candidates for county commissioners, were here and are meeting with favor everywhere they go. Messrs. H. C. Willis, Jesse Copper, W. J. Tarbutton and others were also here and report the committee getting ready for registration and the Democrats generally in line. The mass meeting for Kent has been fixed on Tuesday, October 19th, when noted speakers will be present afternoon and night.

By their own actions the Republicans admit that the colored voters are not qualified to hold office, otherwise why do they not nominate some of them. Is it not because they think they are only qualified to help elect Republican nominees to office, and want to use them for this purpose as they have been doing ever since the negroes were emancipated? By nominating some of them for office the Republicans would best show that they believe them qualified to exercise the rights of franchise.

BEYOND PARTY.

In discussing the "Color Question" the Philadelphia Ledger in a recent editorial called attention to the fact that England in granting a South African constitution limited the powers of government to those of European descent, reversing the policy that had obtained which pretended to grant equally to all races, including the remark "that so far as the government, society and the higher forms of civilization were concerned it would be impossible to give equal rights to the colored races without threatening the whole fabric of society."

Thus it will be seen that the most liberal monarchy on earth is legislating atong precisely the same lines as are the Southern States. England, and her great minister, recognize the absolute unfitness of the negro to participate in government, and is wisely taking steps to prevent such participation. One after another the Southern States have passed laws nullifying as far as possible any privileges granted the negro by the Fifteenth Amendment to the Federal Constitution.

This fall the people of Maryland are called upon to vote upon an amendment to our State Constitution having the object in view—the curtailment of negro suffrage. The question is one that goes beyond partisan politics and vitally concerns, as Mr. Balfour says, "government, society and the higher forms of civilization."

If you have a proper conception of your duty as a citizen you will therefore vote for the proposed amendment without regard to party or politics.

"The suffrage amendment will not disfranchise any white voter in the State, native or foreign born."

A WHITE REPUBLICAN'S VIEW.

A number of intelligent Republicans throughout the State will vote for the amendment. A well-known Republican, who declined to give his name, came out for it Tuesday while talking to several friends. In expressing his opinion he said:

"In my judgment the negro has always been a drawback, instead of an asset, to the Republican party, and as long as the race continues to be such a large part of it I do not see how it can be successful in Maryland. We now have an opportunity to get rid of the negroes, and I intend to do my part. If they are not eliminated from our politics this year, I believe a number of white Republicans will become allied with the Democratic party, and I would not be surprised if I were not one of them. While the Republican leaders have always catered to and protected the negroes, I know of a number of our candidates who have been defeated as the result of their treachery. It would not surprise me if there are not hundreds of white Republicans who believe as I do and who will vote for the amendment.

"The cry that the ratification of the amendment would convert Maryland into a one-party State is, in my judgment, nonsensical. With the negro eliminated it would then be a question of men and policies for each party, and the best side would win. I have too much regard for the intelligence of the State to think that it would permit one party, if it gave the State a corrupt administration, to remain in power. It would be turned out at the first opportunity."

NEXT TEESDAY is the first day of registration. If you have moved within the past year you need a transfer. Let every Democrat see to himself and look for new votes.

A WORTHY TRIBUTE.

JOSEPH N. WHEATLEY.

The Management of the Royal Insurance Company, Limited, through its special representative, desires to place on record a slight tribute to the memory of MR. JOSEPH N. WHEATLEY, its late local representative, whose sad and untimely death is sincerely lamented.

Mr. Wheatley represented this Company for a number of years, and during that time gave indisputable evidence of the possession of those attributes of character which commended themselves not only to the business institutions with which he was connected, but to the individuals with whom he associated and by whom he was held in high esteem.

Whilst always true and loyal to the interest of his Companies, yet he was ever mindful of the interest of his patrons, thus showing a full conception of his obligation to the Companies he so well represented and to the people who entrusted him with their business.

A man of strict integrity and honesty, of courteous and gentle manner, he made, as he deserved, many friends, and the officials of the Royal Insurance Company, Limited, desire to give expression to the keen regret experienced at the loss of their faithful representative, and to extend their sympathy to his family and friends.
