DEMOCRATIC TICKET.

For Representative in the 56th Congress of the United States:

COL. JOHN WALTER SMITH,

OF WORCESTER COUNTY.

THE RESULTS OF TUESDAY'S REGISTRATION indicate a lack of organization and interest on the part of the Kent county democracy while the enemy are alert and active. It would be a fatal mistake to underestimate the importance of this year's election. Kent county, and, indeed, every county of the State, has need of vigilence and aggressive action in the matter of getting every democrat entitled to a vote, on the registration list. The splendid results of last year were largely due to the systematic work in the registration. Tuesday next will be the last chance to register, and no effort should be spared to make the democratic list complete. Col. Smith is worthy the support of an undivided party, and Kent should do her whole duty in swelling his majority in the fall election. Democrats, awake to your duty, and the result cannot be uncertain. Register early in the day.

IT WILL BE with feelings of extreme pleasure that Chestertown will extend a splendid hospitality to the nearly two hundred delegates in attendance upon the annual State convention of the Woman's Christian Temperance Union. The noble band of women who are devoting their time and talents to ennobling and uplifting the world will find many kindred spirits in the little city by the Chester. However much some may question the methods employed to accomplish the God-like mission which this organization of zealous, fearless and self-sacrificing women have in view, the end is one to challenge the admiration of the great throbbing public heart. Tens of thousands of homes into which the blight of intemperance has stolen like a deadly canker to kill and ruin, are looking to the W. C. T. U. for deliverence; other tens of thousands of pure, untarnished lives still in the beauty and purity of unsullied childhood are having the healthful atmosphere of christian temperance thrown around them like a mighty bulwark of safety, through the efforts of this glorious organization; public sentiment is silently crystalizing along the lines mapped out when the organization like a beautiful inspiration came into being, and the end is not yet. The wave of silent influence put in motion in thousands of American homes twenty-five years ago has borne and is bearing a golden fruitage.

Some adverse criticism has been indulged in relative to the fact that colored delegates will attend the convention to meet on Tuesday. In Maryland there are ten colored Unions all of which have the privilege of sending delegates. Of course these delegates (only several will attend) will be entertained by their own people and will occupy seats just as colored persons are often welcomed into the churches of all Christian white people. It should rather be hailed as a reassuring sign for the future that the colored people should resolve to adopt lives of temperance; and that the demoralizing effects of alcohol should be abandaned for the more elevating influences of sobriety and order. Welcome the day when the colored masses determine to take this great stand for purer lives and nobler ambitions. Assist them to stand on this rock-ribbed foundation and there will be less use for court houses, jails and asylums.

The TRANSCRIPT extends a most cordial welcome to this noble band of Christian women. The sessions will be interesting, and it is hoped that many will attend and inform themselves of this noble work.

THE COMING W. C. T. U. CONVENTION AS AN EDUCATOR.

An opportunity rarely found is about to be given the citizens of Chestertown and vicinity, to learn much of the workings of this powerful organization, and what it has accomplished in the twenty-five years of its existence. To those who have hoped and expected to see the saloon and speak-easy banished from our midst ere this, we would say its work has been mainly educational and the necessary training of many years in all branches of education is likewise demanded in this. In the thought of one writer that "it was not Napoleon that made the world tremble but public sentiment behind him," we would say it is not the simple organization of the W. C. T. U. that is making King Alcohol tremble, but the public sentiment it has created. The advanced ground along the line of public demand for temperate habits is shown most plainly in the management of railroads for the safety of the traveling public by enforcing sobriety among its employees, and the substituting of rigid temperance discipline in the army and navy, for the rum rations served in wars of former years. In this great work of educating that has seemingly been advancing at a "snail's pace," but surely all the same we, of Kent County Union are glad to know it has helped a little in placing the means of scientific temperance instruction in our public schools for all its pupils, and opened a channel for the temperance sentiment of our county to voice itself through the societies of the Christian Endeavor, Epworth League, King's Daughters and others in the National Canteen Petition, which it is hoped will banish forever from our army and navy in time of war or peace, the liquor that demoralizes the soldier and degrades the nation. The Kent County Union extends a cordial invitation to the citizens of Chestertown and vicinity to meet with them in all sessions of the coming State Convention, and learn of the good work being done. It also assures the community of the high appreciation of the support so cheerfully given in co-operating in the entertaining of the convention, and prays its coming may bring Christ's blessing to every heart and home as it takes up the Master's work. PRESS SUPT.

Deafness Cannot be Cured.

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

COLONEL SMITH FORMALLY ACCEPTS.

Pledges Made by the Democratic Congressional Nominee of the First District.

SNOW HILL, MD., SEPT. 30, 1898.

Messrs. Joshua W. Miles, William F. Applegarth, Stephen P. Jump, Lloyd Wilkinson, and Dr. Charles H. Rose, Committee—

Gentlemen:—I beg to extend to you my thanks for the official information conveyed in your letter of September 20 of my nomination for Congress by the democratic party of the First Congressional District of Maryland, as well as for your kind and encouraging words, coming as that nomination does by the unanimous vote of the convention which selected me, and without solicitation on my part. I accept the honor so flatteringly bestowed, although feeling the great responsibility thus imposed upon me.

Two years ago, for the first time in a period of about thirty years, the republican party succeeded, by a slender majority, in electing its candidate to represent this district in the Lower House of Congress. This was owing to peculiar conditions then existing, but which, I am convinced, do not exist to-day. Then the party was far from harmonious. Now it is united. Being normally democratic, there is no reason to fear, if we do our duty, that the district this year will not return to the democratic fold, where it naturally belongs.

We are an agricultural people. The democracy has always been, is now and will continue to be the friend of the farmer and the laboring classes.

We are opposed to a protective tariff, to monopolies, combines and trusts, intended to oppress the people.

The republican party has proven itself a friend to all these iniquitous things. Why, then, should the district have a republican representative in Congress?

I fully and heartily endorse the platform of the convention which nominated me. I am in favor of the coinage of gold and silver money, without discrimination against either metal.

Whilst patriotically accepting the glorious results of the war with Spain, and commending, with all my heart, the heroic deeds of the officers and men who brought about those results, I am, nevertheless, in favor of a most rigid investigation into the management and conduct of the war, that the responsibility for the unnecessary and deplorable suffering and sickness of our brave soldiers may be placed where it properly belongs, to the end that merited punishment may be meted out to those through whose incompetence, corruption or crime such a horrible and disgraceful condition was brought about or made possible.

That the soldiers of this rich and powerful country, who had left their business, their families, and their comfortable homes and had volunteered to sacrifice their lives, if need be, for their country's cause, should be allowed to suffer and die for the lack of proper food or proper medical attention is an outrage that should be resented to its fullest extent by a patriotic and grateful people; and I hereby pledge myself, should I be elected to Congress, to exert my whole power towards bringing to justice the guilty parties, however high their official standing or potential their official influence.

Should I be elected, whilst recognizing the duty I should owe to the whole State and to the country at large, I should also feel it my duty, as it would be my pleasure, to look carefully after the local affairs of the First district, and particularly to see that we receive our just share of national appropriations for needed improvements of our rivers and harbors.

I feel that the redemption of this district this year, by a substantial majority, by the Democratic party, would be the first step toward the return to that party of the entire State next year.

A united and harmonious Democracy can bring about both results.

That Maryland should be restored to Democratic control, can any one deny who looks back over the past three years of Republican extravagance and mismanagement?

Taxes are growing higher, year by year, in the city, of Baltimore and in many of the counties of the State, and those in power are even now hatching gigantic schemes for spending the people's money by the millions of dollars, upon worthless or doubtful enterprises.

In the five consecutive sessions I have had the honor of representing my county and State in the Maryland Senate I have endeavored to serve the people of my State faithfully and conscientiously, never losing sight of the interest of the masses, and should I be honored by a seat in the Lower House of Congress I shall likewise use my utmost efforts to properly represent my district, my State and my country.

I trust, gentlemen, the voters of this district may aid me in my efforts in the present campaign to restore the democracy to power and eventually to bring about that happy result we so ardently desire, namely, the restoration of the entire State to democratic control, and I feel confident, if the democrats of this district are true to themselves and to their party, and do nothing to play into the hands of the enemy, democracy will be triumphant as of yore and my election assured.

Your humble servant,

JOHN WALTER SMITH.

EN-ROUTE FOR THE KLONDIKE.

Mr. C. H. Lewis Writes Interestingly of the Trip to the Goldfields.

Capt. C. H. Lewis writes most interestingly from St. Michaels, Alaska, to Mr. John L. Lewis, his nephew, at Fairlee. The writer of the letter below, is superintendent in the Lewis Klondike and Expedition Company, of which Wm. H. Evans is president, and W. F. Rogers, treasurer. Capt. Lewis wrote on board the steamer, Wm. H. Evans, connecting at mouth of Yukon with ocean steamer, City of Columbia. Of course all personal references are omitted.

Capt. Lewis writes:

I arrived here on September 1st after a long and rough voyage of 71 days from Seattle to St. Michaels, a distance of 5500 miles the way we came, but I don't think there is any other *Klondike* party that has seen as much of Alaska as we have, or I don't believe *any* one party has, for we have a stearn wheel steamer that is 28 feet from the top to the bottom, 205 feet long and 38 feet wide, and I don't think that any boat ever built was in so many different ways in a sea and came out as she did and remain tight. I don't believe that we pumped 100 barrels of water out of her in the 71 days. She draws 36 inches of water. I had a crew of 50 men all told, seamen, carpenters, blacksmith, and so on. I had besides myself in my crew from Kent county, J. R. Lewis, H. S. Jones, Archie Bowers and J. Baker, and they were as good seamen as was ever on a vessel's deck. We passed glaciers that were 7 and 8 hundred feet high, and from 3 to 30 miles wide. It was a beautiful sight to see the ice between two mountains, piled in to a height of 1 or 8 hundred feet high. At one place near Ayakalat, where the prospectors crossed the glaciers there was one young man that fell in an opening of the ice and went down 200 feet and wedged in the ice, and the rest could not pull him out, and of course his body will stay there until the ice comes out of the hole, which may be for ages. This is a great place! There are hundreds of people that crossed Chilkoot Pass and built boats at Lake Bennett and started down the river and could not stop long at any place, for it is about 2500 miles from here, and if they get any gold it would have to be on bushes. There is a great deal of suffering here, but there is a plenty of work for those who want work, at 4 to 5 dollars a day. I will leave here September the 7th, but don't expect to get to Dawson City this winter, but will be in an iceberg. Well, I will write to you and give the experiences as I go.

Your Uncle,

C. H. LEWIS,

Master, Steamer Wm. H. Evans.

Turner & Son

are offering Lumber and all kinds of Building Materials, such as Lime, Hair, Cement, Brick, Hardware, etc., at very close prices, based on cash buying and low freighting. (We have our own vessels.)

Lumber.

We buy all our Lumber from the manufacturer, White Pine in the west, Georgia Pine from Georgia, N. C. and Va., Frame Stuff from mills in North Carolina and Virginia, Flooring, Ceiling, etc., from same mills, Shingles from Florida and North Carolina. No middleman and cash purchases enable us to sell you a little lower than city houses—freight added.

☞ *All things being about equal, why not buy at home, haul as you like, see stock as it is delivered.*

LIME,
HAIR,
CEMENT,
BRICK,
HARDWARE.

We buy in large quantities to get best prices and save freight by our own vessels. In estimates you gain all this—on small sales—we divide with you.

We are after business, and will thank you to give us a chance to figure on your needs.

Turner AND Son,

Betterton, Md.

☞ Lumber, etc., delivered at any point, rail or water.

An Extra!

A Big Cut in Bicycles.

In order to quickly close out our remaining stock of wheels, we offer some of the biggest bargains of the year.

It will pay you to investigate.

We have some strictly high grade wheels at the lowest prices ever quoted. The lot is not a large one—better come quick.

Remember, you now have two of the finest months of the year for wheeling.
