**Iron Will**

That great strength of mind and body, that exhaustless energy, that IRON WILL that make a famous merchant out of a humble clerk, a millionaire out of a penniless immigrant, a Lincoln out of a wood-chopper—often come from red blood—rich in iron.

"Do you lack power of decision, energy, and stamina? Are your ambitions greater than your strength? You need not be discouraged, says Dr. James Sullivan, formerly of Bellevue Hospital (Out-door Dept.), New York, and Westchester County Hospital. "By feeding the blood pure organic iron—Nuxated Iron—many a weak, run-down, discouraged man has changed to a red-blooded American, full of force and energy that wins success." Nuxated Iron is used and endorsed by former United States Senators and Members of Congress, and by such world-known men as Paderewski, ex-Premier of Poland. It often increases strength and endurance in two weeks' time.
