"MONEY TALKS," and when it is in our bank it keeps saying, "Don't worry, I'm here." The more money you have in the bank the louder it talks. Educate your children in banking and money matters as well as in books. The best way to teach them is to let them have an account with us. The Women and the Bank Account have been separated too long. The best place for them to get together is at the Kent County Savings Bank. We will cheerfully explain any points you do not understand. SEED TIME AND HARVEST. Harvest follows seed time. Likewise, riches follow the opening of a savings account. Have you one with us at 3 per cent. compounded every 6 months? Come in and make a deposit and get one of our interest savings books. A NEST EGG. You young men, sometimes misfortune may overtake you in money matters. Then it is that the good sized "Nest Egg" in the savings account comes in handy. Those of you who have never made an effort to save are invited to come and see what we can do for you. THE KENT COUNTY SAVINGS BANK. We make an earnest effort to accommodate all classes; a bank where all may feel at home; a place where those of moderate means may expect the same treatment as those more favorably situated. STOCKING BANK AND COFFEE POT BANK! Sixty years ago! What a difference in methods! Then the hard-earned dollars were put in a leather bag or an old coffee pot and hid under the hearthstone or cellar floor. Confident that this bank fully meets the public's needs, we tender its services to all who believe in keeping on the safe side.

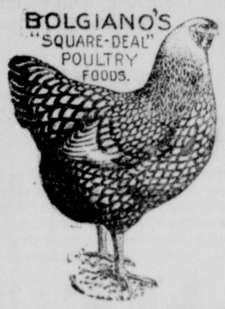
YOU CAN RAISE 100% OF CHICKENS HATCHED



PRAISE WHERE PRAISE IS DUE.

"I have been most successful with my incubator chickens this year, having raised 100 per cent. of chickens hatched. In former years I was only able to raise about 40 to 50 per cent. Then I fed them on home products, but this year I am feeding Bolgiano's "Square Deal" Foods entirely, and attribute my success to your nicely balanced foods. My hatches were made with one of your Buckeye Incubators. I tell you this because I believe in giving praise where praise is due."—Written on September 26th, 1911, by Miss Lulu Thomas, of Fearsons, St. Mary's county, Md.

WEDDING BELLS

MRS. MARY E. SAUNDERS has issued invitations to the marriage of her daughter, Elizabeth S., to Mr. George A. Carroll, at 7 o'clock, on Tuesday evening, January 16, 1912, at her home near Rock Hall. A reception will follow the wedding.

Mr. Keene Horsey and Miss Audrey Vansant, of Galena, were married in Wilmington on September 25th, 1911, by Rev. George L. Wolfe.

Miss Addie N. Biddle, daughter of Mr. Samuel Biddle, of near Crumpton, and Mr. Clarence H. Morris, son of Mrs. Ella Morris, of near Starkey's Corner, were married Tuesday evening of last week at the Methodist Episcopal Church, by the pastor, Rev. E. H. Derrickson. Mr. and Mrs. Morris will reside near Denton, where the groom is farming.

JESTER—BAYLOR.

A very pretty wedding took place last Tuesday at 5 o'clock at the residence of Dr. W. H. Baylor, 1311 N. Caroline St., when his daughter, Mabel Louise, became the bride of Mr. Wallis P. Jester, son of Mr. Edw. P. Jester, of 1600 East Biddle St., Baltimore. The ceremony was performed by Dr. Baylor, father of the bride. The bride wore a blue traveling suit with hat to match. After the ceremony the happy couple left for Savannah, Jacksonville and other points. They will be at home to their friends after February 5th, at 1600 East Biddle St., Baltimore.

BALTIMORE GETS BIG CONVENTION

The Democratic National Committee Tuesday selected Baltimore as the city for holding the next national convention and the date June 25. Baltimore offers to give $100,000 for the convention.

The Fifth Regiment armory, in which the Democratic national convention will be held, is one of the largest and finest buildings of its kind in the country and admirably adapted for convention purposes. It is a massive stone structure, occupying nearly two city blocks in the uptown section, only a few blocks from both the Pennsylvania station and the Mount Royal Baltimore and Ohio station, and convenient to all city car lines. It is estimated there will be 1,000 delegates and 1,000 alternates while about a hundred thousand people will likely attend from all over the country!

LOST.

A MINK NECKPIECE was lost at the Christmas dance held in Davis & Satterfield's hall, Chestertown, on December 28 last. It was left in the ladies' cloak room. Reward if left at the KENT NEWS Office. jan6-3t

WINTER REIGNS.

Mercury Drops to Near Zero—Good Sleighing, Thick Ice, Frozen Water Pipes And Slippery Walks.

King Winter dropped in on us last Friday since which time the mercury has been hovering about zero, the lowest record being 2° above on Monday morning. Monday night at 10 o'clock the mercury registered 36° and Tuesday morning another cold wave had arrived sending the mercury down to 16°. Sleet and snow has covered the ground and made sleighing and coasting fine in town, but owing to the rough roads in the country the sleighing was not very good.

Messrs. W. C. Townsend, R. F. Parks, Barrett Smith, R. J. McWhorter, Frank Baxter, William T. and Earle Nicholson, William T. H. Whiteley, Ray Bowers, Edward Fowler, Ralph Barnett, Mrs. J. B. Hossinger, Capt. W. C. A. Thompson, Kennard Aldridge, C. Maul, George Bell, Bedford Fitter, Fred. S. Russell, Frank C. Miller, George McWhorter and others have been participants in some speedy and vivacious contests on High street during the past week.

It has been a busy time for plumbers frozen water pipes being plentiful. One gentleman was called out 2 A. M. and was kept up until 6 A. M., thawing out his pipes. Another gentleman says he felt water trickling on his head and upon opening his kitchen door leading upstairs was surprised to see the water pouring down the steps from a broken pipe!

The skating on Chester river has been fine and enjoyed by old and young. The river was frozen tightly from shore to shore to a thickness of four inches.

Mrs. J. W. Bailey, who resides near Chestertown, was seriously injured Sunday morning by the explosion of a water-back which had frozen and bursted when fire was made in the stove. In Baltimore city scores of water-backs broke injuring some persons seriously. One woman had her leg broken in three places by flying pieces of iron. Most of these accidents resulted from starting a hot fire after pipes had froze.

THE B. S. Ford did not get any further than Rock Hall last Saturday and returned at once to Baltimore. No boat has since been here.

Communications with Philadelphia by water, after a delay of a week, was resumed Wednesday. The Ericsson Line steamers Lord Baltimore and Ericsson came through the canal with difficulty. Boats were tied up by the ice on Tuesday at Turkey Point and were released by the icebeat Latrobe. The Lord Baltimore started back with the Anthony Groves, Jr., in her wake.

Skating on Chester river has been thoroughly enjoyed.

Snow began falling Thurday night at 7 o'clock and grew yesterday into a veritable blizzard with the mercury hovering about 10°. Rural carriers had a rough trip as did the milkmen and all others who were compelled to be out.

Accidents.—Miss Marietta Loud, daughter of Mr. and Mrs. J. Cordray Loud, fell on the streets of Kennedyville yesterday morning while going to her school in that village and broke her arm. She was carried to the home of Dr. J. W. Urie and given every needed attention, and returned to her home on the noon train.

Miss Marion Horn sprained her ankle Thursday night while coasting on Ellason's Hill.
