Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Prest., Buffalo, N. Y.

All Bound Round With a Telephone Line

In a Bell connected community it's not "how far is it to neighbor Perkins'?" But "Is neighbor Perkins' ring three?" The ring of a bell and you have him.

In marketing, in matters of farm routine, in emergencies, the telephone adds to the farmer's ease and profit.

Mrs. Holden has been confined to her home for some time.

Mr. and Mrs. Gale gave a wild goose supper Tuesday night.

Mr. Chas. England has been indisposed for several days.

Mrs. Adolphus Davis who has been ill for some time is improving.

Mr. Jonathan Jones and Miss Daisy Felton spent Monday eve at the parsonage.

Mrs. Chas. Spry who has been visiting her sister near Newark, returned Wednesday.

Emmanuel Church: Sunday School at 10, preaching at 11. Trinity, Millington: Sunday Senool at 2, preaching at 3. 7 30 Illustrated Sermon: Gods and Shrines of the heathen world.

Stormy weather has been a great hinderance to church work in the country, nevertheless people ought at least to show as much interest in religious matters as in business. It is bad personal and public policy just because the roads are not smooth, or the weather a little inclement to "cut out" the public worship of God. The attendance on the public worship of God may be considered, in the majority of cases, the thermometer of one's religious possession. The people who ignore the public worship of the Almighty are not community builders; they add nothing to the moral fibre of the growing generations; they are leeches tapping, so far as they can, the vitals of society.

GALENA ITEMS.

The light snow fall of Sunday night made it much better for sleighing and many jingle bells are out.

Mr. and Mrs. Raymond Prettyman and little daughter, Louise, of Denver, Col., are planning to visit their parents, Rev. and Mrs. A. P. Prettyman. They will probably reach here by the last of this week.

The bank may be a safe place to keep money all right, but many citizens of this town are ready to testify that the little strip of asphalt, in front of the bank isn't always a safe place to keep your equilibrium.

Another store in town! Mr. Edward Morgan, one of our enterprising young men, has opened a tinning and repair shop, next door to the postoffice. Our town very much needed an establishment of this kind and we wish the young man success.

Some folks in town have had thrilling experiences this week with bursted water pipes, broken pumps and flooded bath rooms and kitchen. One prominent citizen was heard to remark that they had been thawed out several times now they would do without water a while.

Sunday was observed as Missionary Day at Olivet M. E. Church. The sermon and music of the morning service were appropriate for the occasion, the text of the discourse being "Go ye into all the world." In the evening a very interesting and instructive service was held consisting of exercises, songs, recitations and readings by the little tots and older folks, and an address on "Our Opportunity and What we are Doing for China," by the pastor, Rev. R. H. Adams. The collections both morning and evening were splendid.

Our Ladies Very Busy Nowadays.

"Darling."

"Well, John?"

"Are you going to be very busy tonight?"

"You know I am. This is the night our five hundred card club meets."

"Well, how about tomorrow afternoon?"

"Tomorrow afternoon our club has a tea."

"Dear, dear! Then how about Tuesday evening?"

"Tuesday evening a few members of our club will play pitch at the home of Mrs. ——."

"I'm sorry. Will you be engaged on Wednesday evening?"

"I shall. Our card club meets that night and a grand set out is anticipated."

"How unfortunate—er— not that you are a member. It's unfortunate that you will be engaged. Do you expect to be at home Thursday evening?"

"I do not John. I have promised to serve tea at the card party at Mrs. —— and on Friday the club meets again. But what is it you want, John?"

"Oh, nothing! I merely thought if you were going to be at home some night soon I'd get you to sew a button on my trousers, but perhaps I can find a seamstress to do it whose time isn't quite so taken up as yours."

SANDY CLAY ROADS.

The road builders and those who have studied road construction are rapidly coming around to the appreciation of the sand-clay road as a permanent form of road constructing material. The old and very expensive system of macadam is certainly losing in favor, as it is proving that the sand-clay is an excellent substitute and immeasureably cheaper. In fact, it is the cheapest kind of roads, the cost on an average not exceeding $250 a mile, while the average cost of macadam road is about 20 times as much.

Cleveland county has recently made some extensive experiments with the making of sand-clay roads. The Hickory Democrat says of the work in this county:

"Contractor Eddleman, who is working a chain-gang force of about 40 men, builds his roads this way: He grades the road for 25 feet wide and uses a crown 16 feet wide. He does not mix the sand and clay, but puts on a top soil on the level grade, about 12 feet sloping slightly to either side. This top soil he gets out of the adjacent fields. Mr. Robinson brought some of it with him. It was a gritty, yellowish soil with a good deal of sand in it.

"Mr. Eddleman does not pack this down with steam rollers but uses a wheel scrape and smoothes it out. If it should go into a hole he would go over again and scrape again.

"He does not use an expensive stockade for his convicts, but simply a shack in by 50. Each man is chained to a

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.
