DEMOCRATIC TICKET.

For Representative in the 56th Congress of the United States:

COL. JOHN WALTER SMITH,

OF WORCESTER COUNTY.

WELCOME WHITE RIBBONERS.

Welcome, White Ribboners! May the glorious work in which you are engaged bear a golden fruitage in the saving and uplifting of the world; may millions yet unborn, benefitted by your noble sacrifices, rise up and call you blessed. As was said before you honored the little city by the Chester by your presence, so says the TRANSCRIPT now that you are here, tens of thousands of homes into which the blight of intemperance has stolen like a deadly canker to kill and ruin, are looking to the W. C. T. U. for deliverance; other tens of thousands of pure, untarnished lives still in the beauty and purity of unsullied childhood are having the healthful atmosphere of christian temperance thrown around them like a mighty bulwark of safety, through the efforts of this glorious organization; public sentiment is silently crystalizing along the lines mapped out when the organization like a beautiful inspiration came into being, and the end is not yet. The wave of silent influence put in motion in thousands of American homes twenty-three years ago has borne and is bearing a golden harvest.

THE NO-MONEY CAMPAIGN DODGE is being advocated by Would-Be-Congressman Jackson's friends. No man not absolutely lost to all sense of right would disparage any move for the introduction of purity along the line proposed, where flagrant abuses exist. Abraham Lincoln is credited with that vigorous expression applicable to allaffairs of life that: You may fool all of the people once, you may fool some of the people twice, but you can't fool *all* the people *all* the time. Our republican neighbors will be required to bring forth fruits meet for repentance before they can hope to find Col. Smith's friends napping.

TRUE TO THEIR PARTY.

To show their loyalty to party and consistency as opposed to figuring as a side-show to the republican campaign of Mr. Wilbur F. Jackson, the money-bag candidate for Congress, the following ringing resolutions were passed by the Chester Bryan and Sewell Democratic club of Queen Anne on Monday:

WHEREAS, the Chester Bryan and Sewell Democratic Club of Queen Anne county, Md., having learned of the organization on the part of certain Democrats (?) for the continuance of Republican control in this State by the nomination of a silver candidate for Congress in this, the First Congressional District; and whereas, these same silver bolters of the Democratic party were the most censorious against the Palmer and Buckner element during the last Presidential campaign.—

Resolved, that the action on the part of all persons connected with this bolting movement is thoroughly inconsistent, and every individual connected with it receives our condemnation.

Resolved, that we, as a club and individually, will use every honorable means to poll a full vote in our several districts for Col. John Walter Smith, the regular Democratic Congressional nominee.

FOR A FARMERS INSTITUTE.

Kent Farmers Should be Prompt and Active in Securing at Least One Meeting.

Prof. W. L. Amoss, director of State Farmers' Institutes, has commenced the work of trying to arouse the agricultural masses to an interest in the profitable and highly interesting meetings which he first inaugurated in Kent last year. It will be possible to hold but one institute in each county, and with marked consideration for the wishes and convenience of the farmers Prof. Amoss has sent out papers to be signed by the farmers designating the place for holding the meeting. Prof Amoss says:

"If the farmers and business men of any section desire an Institute about January or February, provided greater inducements are not offered by another locality in the same county, it can be secured by a liberal endorsement of this petition in compliance with the requirements herein set forth, to wit:

"The Institute management will furnish posters, circulars, programs and speakers on the varied topics pertaining to agricultural advancement and economic methods in farming, home environment, stock raising, feeding, dairying, swine husbandry, poultry, horticulture, etc., etc.

"The Institute management will pay all salaries, traveling expenses and hotel bills for the regular workers, but the people where the Institute is held are required to furnish ample hall room, (seated to full capacity,) fuel, lights, janitors and reduced (first class) hotel rates; also to distribute the advertising sent, in a judicious manner, and have local notices published of the place and dates of the Institute in the several newspapers tributary thereto, *without expense* to the institute management.

"Committees of your most prominent citizens should be provided, in both town and country, to attend to the details of securing attendance, accomodation and comfort to this agricultural meeting for your farmers, with a *chairman and corresponding secretary*, to keep in close touch with this office and your people The object of all this is to systematize the work of preparation, that no farmer within reach of this Institute shall have reason to complain that he did not know of the meeting or he would have attended.

"Let it be clearly understood that regular speakers, outlines, apparatus, transportation, hotel bills, posters, circulars and programs are all paid for by the institute director. But halls, fuel, lights, janitors, distribution of posters, circulars and newspaper edvertising must be provided by the citizens where the Institute is to be held". *All free. No charges. No collections.*

Deafness Cannot be Cured.

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

Hall's Family Pills are the best.

IN ANOTHER COLUMN will be found a reference to Prof. W. L. Amoss' move for a State Farmers' Institute in Kent county. This matter is worthy the prompt attention of the farmers. Would it not be well to call a meeting at once, and not only request that the Institute be held, but some concert of action should be taken to secure a rousing attendance when the meeting is held.

TOWN ILLUMINATION.

EDITORS TRANSCRIPT:—For a number of years we, the tax-paying citizens of Chestertown, have been fully aware of the great need of the town for light. We have had a number of small gasoline lamps throughout the town. Moonlight nights—that is, nights when, according to the calendar, the moon should shine—these brilliant lamps are not lighted. Economy is always praiseworthy in our town fathers, provided all things are equal. Taxes are none the less because of poor light in our case. Taxes seem to the writer to be quite sufficient to warrant good lighting. We need it, and now we have a chance to be fully and properly lighted. Because the enterprise was started by outsiders is no reason why the town should not take electric light. The needs are such as make the case one of great urgency. Let the people of the town take action. If the business people of Chestertown, the householders and others, will petition the town commissioners, such petitioners being the ones on whose shoulders the burden of town taxes are placed, I cannot help feeling that action would be taken and our town put in line with the other towns of the Shore, showing a progressive spirit and a desire to give the people full and ample returns in the way of a well lighted town.

TAX-PAYER.

Three Doctors in Consultation.

From Benjamin Franklin.

"When you are sick, what you like best is to be chosen for a medicine in the first place; what experience tells you is best, to be chosen in the second place; what reason (i. e., Theory) says is best is to be chosen in the last place. But if you can get *Dr. Inclination, Dr. Experience* and *Dr. Reason* to hold consultation together, they will give you the best advice that can be taken."

When you have a bad cold Dr Inclination would recommend Chamberlain's Cough Remedy because it is pleasant and safe to take. Dr. Experience would recommend it because it never fails to effect a speedy and permanent cure. Dr. Reason would recommend it because it is prepared on scientific principles, and acts on nature's plan in relieving the lungs, opening the recretions and restoring the system to a natural and healthy condition. For sale by M. A. Toulson.

A Grand Millinery Display!

E. G. MARSHALL & CO.,

Millinery Parlors.

OPENING DAY has come and gone, and hundreds availed the chance of a lifetime in witnessing the finest display of High Art Millinery that has ever been seen in Chestertown. As soon as the curtains rose on the morning of the 7th instant there was disclosed to the expectant eyes of the many fair fashionable feminines (of which our town can justly claim a goodly number), all that is beautiful and rich in High Art Millinery, "neat, not gaudy." Most noticeable, at first glance, was the beautiful and artistically decorated windows, the lights and shades of cloud effects on high light was most beautifully blended and harmonized serenely with the rich and varied hues of the many shapes of loveliness below. Here we see favored shapes of soft, vivid colors; in fact, all that is codsidered *recherche*. Here is the New Blue, very becoming to some; delicate fawns, rich scarlets, mode browns, rich pile black velvet, and combinations of silks and velvets beautifully blended to harmonize. A very handsome hat in the New Blue is of medium size; it is of blue satin, centre puffed onto a frame and trimmed with full rosettes of satin ribbon, shered with shaded amber blue velvet, hollowed points, filled in with rosettes, held by cut steel buckle and band. Another noticeable hat is a very handsome toque of royal purple, appliqued with cream lace; a drooping ostrich plume curves from side to front clustered with violets, keeping in touch with colors which produce a beautiful and harmonious effect.

To give a detailed description of all the many rich, rare and beautiful gems of the high art is more thad we feel capable of doing justice. "To be satisfied is to see."
