Philadelphia Patent SILO.

I WISH to announce to the public that I have taken the agency for the Philadelphia Patent Silo. Among many reasons why the Philadelphia Patent is the best in the country are: its continuous opening, permanent iron ladder, no bolts, nuts or screws; no band iron strips to rust and spoil ensilege, a boy ten years old can work it, etc. I will have sample put up at the Tolchester Fair. Call and examine.

THE FAIR A SUCCESS!

A Fine Exhibit of Kent and Queen Anne's Products.

FARM, GARDEN AND ORCHARD.

ATTENDANCE ON THE FIRST DAY ESTIMATED AT 5,000—PRIZES AWARDED IN ALL DEPARTMENTS.

The Kent and Queen Anne County Fair, which opened on Tuesday morning at Tolchester, was a great success. The fair on the opening day was visited by over 5,000 people. Superintendent G. E Noland and his staff of assistants had everything in fine order by the time the steamers from Baltimore arrived. Despite the drouth which has prevailed in Kent and Queen Anne counties, the displays of fruits, cereals and garden products were remarkably good.

The Main Exhibition Hall was where the thousands of ladies found greatest delight. Canned goods, jellies, pickles, tempting cakes, pies and tarts; beautiful and delecate needle work and embroidery, and the myriads of things which only the deft hand of woman can do, gave a charm and interest to this great emporium of exhibits of woman's handiwork. Then, too, the biggest melons, the most luscious peaches, the finest grapes, the yellowest pumpkin and the tallest corn, together with many other products of the farm were in this hall.

The school children's exhibits of freehand drawing, maps and sewing was very interesting. In fact, several hours could have been profitably spent in the household department.

Medders & Co., of Still Pond, of course had the largest and handsomest individual exhibit of beautiful goods. Mr. Medders was personally in charge, and the restful corner furnished with handsome furniture, elegant rugs and settees, curtains, rockers, etc., was visited by hundreds of tired visitors to the fair.

Mr. and Mrs. Charles J. Reiche entertained hundreds of delighted visitors by rehearsing the merits of the Wheeler & Wilson sewing machine, and showing specimens of its wonderful work.

Mr. James Johns, of Church Hill, exhibited that wonder-worker among churns, the Cyclone.

In the department of agricultural implements, Messrs. George W. Smith, Joseph E. Walters, the Canning and Mercantile Company of Kent, B. F. Fleming, John E Haddaway, were on hand with fine exhibits.

Turner & Son kept "open house" in their heanquarters and had many callers.

The exhibit of sheep was exceptionally fine. There was not a big display of cattle, but Judge R. D. Old, of New Jersey, said after judging them that he had found some specimens which would win at any show. There was a good and numerous lot of horses and mules to be seen. Included in the lot were standard breds, general utility, saddlers, etc. There was a fair lot of swine shown.

TUESDAY'S RACING EVENTS.

The chief event was a $1000 stake for the 2.30 trotters. This was the first of several $1000 stakes offered by Tolchester, Timonium, Prospect Park, Electric Park and Gentlemen's Driving Park this fall.

The 2 30 stake had 13 entries, but only six of them faced the starter. Little Belle, owned by Mr. M. H. White, of Herford, of N. C., won her race in straight heats. She has a mark of 2 19¼. In the first heat the fast little Baltimore mare, Kitty Fisher, made several breaks, and was distanced. Little Belle was favorite in the betting, with Kitty Fisher and Dr. Bookner selling even as second choices. Margie Z., from the Walton Stock Farm, Virginia, was the closest competitor the winner had. The track was slow by several seconds, as the weather has been so dry that the course could not be put in its best shape.

Considering the conditions the time made—2 21½—was very creditable Horsemen were much interested in this, the first of the stake races, as it gave them a line to pick a winner for the 2 30 stake at Timonium next week.

The first race on the card was for the three-minute class of trotters from Kent, Queen Anne and Cecil counties. It had nine entries, but only four started.

Leslie Palmer, a son of Happy George, by Happy Russell, won in straight heats. Leslie Palmer—2 23½, a mark made at Easton last week—was driven by Mr. Edward B. Emory. He clearly outclassed his field and won as he pleased in show time. He was a rank favorite in the betting.

The day's racing concluded with a race for 4-year-old pacers. It brought out three of the Happy Russell family. Lord Avon gave Happy Spring a good race. Stella B. was not up to racing form. The farther the pacers went, the faster they got, the last heat being in 12¼ seconds better time than the first.

THE DAY'S SUMMARY.

The summaries follow:

Happy Spring, blk c, by Happy Russell (E H Johnson)	1	1	1
Lord Avon, grc (Dunn)	2	2	2
Stella B. br m (F W Johnson)	3	3	3

Time, 2.43¾, 2.35, 2.31½.

The officials were: Col. Robert Hough, starting judge; Dr. G. A. Jarman and W. P. Finley judges; James G. Beck and W. B. Stevens, timers; F. W. Sustenauer, clerk of course.

Among those at the track was Mr. Arthur P. Shanklin, secretary of the Baltimore County Agricultural Society. He received a number of entries for the race meeting to be held at Timonium September 2 to 6.

Col. Robert Hough, the sporting judge, that day received an offer of the position of starting judge at the Rockville, (Md) race meeting, October 7 to 10. He had closed a contract for that week with the York (Pa.) Fair and Race Association.

WEDNESDAY'S EVENT'S

The second day of the harness race meeting at Tolchester was attended by about 8,000 people. The track was not fast, but the racing was good.

For the first time in a big meeting the system of sandwiching three races was tried. It proved very satisfactory. There were three events on the card and they were won in straight heats each. There was an average of three seores for each heat, and it took exactly three hours to finish up the day's sport.

The contest of the day was the third on the card. It was the $1,000 stake for 2 20 trotters, with 10 entrants, and 6 starters. Col. Robert Hough got them off nicely. Happy Jack, owned by C. H. Moore, Indiana, Pa., had speed enough to pluck the plum.

The fight for places was a grand one. In three heats three horses each got a second place. The third heat was a great contest, and Happy Jack was forced out in 2.22¼.

The 2.30 pacing race had nine starters, and seven survived the race. It was won by the mare Madelin, owned by Dr. W. W. White, of Baltimore, and driven by Seeley. A feature of the event was the performance of James Lightning, owned by Charles Weiss, of Annapolis. The horse had been ailing lately, and as Mr. Weiss is but an amateur driver, Lightning was not thought to have much chance. He was well driven and proved himself a racehorse by winning second money.

The second race on the card was for 4-year-old trotters, and had four starters. Among the drivers was Robert Brawley. He has not looked so fit in many years. His horse was also right, and they landed the race and money. M J Kohn's Black Beauty, driven by R. Biggs, made a good race, and got second money. James Egan, owner of Mary E., was well pleased with his mare's performance, as C. F. Barnes drove her well enough to get their money.

AT TOLCHESTER THURSDAY.

About 20,000 people saw the racing at Tolchester on the the third day of the Kent and Queen Anne's County Fair.

The starter, Col. Robert Hough, on Wednesday afternoon stepped into a depression in the ground and turned his ankle, spraining it so badly that he was confined to his bed.

Mr. Romeo Biggs was selected by Superintendent Noland to do the starting.

TEACHERS' INSTITUTE.

A Pleasant Program of Instruction and Entertainment Provided for Next Week.

Next week, commencing with Tuesday morning, promises to be a notable occasion with the teachers of Kent county. After weeks of careful labor Examiner Peterson has perfected the arrangement of a program which promises to be one of the most delightful ever given on any similiar occasion in Kent.

There will be present gentlemen eminent throughout the east in educational work.

On another page of this issue will be found a full program and those who will participate.

To insure a carrying out of every detail for the entertainment of the several day's proceedings the following committees were named:

Committee on Music—Misses Jeannette Gooding, Ida Wood, Nellie Barwick, and Mr. G. B. Taylor.

Receiving Committee—Misses Sophie Miller, Mary E. Nowland, Lula E. Thomas, Arsula Moffett, Clara L. Jones, Helen Link.

Committee on Decorations—Misses Julia M. Burchinal, Aimie W. Hill, Laura Thomas, and Prof. John T. Bruehl.

Ushers—John T. Bruehl, W. C. Copper, J. Raymond Simpers, M. W. Thomas.

Miss Mildred N. Crawford, Pianist.

A nominal charge of twenty-five cents for tickets of admission to both evenings' entertainments is made, and the proceeds will be appropriated to the School Library Fund.

Examiner Peterson appends this note "To the Teachers," to the official program:

"The Teachers' Institute is intended for the professional instruction of teachers. To promote its success teachers will please observe the following:

"Be punctual and regular in attendance.

"Be willing to learn and ready to give information to others.

"Give close and earnest attention to every lecture.

"Be free to ask questions to gain information.

"Be careful to take full notes to retain the information you have gained.

"Be certain to bring your music book with you to the institute."

GREAT IS BEDWORTH, JR.

The Young Kent Countian Goes in the Sensational Time of 2.06½.

Bedworth, Jr., the young Kent county pacer belonging to Mr. William Bell, has become the sensation of the sporting world. After weeks of apparent quiet in the grand circuit the Kent county racer burst like a meteor across the sky, on Wednesday.

Bedworth Jr. 2 14¼ was entered for his initial appearance in the 2.14 pace at Providence, Rhope Island. While his friends felt assured that Bedworth could cut seconds off his old record, they were scarcely prepared for his brilliant performance of 2 06½ on Wednesday.

This short but comprehensive paragraph told to the world of the new luminary in the list of candidates for a place among the great horses of America:

"Sensational time was made in the 2.14 pacing class, when Bedworth, Jr., hitherto unknown, won two straight heats easily, both in 2 06½."

Bedworth has been the most discussed horse ever raised in Kent and is probably the speediest youngster ever foaled in the State.

DEPOT WILL BE MOVED.

To Come Down Town At an Early Date.

Messrs Wilbur W. Hubbard, William E. Valliant and Jefferson D. Bacchus, on Tuesday, called upon Supt. Brooks, at his Philadelphia office, relative to the removal of the Chestertown depot nearer the business centre of the town. The gentlemen stated to Mr Brooks that all obstructions in the way of rights-of-way to their lot at the foot of Cross street had been practically removed and that the people were anxious to know something definite in the matter.

Mr. Brooks gave the committee audience and assured them that the new depot will be located at the foot of Cross street. A telegram to Mr. Hubbard from Mr. Brooks on Wednesday, stated that the necessary papers were being prepared and that work will commence at the earliest possible date. This it is believed finally and definitely settles the depot location.

Contractor Culp has received no official notification, but has the material in place and is ready to commence work immediately upon orders from headquarters.

Mr. JOHNSON HERE.

Favors Calling a Road Convention to Inspect Permanent Improvement.

Engineers Johnson and Harris, accompanied by Mrs. Johnson, are guests at the home of Mr. and Mrs. W. Irving Walker, in Queen Anne. Messrs. Johnson and Harris are over to inspect the fine piece of permanent road improvement which was completed about three weeks ago. They are delighted with the work, and referred to the recent Cumberland road convention as having been attended with excellent results. They think that substantial benefit might attend a road convention to which should be invited the boards of county commissioners of the counties of the Eastern Shore, and all others interested in public road improvement.
