SATURDAY, NOVEMBER 8, 1902.

THE SOCIALISTS gained over three hundred per cent. in their vote in Massachusetts.

MONEY IS KING in the First Congressional District,—shall we "hats off" and bow to the lord of the dollar-mark? Never.

KENT COUNTY did nobly in Tuesday's "battle of the ballots." Many, very many of her citizens rose superior to the seductive voice "dollar for your vote."

THE DEMOCRATIC BATTLE of 1903 should be at once inaugurated and kept up persistently until the close of the polls one year hence. Good men can win the battle in Kent in 1903

MR. ELLEGOOD, the Democracy of Maryland and hosts of good citizens everywhere congratulate you upon your splendid services to your party and State. That money and corruption prevailed against you is no fault of yours. The "man with an issue is always to be admired," and your public services, sir, will not be forgotten. Hon. William H. Jackson is abundantly welcome to his corruption—bought glory.

CECIL GOES DRY.

Cecil county will be dry after May 1 next, when the new local option law, which was successful at the polls in Cecil county on Tuesday, goes into effect. The law will be different from the law regulating prohibition four years ago, when liquor could be obtained from the drug stores on a physician's prescription. Under the new law more restrictions are placed upon the drug stores, and no one can obtain liquor unless it be a regular practicing physician of Cecil county, who must apply in person to receive the same. Under the law no perscriptions shall be permitted, and in the event of anyone needing liquor the same must be procured by a physician practicing in the county. Cecil county is at present under a high-license law and no saloons are permitted; hotels, which are limited to two in each district, with three at Elkton, and two wholesale houses in the county alone being licensed to sell. The defeat of license at the polls came as a great surprise to many who were confident that the license people would be successful. The license advocates attribute their defeat to the light vote. For license, 2,094; against license, 2,159.

Kent Technically Republican

IN REALITY THE DEMOCRACY AND A PURE BALLOT WON IN THE COUNTY ON TUESDAY.

MARYLAND REPUBLICAN BY 8,201.

Returns From the State and Elsewhere.

While the official returns show that Mr. Jackson won in Kent by 147 votes, as a matter of fact the Democracy and a pure ballot won a signal victory at the polls on Tuesday. The Democrats made their campaign upon the issue of anti-bribery and a fair election as outlined by their congressional candidate, Mr. Ellegood. Not one cent so far as we know, was used beyond the perfectly fair and legitimate expense of conducting the campaign. On the other hand, from Republican sources, it is learned that Mr. Jackson furnished $1,500 of the sinews of war. This was used in the purchase of Kent county voters, and it is but fair to infer that Mr. Jackson's fund was largely supplemented by the contributions of local leaders and office holders.

In the fourth, sixth and seventh districts the Democracy did gloriously in its fight for a clean election.

Election Figures in Maryland and Other States

The latest returns from Tuesday's election in Maryland confirm the results given in the Baltimore *Sun*. The candidates elected and their respective pluralities are as follows:

First District—Wm. H. Jackson, Republican, by 1,683.

Second District—J. Fred C. Talbott, Democrat, by 1 552.

Third District—Frank C. Wachter, Republican, by 179

Fourth District—James W. Denny, Democrat, by 580.

Fifth District—Sydney E. Mudd, Republican, by 4 620.

Sixth District—George A. Pearre, Republican, by 3,888

The majorities for Messrs. Mudd and Pearre are very large, but there was in neither case any marked increase in the Republican vote. There was, however, a great decrease in the Democratic vote.

Mr. Pearre's vote in Frederick was 1,000 less than he received two years ago. In Allegany it fell off about 1,500 and in Washington county 1,100. His increased majority therefore came from the greater falling off of the Democratic vote.

At the State election last year every county on the Eastern Shore gave a majority for the head of the Democratic ticket—Dr. Hering, candidate for Comptroller of the Treasury. This time only three counties gave Democratic majorities—Cecil, Queen Anne's and Worcester—and the "Shore" swings around from a Democratic majority of about 3,000 a year ago to over 1,500 for the Republican candidate. Queen Anne's was the banner Democratic county, and gave almost the normal majority of about 500. The only counties in which there was a decided Democratic slump are Worcester and Wicomico. The former gave Dr. Hering last year a majority of 1 200 which dwindled this year to 58.

The Republican plurality in Maryland is 8,201, and in Baltimore city 320. In 1900 the State gave 13,947 and the city 6,916 Republican plurality.

With the returns from a few close districts in doubt, it is shown by the latest dispatches that the Republicans will have a majority of about 25 in the next House of Representatives. Their majority in the present House is 40. Chairman Jas. M. Griggs, of the Democratic Congressional Committee, concedes the Republican victory.

The Senate after March 3, 1903, will consist of 55 Republicans, 30 Democrats and 3 Independents, who will vote with the Democrats. The Republican majority will be 22.

A decided surprise was the election of a Democratic Governor in Rhode Island by 6,000 plurality.

The plurality of Odell (Rep.) in New York State is now estimate at 8,867. Bird S. Coler and other Democrats charge that there has been fraud up the State.

In Delaware the Legislature is surely anti-Addicks, but the Democrats will not have enough members to elect United States Senators.

The West Virginia Congressional delegation will be solidly Republican. The Virginia delegation will consist of nine Democrats and one Republican, the victory of Col. W. J. Stemp (Rep) in the ninth district being assured.

Republican pluralities in States not previously enumerated are estimated as follows:

Pennsylvania	140,993
Ohio	100,000
Indiana	30,000
Illinois	60,000
Massachusetts	37,479
New Jersey	10,000
Iowa	70,000
Wisconsin	40,000
Michigan	32,000
Kansas	35,000
Montana	2,000
Utah	5,000
Washington	10 000
Wyoming	4,000
South Dakota	17,000
Idaho	3,000
Nebraska	5,000
California	2,000

Outside of the South the only States carried by the Democrats were Rhode Island, Delaware and Nevada.

In Wall Street, after a slight boom at the opening, stocks fell in price. It was said that there was fear of anti-trust legislation by Congress.

HOW THE COUNTIES VOTED.

The Democrats carried only seven counties by pluralities as follows:

Baltimore county	1,300
Cecil	125
Harford	410
Howard	300
Montgomery	158
Queen Anne's	490
Worcester	54
Total	2,837

The counties in which Republicans received pluralities were:

Alleghany	1,600
Anne Arundel	1,400
Calvert	576
Caroline	100
Carroll	263
Charles	1,265
Dorchester	600
Frederick	1,100
Garrett	900
Kent	148
Prince George's	1,100
Somerset	612
Talbot	394

ELECTION AFTERMATH.

The election is over; Mr. Jachson is elected, and Mr. Wilbur Eliason has won his first campaign in Kent; political gossip and speculation have come as necessary sequences to recent events in the county.

Conspicuous of course, in figuring as to future events in the field of local Republican politics, is the name and personality of Mr. Wilbur Eliason, who practically outlined and planned the recent campaign.

It is stated as coming with some authority, that Mr. Eliason would not be averse to filling the clerkship of his county, and that he will ask and receive the nomination at the hands of his party.

On the other hand it is said that Capt. Daniel Hill, president of the board of county commissioners for two terms and a gentleman of considerable strength in his party, has heard the strenuous buzzing of the clerkship bee around his political bonnet. Capt. Hill's friends also take kindly to this, and as Mr. Urie and the captain have been "political chums," it is to be presumed that a double motive would prompt Mr. Urie to cast his fortunes in the scale with the second district politician as against Mr. Eliason. This would, of course, mean interesting conditions.

Mr. Eliason had been selected by some as an excellent selection to represent his county at Annapolis in the capacity of Senator (of course if he could secure the election) but Republican ticket-makers have gotten so much in the habit of nominating Senator James H. Baker for that importont position that it is claimed that it would be a real discourtesy to the Republican conscience to interrupt this happy precedent. This then, should it hold good, must mean that Senator Baker will receive the senatorial nomination in the year 1903.

It is conceded that Mr. John David Urie would be only too glad to step into the senatorship with a view to securing a foothold in State politics, but it is also conceded that Mr. Eliason and his friends will never consent to the elevation of the present State's attorney into so important a sphere of action. Of course, if Mr. Urie can "win out" in a primary fight, Mr. Eliason will not be consulted in the matter. But granted that Mr. Urie accepts the inevitable and makes no contest for the senatorship, it is quietly rumored that he is slated for the Insurance Commissionership should his party win the governorship next year. However much Mr. Urie may be a back-number in local Republican affairs, it is a known fact that he still has the ear of certain State leaders and some are disposed to believe that there is at least some color of truth in the coupling of the name of Mr. Urie with the commissionership.

But what about the State's Attorneyship with the present possessor of that extremely lucrative plum removed as a possibility as his own successor? Mr. Sidney P. Townshend is ineligible and there is no other possible candidate. Well, if Mr. Urie positively refuses to retake up the sponge which he has so succes fully squeezed for seven years past, there's an end to it; it must go by default to a Democrat. Those in a position to know, declare that Mr. Urie will not be forced on the ticket as a candidate for his present place.

Political conditions in Kent will be watched with more than ordinary interest from the present until next November when every public official in the county will be elected except Messrs Ayres and Rasin in the county commissioner's board.

Mr. Clarence Price, a staunch Republican and a gentleman who has claim's upon his party, rumor says, will ask to be put on the ticket for the Orphan's Court. Mr. Price was barely defeated in the Republican convention last year by half a vote. He had then made no fight for political preferment, but if reports are true, and we believe they are, Mr. Price will ask in no uncertain way that he be one of the candidates on the ticket for Orphan's Court next time.

A voter at Pomona is reported to have said on Tuesday: "I never did vote for a woman and shant do it now. Auntie Bribery will not get my vote—I don't care what she is, Democrat or Republican."

There were just about 1500 of Hon. Wm. H Jackson's dollars floating around in Kent on Tuesday. True to the notice served on Chairman Beck, this money was put into circulation among a certain class of voters. The cashier's office was in a secluded spot and the public and open barter and sale of Kent county manhood was conspicuous by its absence from around the polling places, but went on as usual.

It is a fact that many Republicans in Kent preferred Democratic success to Republican victory—and *sub rosa*, said so.

That Republicans are saving their "sinews of war" for next year's great battle of the ballots was clearly shown on Tuesday. Some gentlemen who are accustomed to contribute to "the fund" were not called upon at all, and others were told to "hold back" until next year when the money would be needed worse.

Chestertown wore a real Sunday air all of Tuesday. At no time were the poles in any way crowded.

Lieut. William Spear Brownley was the first to deposit his ballot in precinct one of the fourth district.

Capt. Morris K. Barroll, of Fort Howard, on the Patapsco, came to his old home and helped keep down the Republican majority.

Editor Larry Bates Russell lost his nerve early on Tuesday, and is reported as having forecasted a Democratic majority in the county of 50. Mr. W. H. Lambert, Jr., gave the Democrats 25. Mr. Urie was somewhat non-committal, but was not "expecting much."

"A slight disturbance" took place at Kennedyville. Nothing serious—only a Republican veteran ran against a Democratic Gibralta.

Stepped Against a hot Stove

A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment and especially valuable for burns, cuts, bruises and sprains. For sale by M. A. Toulson.

Containing 31¼ Acres,

more or less, situated in the Second Election District of Kent county, Maryland, on the public road from Chestertown to Kennedyville, about six miles from Chestertown and two miles from Kennedyville, both places being on the line of the Pennsylvania Railroad system.

This property consists of a FLOUR AND FEED MILL, a

with kitchen and Stable and Carriage House. The dwelling is old and in fair condition.

The mill was remodeled last year to the latest improved system of grinding, scalping and bolting and is now almost new throughout. Power is supplied by two turbine wheels under 12 feet head. The water is abundant at all seasons. There is no better water power and no more desirable milling property in Kent county. It is situated in one of the finest grain sections of the State and has local demand for all its produce, being close to several thriving towns and villages and has paid a good profit for many years. The mill is now idle due to a break in the dam during the recent rains. It can be put in condition for operation in a few days. This property is offered for sale in order to settle the estate of the late William W. McKnett. Possession will be given upon ratification of sale.

TERMS OF SALE.—One-third of the purchase money cash on the day of sale, the residue in two equal instalments in one and two years from the day of sale, the deferred payments to bear interest from the day of sale, and to be secured to the satisfaction of the assignee.
