Have you tried our Sausage? We also handle Salt Meats.

CHARLES W. COPPER,
The Up-Town Butcher,
7-tf. Opposite N. C. Crow

RYDALE'S TONIC

A New Scientific Discovery for the

BLOOD and NERVES.

It purifies the blood by eliminating the waste matter and other impurities and by destroying the germs or microbes that infest the blood. It builds up the blood by reconstructing and multiplying the red corpuscles, making the blood rich and red. It restores and stimulates the nerves, causing a full free flow of nerve force throughout the entire nerve system. It speedily cures unstrung nerves, nervousness, nervous prostration, and all other diseases of the nervous system.

RYDALE'S TONIC is sold under a positive guarantee.

Trial size 50 cents. Family size $1.00

James Washington, Grace Bowser, Isaac Bowser, Martha Washington, Carrie Thomas, Emery Thomas, Fannie Johnson and Amos Johnson
versus
George Washington and Irene Washington.

In The Circuit Court For Kent County In Equity. No. 1546.

THE object of this bill is to procure a decree for partition of the Real Estate of Henry Washington, colored deceased, among his heirs at law, or if partition cannot be made without loss and injury to the parties entitled that the said Real Estate be sold and the proceeds thereof be devided among the heirs at law.

The bill states that Henry Washington colored deceased, was in his lifetime seized and possessed of certain Real estate situated in Broad Neck in the 7th District, of Kent county, containing six acres of land more or less, improved with a dwelling house.

And the said Henry Washington being so possesed of said Real Estate departed this life sometime in February in the year 1905 intestate—leaving surviving him following heirs viz:—James Washington, Grace Bowser, Martha Washington, Carrie Thomas, Fannie Johnson, George Washington and Irene Washington, whom your orators are advised are his only heirs at law, each being entitled to an individual one seventh part thereof.

And that the said Grace Washington intermarried with a certain Isaac Bowser and the said Carrie Washington intermarried with a certain Emery Thomas, and that Fannie Washington intermarried with a certain Amos Johnson, and that the said George Washington and Irene Washington are infants under the age of 21 years of age.

And the bill states that the said Irene Washington is a non resident of this state and resides in Palladelphia, Penn., and the bill further states that the said George Washington and Irene Washington being infants under the age of 21 years your orators cannot have a valid sale of the said Real Estate without the intervention of this Honorable Court.

And the bill further states that the said Real Estate is not susceptible of division among the heirs at law, without loss and injury to them.

To the end therefore that then a decree may be passed for a partition of the aforesaid Real Estate among the parties entitled, or in case partition cannot be had without loss and injury to them, then that the same may be decreed to be sold and the proceeds thereof destributed to the respective heirs at law.

It is thereupon this 8th day of March 1905, ordered by the Circuit Court for Kent county as a court of Equity that the plaintiffs by causing a copy of this order to be inserted in some newspaper printed and published in Kent county once a week for four successive weeks before the tenth day of April giving notice to the said non resident defendent, Irene Washington, of the object and substance of this bill and warning her to appear in person or by solicitor on or before the 28 day of April next, to show cause if any she has why a decree should not be passed as prayed.

JAMES T. DIXON, Clerk.

True Copy, Test:—
JAMES T. DIXON, Clerk.

Mch. 11, 1905—4t.

The American Girl.

WHAT MAKES HER POPULAR.

The American girl is admired and liked at home and abroad because she is the happiest, usually the healthiest and friendliest of girls. She is fond of life and is alive to everything beautiful and good in existence. Mrs. Langtry has said that the American woman has little to learn from her English sisters.

Dr. Pierce, the specialist in women's diseases, of Buffalo, N. Y., advises simple exercises for women, preferably in the outdoor air. But many women are confined to the house and their household duties or their business confines them to poorly ventilated rooms.

If a woman suffers from a headache, a backache, a sensation of irritability or twitching and uncontrollable nervousness, something must be wrong with the head or back, she naturally says, but all the time the real trouble very often centers in the womanly organs. In 98 per cent. of cases the seat of the difficulty is here, and a woman should take rational treatment for its cure. The local disorder and inflammation of the delicate special organs of the sex should be treated steadily and systematically.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay $500 for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

GRANDFATHER'S BAROMETER

BY B. L. PUTNAM.

Not a dainty affair with silver or satin trimmings, nor yet with the credentials of Uncle Sam attached; but a constant companion, shifting from woods and fields to skies—this was the weather bureau of our grandfathers; and mingled with the signs and omens of old there was just enough of fact that the oldtimer sometimes gets the best of it now in foretelling the weather.

"Rainbow at night, sailor's delight;
Rainbow in the morning, sailors take warning;
Rainbow at noon, rain very soon."

Just adapt this couplet the next time a rainbow comes your way, and see for yourself.

A combination of rain and sunshine was also supposed to bring rain the next day.

Another verse which found favor was—

"Evening red and morning gray
Will set the traveler on his way:
Evening gray and morning red
Will pour down rain upon his head."

This is but an adaptation of the adage that a red sunset is a sign of clear weather. And if the sun goes down in a cloud rain will surely come the next day. If smoke from the chimney settles instead of excepting in dry weather, when, the prophet assures us, "all signs fail."

If it clears off in the night, look for rain the next day. If smoke from the chimney settles instead of rising, there is a storm at hand. When sound travels a long distance there is also a storm near. Never expect much storm in the old of the moon. The absence of dew and an unusually heavy dew are alike forerunners of rain.

Not much frost need be expected in the light of the moon. An owl hooting in the hollow is a sign of a cold storm; on the hill it foretells a thaw.

If the hornets build low the winter will be hard. When leaves fall early the winter will be long. When snow falls on a hard road it will not last long. The last spring snow storm never comes until after the "sugar snow", which may be reconized by coming in unusually large flakes and only lasting a few minutes. If the hog's melt is found big at the front the first part of the winter will be the most severe; if the reverse is true, we may look for hard weather in February and March. Bright "northern lights" bring severe cold. If the sun shines on the second day of February so as to permit the woodchuck to see its shadow, it will go back into its hole and remain six weeks If March comes in like a lamb it will go out like a lion; if it comes in like a lion it will go out like a lamb. In other words, one extreme at the beginning promises the reverse at the end of the month. Sundogs indicate a bad storm.

Distant sounds heard distinctly forebode no good weather. If the sun "draws up water" it will rain. The pitcher sweating and the tea kettle boiling dry also indicate rain. Cobwebs thickly apread upon the grass are an indications of fair weather.

Animal life seems, according to the popular notion to have peculiar warnings regarding the weather changes. Some of these are explanable by natural causes. It is a fact recognized by all intelligent stockmen that cattle have an intimation of an approaching storm some hours before it is visible to the human eye. There is a certain restlessness which the cowboy has learned to interpret at once. When you see a pig pasturing in the field build for itself a nest you may look for a storm. Chickens take extra pains in oiling their feathers just before a rain. Pea fowls send forth their shrill cries as a warning, and when the quail cries "more wet" from the meadow, the farmer works briskly to get his hay under shelter. If the chickweed and scarlet pimpernel expand their tiny petals, rain need not be expected for a few hours. Bees work with redoubled energy just before a rain. If the flies are unusually persistent either in the house or around stock there is rain in the air. The cricket sings at the approach of cold weather. Squirrels store a large supply of nuts, the husks of corn are unusually thick, and the buds of deciduous trees have a firmer protecting coat if a severe winter is at hand. If the popular or quaking asp leaves turn up the under side rain will soon follow.

If the fog rises in the morning, it is a sign of rain; if it settles, a clear day may be expected. Watch the smallest cloud you can see. If it increases in size it is going to rain; if it melts away and vanishes completely, fair weather will follow.

If the camphor bottle becomes roily it is going to storm. When it clears, settled weather may be expected. This idea has seemingly been utilized in the manufacture of some of our cheap barometers. The main trouble is, they seldom fortell the change until about the time it arrives.

Last, but not least, the rheumatic can always tell it "in their bones" when a storm is approaching, and to this prognostication the octogenarian of to-day as firm an advocate as were his forefathers.

Attractive as our Homes.

Ten Thousand Churches painted with Longman & Martinez L. & M. Paint, and are most attractive.

Liberal quantity always given free.

4 gallons L. & M. mixed with 3 gallons oil, will paint a house.

Wears and covers like gold.

Don't pay $1.50 a gallon for linseed oil, which you do in ready-for-use paint.

Buy oil fresh from the barrel at 60 cents per gallon and mix with Longman & Martinez L. & M. Paint.

It makes paint cost about $1.20 per gallon. De Lancey Gregory Fort Plain, N. Y. writes:

"Have sold L. & M. paint for over 25 years, and everyonn is surprised to find how little is required to paint a big house." Sold by Smith & Graham, Chestertown; F. H. Harper & Son, till Pond; J. W. Ivens, Worton.

Thousands Have Kidney Trouble and Don't Know it.

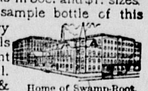
How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and $1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.



Home of Swamp-Root.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Farmers and Merchants, Builders and Housekeepers
