

State Police Force To Add New Patrolmen

The Commissioner of Employment, Twenty-two Light Street, Balto., Maryland, has published a notice to establish an eligible list for "Patrolman" and "Sub-Station Clerks" on the Maryland State Police Force. Application blanks are available at the following State Barracks:

Barracks "A", Waterloo, Jessups P. O., Maryland; Barracks "B", Frederick, Md.; Barracks "C", Cumberland, Md.; Barracks "D", Benson, Md.; Barracks "E", Salisbury, Md.; Barracks "F", Conowingo, Md.; Barracks "G", Randallstown, Md.; Barracks "H", Waldorf, Md.; Barracks "I", Easton, Md., or may be secured direct from the State Employment Commissioner, twenty-two Light Street, Baltimore, Maryland by writing a request.

Those interested in becoming members of the Maryland State Police Force should note carefully that the closing date for receiving applications is:—

May 31st, 1941 and that when the applicant fills in his application blank it should be mailed direct to the:—Commissioner of Employment, Twenty-two Light Street, Baltimore, Maryland. When these application blanks are received they are reviewed and if satisfactory, a card announcing the date and place where the examination will be held, will be mailed direct to the applicant.

Many men in the Counties and Cities of our State will be interested in discussing the details of this work before making application, and the suggestion is made that those interested contact any member of the State Police Force either in the Field or at Headquarters, Guilford Avenue and 21st St., Baltimore, Maryland, where attention will be paid in order that the applicant may fully understand the type of work for which he is applying.

State Policing

The State Police Force, as such, was not created by Legislative action until June 1st, 1935, and until the past Legislature has grown but in a small measure. The existing National emergency, together with the tremendous increase in traffic was so important in the minds of the Governor of the State of Maryland and the members of the Legislature that in the session just closed authority was granted to add thirty-five additional State Police to the Force, effective as of October 1st, 1941, and an additional forty Troopers effective October 1st, 1942. In other words, the Legislature granted an increase of seventy-five Troopers to the Force in a two year period, which as we check the records of the Department is equivalent to saying that the actual Troopers in the Field will be doubled in number in the two year period.

The attitude of the Governor and the Legislature towards this expansion in times of emergency is sufficient evidence of the need at this time. This Force is the sole State-wide law enforcement force existing in the State of Maryland.

The requirements approved by the State Employment Commissioner call for physically able and mentally alert men between the ages of 21 and 30. These men will be required to go to a Training School for a period of six weeks before serving in the Field and when selected from the eligible list for appointment to the Force, will be paid during the training period. Because of the extreme emergency, arrangements have been made to have the eligible list prepared not later than July 1st, 1941, and the selection of the thirty-five men will be made by the Superintendent of the Maryland State Police in time to operate the Training School which will be held at Pikesville, Md., not later than August 1st, 1941. Men interested should notice that the beginning pay is \$1,500.00 per annum, and in addition they are furnished uniforms maintenance. Whereas the income received by the average State Trooper might not be, in many instances, commensurate with what men can earn in industry, there is a greater inducement in that members applying for positions on the State Police Force are becoming an integral part of the Maryland Defense Program in the State of Maryland. They will be serving the citizens of this State and prepared to lend their assistance to any emergency which might arise. It should be a great incentive to young men who realize that here they have an opportunity to actually participate actively in the Internal Defense of a great State. The work is not easy—it requires being on duty twenty-four hours and subject to call at any time, even when on Annual or Departmental Leave granted for compensation for this type of work. This feature is one which appeals to the young men of our State who are patriotically minded and who are anxious to play a part in the days ahead. Even though the pay or income of the State Trooper is less than that offered by private industry, in many instances there are several features of State Police work of value to the individual.

WHEAT REFERENDUM A vote on the referendum to see if we shall have wheat quotas, will be held May 31, 1941 all over the United States, and if 2-3 or more voting, vote for the quotas it will apply to the 1941 harvested wheat crop. Every farmer who produces 200 bu. or more of wheat for harvest in 1941 is eligible to vote.

County School Track And Field Meet

Rising Sun High and Elementary Win Championships and Other Events

The twenty-seventh annual track and field meet for the schools of Cecil County, were held on the new athletic field of the Elkton High School Friday. The meet attracted many people from all parts of the county, and was under the direction of the Cecil County School Board.

The Rising Sun Schools were well represented as shown by the following events: Freshmen Girls—Mabel Conrad, 50 yard dash, third place. Relay team, No. 1. (220 yds.) These girls were well on the way to victory when Charlotte Copenhaver tripped and fell thus putting the team out of the race. The other girls were: Eleanor Reed, Marie Shires, and Doris Ragan.

Sophomore Girls—Margaret Duncan won first place in the 50 yard dash, time 7.4 seconds; also first place in the standing broad jump, 7 feet. Relay team No. 1.—(220 yds.) Grace Rawlings, Jean Burkins, Caroline Bird, Ella Wigton, second place. Relay team No. 2.—(220 yds.) Doris Lucas, Grace McNatt, Evelyn Goodman, Orpha McGlothlin, third place.

Juniors—Ruth Tharp, 50 yard dash, 3rd place. Relay team—(220) Mary Rakes, Sara Simmers, Betty Ragan, Caroline Sebald, third place. Seniors—Hope Hutchins again gave the school the honor of winning the 50 yard dash, time 6.8 seconds and the standing broad jump 7'3". These records, also qualify her participation at the shore meet for they were the best records obtained at Elkton.

Boys: 115 Pound Class: 440 Yard Relay—George Shelor, Oliver Lucas, Frank Robinson, Donald Cullen, second place. Target Pitch—Roy Orr, first place Junior Unlimited—80 yard dash, David Ewing, third place. Senior Unlimited—100 Yard dash Charles Pierce, second place. Target Pitch, Ernest Richardson, second place.

Raymond Shingler, of the High School faculty, had charge of coaching the teams in preparation of the field day athletics, and has every reason to feel proud of the showing made in the various events.

Girls' Win County Championship Sparked by the fine all-around play of Betty Ragan, Miss Hite's softball team took the county championship at the County Athletic Meet, held on Friday, May 16, 1941, at Elkton. The first two games were with North East and Perryville, with scores of 2-0 and 4-0 being registered by the Rising Sun girls in that order. The championship contest saw Calvert fall, 5-4, before the victorious lassies from the Sun.

Ella Wigton pitched steadily throughout the tournament and was supported by the particularly flashy defensive work of Betty Ragan and Doris Lucas. Betty Ragan's timely and hard hitting provided the offensive spark, while Ogoretta Sutphin and Pearl Riley also turned in some good stickwork.

1941 marked the first time in the history of the school that a girls' softball team captured the county honors, and much credit goes to the careful coaching of Miss Hite. The line-up: Ella Wigton, p; Doris Lucas, c; Norma Price, 1b; Grace Rawlings, 2b; Pearl Riley, 3b; Ogoretta Sutphin, rss; Mildred Wigton, 1ss; Betty Ragan, rf; Ruth Barrett, cf; Marie Shires, lf.

Boys Take County Title Behind the effective pitching and timely hitting of James Gambill, the Rising Sun 115-pounders won their third county title in a row in the softball tournament held on Field Day. In winning their fifth championship in seven years, the lightweights trounced Chesapeake City, 10-2, Calvert, 8-1, and North East, 6-3 in that order.

Jimmy Gambill, batted and batted his team to victory, and was a stand-out performer throughout the tournament. In the first contest he held the opposition practically helpless, and would have scored a shutout except for an error which permitted two men to tally. He personally drove in a pair of runs with a long triple. Against Calvert, Gambill allowed but one hit, a home run by the Calvert catcher, Crothers. In this game Gambill connected with a home run to aid in the downfall of the opposition. In the final game against North East, with the score knotted at two-all, Gambill cracked out the longest hit of the day with two runners aboard for a three-run homer that clinched the championship. Frank Robinson, stellar first-baseman, followed Gambill's clout with another homer to count the sixth run of that contest.

Every boy in the Rising Sun line-up hit safely with the exception of leftfielder Coulter. As a unit, the team performed smoothly and showed good spirit throughout the day. The catching of Edward Graybeal and the fancy play of Robinson around first drew attention from on-lookers, while Roy Orr's unusual ability in covering second base received a great deal of praise. It was consistent and hard line-drive hitting, though, that turned the tide of victory for the Sun lads.

Saturday's game with Mt. St. Joseph's High School at Baltimore will finish the season for the varsity baseball team. The Maroon nine dropped two close contests last week, losing an 8 to 10 decision to Franklin and Marshall Academy on Thursday and bowing to Friends' Central School of Phila., by a 5-7 score, on Saturday. Both games were played at Colora. Nottingham 0 1 2 3 0 0-8 P. and M. 2 0 1 2 0 3 2-10
