JOSEPH JEFFERSON, the eminent actor, died at his home, "The Reefs" in Palm Beach, at 6.15 o'clock Sunday evening age 76. His greatest success was in the role of Rip Van Winkle.

MAY wheat has crossed the dollar mark—but it happens to be going down instead of up!

"JACK, the Hugger," has again made his appearance in Chestertown. Several ladies and a little girl were stopped by him on the streets and given quite a scare. He is said to be a white man.

THE oyster season, which closed Tuesday, from whatever standpoint it may be considered, has been the most disastrous in the history of the oyster industry in this country.

KENT county ladies vied with nature Sunday in their attire and loveliness. There is no place in this State where the people dress with better taste than in Chestertown, nor look finer.

"FRENZIED FINANCE" has another proof this week in the defalcation of President Biglow of the Milwaukee Bank to the amount of about two million dollars! Then there's Hyde, of the Equitable Assurance Society, who offers to pay back a few hundred thousand which he admits belongs to the society! Lawson is surely waking up some people.

THE Odessa and Middletown Electric Railway Company has decided to extend its line to Delaware City, a distance of nine miles, and work upon the extension will be commenced before the middle of May. When this extension is completed there will be a line of electric railway from Wilmington to Middletown, twenty-five miles.

OUR advice to Democrats is to keep coo., and not let their interest in any candidate run away with their common sense. The party, as a party, has more interest in the election of the ticket that may be nominated, than in the success of any one man. Mud slinging at a leader or any one else who may be opposed to you, will not elect your man on November 7th.

MR. KEENE has been examining the Chesapeake oyster grounds and writes from his flagship that the outlook is pitiful—tongers doing no business and the bay full of sneak thieves. He says: "In ten years Baltimore must get her oysters from New York beds. The story can't be told. Starvation faces the tonger and dredger and bankruptcy the oyster counties which license them. Licenses don't pay. Something must be quickly done.

"The Haman bill is a small affair. A million must be stored in 600,000 open and 600,000 cultivatable spaces at once.

SAY a good word for the minister who is trying to do the community good—say a good word for the teacher who is working to better the next crop of citizens—say a good word for the laborer without whom progress could not be made—and say a good word for the county paper that strives with all its might, week in and week out, year by year, against fearful odds to make the county better worth the living in.

ALL the testimony in the Jackson-Smith contested election case in the First Congressional district was concluded Tuesday. It will be printed and submitted to the Elections Committee in the House.

The contest will prove costly. Congress will appropriate $2,000 with which to cover the expenses incurred by Mr. Smith. He will receive this sum whether he wins or loses. Mr. Jackson will receive a like sum if the contested seat is awarded to him. If, however he should lose the case he will receive nothing from Congress and will be called upon to pay out of his private pocket all the expense incurred in the contest. This will be a considerable sum. as it will include the fees of all witnesses, amounting to 75 cents each day, and mileage at the rate of 5 cents per mile each way, counsel and notary fees.

Anti-Saloon League.—Dr. C. A. Grise, superintendant of Anti-saloon League, has been in Kent this week and organized a local society with the following officers: President, Rev. A. P. Prettyman; Vice-presidents, F. C. Numbers, Millington; Wm. J. Hurlock, Kennedyville; B. F. Rash, Worton; Jos. Downey, Rock Hall; W. G. Smith, Fairlee; Rev. A. H. Covey, Pomona; Secretary, W. B. Copper, Chestertown; Treasurer, R. T. Turner, Jr., Betterton.

THE following telegram was received this week from the New York-Alabama Oil Co.: "Large volume gas struck in No. 5 well. Richest yet."

This makes three producing gas wells the company has on its property in Northern Alabama.

GOOD POTATOES BRING FANCY PRICES

To grow a large crop of good potatoes, the soil must contain plenty of Potash.

Tomatoes, melons, cabbage, turnips, lettuce—in fact, all vegetables remove large quantities of Potash from the soil. Supply

Potash

liberally by the use of fertilizers containing *not less than* 10 per cent. actual Potash. Better and more profitable yields are sure to follow.

Our pamphlets are not advertising circulars booming special fertilizers, but contain valuable information to farmers. Sent free for the asking. Write now.
