PAINFUL PERIODS

AMERICAN WOMEN FIND RELIEF

The Case of Miss Irene Crosby Is One of Thousands of Cures Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that menstruation is the balance wheel of a woman's life, and while no woman is entirely free from periodical suffering, it is not the plan of nature that women should suffer so severely.

Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs menstruation of its terrors.

Miss Irene Crosby, of 313 Charlton Street East Savannah, Ga., writes:

"Lydia E. Pinkham's Vegetable Compound is a true friend to woman. It has been of great benefit to me, curing me of irregular and painful menstruation when everything else had failed, and I gladly recommend it to other suffering women."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. Thousands have been cured by so doing.

TOLCHESTER FAIR A GREAT SUCCESS.

Excursionists From Port Deposit and Havre de Grace—The Racing—Premiums.

The Cecil, Kent and Queen Anne's Fair closed Friday in the presence of between 4,000 and 5,000 people, one-fourth of whom came from Port Deposit and Havre de Grace. The excursion from the latter place was accompanied by a band of 30 pieces. Superintendent Noland reports this to be the most successful meeting in the history of the company, both in attendance and general interest.

State Institute Director W. L. Amoss is well pleased with the success of his tent experiment, which will be a permanent feature of the experiment station at this and other fairs in the state. He announced today that he had determined to place a special instructor in the public schools of Carroll county during the coming year, who will give lessons in nature study on agricultural lines especially. He has secured for this purpose the services of Prof. Charles Goodrich. It is hoped in this way to cultivate and develop a taste for scientific farming thus advancing the agricultural interests of the state. Mr. Amoss will be at Timonium with the tent next week.

There were but two races Friday, and these were not especially exciting, although the drivers gave a good exhibition of road work. Albert made a bad break at the start which caused him to lose his place, although he showed fine speed when he settled down to business. In Thursday's running race the judges decided to award the last heat and the race to Louise D. on account of a foul by Sea Gate. Summary:
