PUBLISHERS AND EDITORS

SATURDAY, JUNE 29, 1912

GREAT convention!

THE next President being named.

KENT countians turned out in large numbers at the big Baltimore Convention.

BRYAN with all his faults is still the greatest and most influential personality in the Democratic party today.

THE Caroline Sun's historical and industrial edition is well worthy of presentation. It shows great research and considerable expense. The people of Ridgely in particular and of Caroline in general should see that this History has a large circulation.

LIKE A CARNIVAL

Baltimore has turned the convention into a carnival. Every night the downtown streets are filled with a swirling crowd with cowbells, rattles, horns and every sort of noise-making appliance. Everyone is in good humor and all the hotels and eating places, though overcrowded seem to be handling the crowds very well.

ROOSEVELT GOES ALONE.

Mr. Roosevelt has "cut loose" from the Republican party; he is desirous of forming a new party, as yet unnamed. It is not at all likely that he will consent to divide with the Republican party the allegiance of any of his followers, or even that he will permit them to continue their nominal connection with the Republican party and justify the suspicion that he and his movement are simply filling the part of a stop-gap, in order that four years from now another leader may try, with more prospect of success, to accomplish what he has failed to do.

In the matter of the Electors as well as that of the National Committee, there seems to be much worry. Some of the minor statesmen, whose chief end is the control of their State organizations, may not care how they get it, or under what name it comes to them, but that is not the Roosevelt manner of politics.

Roosevelt says that a full State ticket will be placed in the field in Maryland.

CAPT. BENJ. WHEELER DIES SUDDENLY

Capt. Benj. Wheeler, was found dead Thursday morning in his home in Betterton. He seemed to be in his usual health the day before, but when he was not seen about the next day, his family being away, investigation resulted in finding him in his room dead. It is thought that death resulted from heart failure and that it was instant. He was 77 years of age and was one of the old residents of Betterton. He came to Betterton in 1856 with the late Capt. Rich. Turner and sailed the boats of the latter until too old to manage them.

He was born in Dorchester county and when a boy went to sea and all his life was a devoted lover of the water. He leaves one son, Capt. W. B. Wheeler, of Betterton, and four daughters, Mrs. Thos. H. Moore, Mrs. Thos. Wilmer, Mrs. Jas. M. Sutton, of Betterton, and Mrs. Geo. Linthicum, of Annapolis. The funeral will take place Saturday morning at 11 o'clock, Rev. F. X. Moore will officiate; W. H. Krusen undertaker.

MISS ADA NOLAND.

Miss Ada Noland died at the home of her sister, Mrs. Oliver Stoops, in Chestertown, Thursday morning at 8.30 o'clock of Bright's disease in the 20th year of her age. She has been a great sufferer for the past two years but bore her suffering with patience. She had the kind and loving attention of her sisters and friends and everything that medical skill could do was done but like a blighted flower of the lovely Spring she has withered before the untimely frosts of death. She is survived by her father, Joseph B. Noland, of Sandy Bottom, also two sisters, Mrs. Oliver Stoops, of Chestertown, and Mrs. Price Stoops, of Lynch, Md., and two brothers, Raymond T. and Joseph Noland, of New York. Funeral services to be held from her late residence this (Saturday) afternoon at 2 o'clock, Dr. L. E. Barrett officiating. Interment in Chester cemetery. Undertaker, J. E. Ferguson. The pall bearers will be: Edgar Clark, Clarence Willis, John E. Barnes, Merrick Horn, Fred Robinson, Eli Elliott

ALEXANDER HICKMAN

Alexander Hickman died suddenly at his home at Betterton on Wednesday at 3 o'clock of heart failure, aged 72 years. He leaves five sons and two daughters, namely, William and Lemuel and Mrs. Samuel Brice, of Betterton; John and Mrs. Daniels, of Wilmington; James, of Philadelphia, and Walter, of Dover. Funeral service at his late home Saturday, June 15; Rev. F. X. Moore officiating and interment in Still Pond cemetery; Wm. H. Krusen, undertaker.

RATHER startling figures, which have just been made public by the Pennsylvania Railroad System, show that it has in the past twenty-five years paid in wages more than two billions of dollars—to be exact, $2,220,034,753,86; this is practically double the debt of the United States.

The Pennsylvania Railroad has more than 73,500 stockholders. Its system has 11,503 miles of line, and 25,236 miles of track, and about 185,000 employes. It hauls the largest tonnage of any railroad system in the world. It operates in thirteen states, in which are located fully seventy-five per cent. of the industries of the United States, where ninety per cent. of the coal, iron and steel are produced, and where approximately fifty per cent of the total population of the country lives.

THE TRANSCRIPT AND THE PUBLIC SCHOOLS.

MESSRS. EDITORS:—The Transcript seems much distressed that I should have mentioned at Prof. Smyth's last High School commencement that in leaving its Principalship to enter upon his new position as Superintendent of Schools he would be greatly handicapped by the lack of funds to carry on the school work, on account of the county commissioners being led to rescind the $3,000 appropriation they had granted the schools to pay the necessary expenses required by law for teachers, fuel, repairs, and to improve their sanitary condition. Under the provisions of the law, teachers of three years experience are entitled to a salary of $350; teachers of five years, a salary of $400, and with eight years of $450. Now, the only way the School Board can prevent the salary expenses from increasing is by dismissing experienced teachers and substituting green ones. Fuel, by reason of the strike of the Pennsylvania miners, is higher than ever. The increased cost of labor and materials, as well as the repairs required for a greater number of school houses than ever, calls for extra expense. The law has abolished the universal drinking cup, &c., to lessen the spread of infectious diseases, and to install sanitary drinking facilities in every school house in the county will be expensive.

The estimate of John P. Ahern, Esq., the President of the School Board and its most experienced member, was that, without building any new school houses, it would require about $5,000, in addition to the $35,000 annually appropriated, to enable the Board to comply with the law and keep the schools of the county in the condition they should be on account of the steadily increasing expenses; and he accordingly asked that amount of the county commissioners, who at first appropriated $3,000 of the amount asked for, and which appropriation they subsequently rescinded, apparently through the Transcript influence.

To illustrate the growth of expenses:

It required for the school year ending in June, 1911, county appropriation	$35,000 00
Borrowed Money	None
Total	$35,000 00
For school year ending in June, 1912, county appropriation	$35,000 00
Money borrowed from banks	3,500 00
Total	$38,500 00
Showing an increase for the year of	3,000 00

Now the Transcript, while stating editorially that it knew the money was on hand to pay the school salaries, also knew that $3,500 represented *money borrowed to pay these salaries.*

Now the simple question before the people of the county is, *not* the building of school houses for white or colored scholars (as there is no possibility of either) but shall Prof. Smyth be furnished with the funds to keep up the schools as they now are?

If the people of the county wish their children to continue the victims of contagious diseases and the ignorance and neglect of inexperienced and poorly paid teachers, it is for them to choose. If the school houses of the county, representing tens of thousands of dollars, some of which now leak and many falling into decay from neglect, are to be allowed to become unfit to shelter our children, then it is altogether proper that they should follow the lead of that apostle of this decay, ignorance and disease, the Transcript corporation. "Oh, but we levy $2,500 more for the schools than Talbot." But Talbot's superintendent of schools shows that they do this *by employing a cheaper grade of teachers.* But if the Transcript corporation wishes to preach economy let it cut down the election expenses, by which it fattens. Compare what it cost Talbot and Kent county on that item, and see how the record stands:

Kent—Registration, Election and Primary	$8,252 99
Talbot (stated in Kent News) for same	5,000 00
Showing Talbot's costs less by	$3,252 99
Cost for each reg. voter in Talbot	95
Cost for each reg. voter in Kent	1 80

Now, here is where the politicians and the Transcript come in; but, although the expense is about double Talbot's, there is no cry for economy from the Transcript about this.

As an illustration of the influence of the Transcript corporation on the expenses of the county since its control of the county commissioner board, compare the registration and election expenses of the county now with what it was before that time:

Those expenses now	$8,252 99
Those expenses in 1909, C. L. Dodd, clk	3,136 93

Now, while the Transcript corporation was running up election expenses and doubling its printing bills, what increase during this period has it given the public schools?

NOT ONE DOLLAR!

Although they have increased the taxable basis on the tax-payers nearly two millions of dollars!

And when the School Board asks for a modest appropriation to keep the school houses fit to occupy, to employ intelligent teachers for the children and to prevent infectious diseases from taking them from the school house to the grave-yard, this Transcript corporation gloats over its refusal and boasts of this stand for decaying school houses, cheap teachers and blighted childhood, while gorging itself with the tax-payers money.

JOHN D. URIE, Attorney.

Order of Publication.

Dora M. Dempsey, Irving L. Dempsey, plaintiffs, versus May Lavelle Dempsey, Marion Todd Dempsey, Catherine Elizabeth Dempsey, Gertrude Esther Dempsey, infants; James T. Ireland, Etta Ireland, Mary Campbell, John C. Ireland, defendants.

In the Circuit Court for Kent County, State of Maryland, In Equity. No. 1816.

The object of the Bill of Complaint filed in the above entitled cause is to procure the sale of the Real Estate of Sarah C. Todd, late of Kent county, deceased, to pay her debts.

1. The Bill alleges that the said Sarah C. Todd left a lot of land of considerable value located near the village of Galena in said Kent county and an amount of personalty insufficient to pay her debts and that there is due from her estate to the plaintiffs the sum of $1276.90 after the settlement of her estate and that the said real estate was devised for life to the said Dora M. Dempsey and Etta Ireland with remainder to the descendants of the said Dora M. Dempsey, her daughter, and in the event of the death of the said Dora without surviving descendants, then to be sold and the proceeds divided equally among Irving L. Dempsey, Etta Ireland, Mary Campbell, James T. Ireland, all residents of said Kent county and John C. Ireland, a resident of the State of Delaware and a non-resident of the State of Maryland, whose address is No. 206 French Street in the city of Wilmington.

The said Bill prays that an Order of Publication be passed giving notice to the said John C. Ireland, non-resident as aforesaid, of the object and substance of the said Bill of Complaint.

It is thereupon ordered this 26th day of June A. D. 1912, by the Circuit Court for Kent county, Maryland, in Equity, that the plaintiffs by causing a copy of this order to be inserted in some newspaper published in said Kent county in each of four successive weeks before the 29th day of July A. D., 1912, give notice to the said absent defendant, John C. Ireland, of the object and substance of this Bill, warning him to appear in this Court in person or by solicitor, on or before the 15th day of August, A. D., 1912, to show cause, if any he has, why a decree ought not to be passed as prayed.

NOTICE TO Parents, Guardians and Others

WASHINGTON COLLEGE

NOTICE has been received by the Orphans' Court that Kent county is entitled to a beneficiary in Washington College, by virtue of the graduation of J. Lewin Burris, of Kent county, Maryland.

It is required that the applicant be at least 15 years of age, that he shall be able to read, write and spell well, and shall have completed English Grammar, History of Maryland and United States, Geography and Arithmetic, so as to devote himself to the collegiate course proper.

In compliance with the law, the Orphans' Court for Kent county hereby gives notice to parents, guardians and others, who are disposed to avail themselves of this notice, that on

Thursday, Aug. 8th, 1912

at 10.30 o'clock A. M., applications will be received by this Court. The applicants for this position must appear in person for examination by the Court. The condition of scholarship requires the successful applicant shall give bond to the Orphans' Court in the penalty of $50.00 to teach for two years in the public schools of the State, if required to do so by the School Commissioners for Kent county.

All applications must be filed on or before the day named with the Register of Wills.

By order of the Court,
JESSE R. COPPER,
Register of Wills.

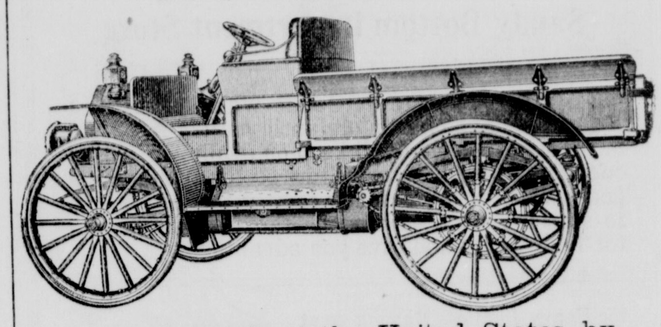
The International Auto Wagon

Or Commercial Car



In use throughout the United States by Farmers, Merchants, Millers, Contractors, Manufacturers, Liverymen and others.

A feature of the International Commercial Car that will appeal to a great many people is the fact that this car can be converted into a vehicle for carrying people. A rear seat and a double top can be added, making a very comfortable vehicle. The space behind the back of the front seat is sufficient so that two seats can be added, making a three-seated rig for liverymen who have traffic of this kind.

The International in the strictest sense of the word is a commercial car—one that can be used every day of the year, through snow and mud, cold weather and hot. The great success this car has attained in the past and the present is the greatest commendation of its usefulness.

The snow storm which tied up traffic in Chicago in February, 1911, did not interfere with the International Commercial Car service. This car was one of the few commercial cars in service in Chicago that was not delayed by the snow. The drivers were not afraid to turn out of street car tracks and into the side streets and places where the snow was deep, for fear they would stall. The car is as efficient in negotiating mud as it is in plowing through snow.

Capacity 1500 to 2000 pounds depending upon conditions of the haul. Speed 15 miles per hour. 20 H. P. Two-Cylinder Engine. Factory output 20 cars per day, which does not meet the present demand. Easily operated and as nearly fool-proof as possible. Solid tires—eliminating tire trouble.

This car will be driven throughout every part of Kent county and will stop at Still Pond, Kennedyville, Locust Grove, Galena, Georgetown, Massey, Millington, Crumpton, Chesterville, Chestertown, Rock Hall, Fairlee, Melitota, Worton, Lynch and Betterton, affording everybody an opportunity to see the car in operation.

Imported Percheron Stallion, "RETARD." (68410) 42705.

Black, star, left hind foot white; foaled February 28th, 1905; bred by M. Torres, Department of Orne. Sired by Rosiere (32159); dam Lelmande (46167); she by Bon Courage (42729); second dam Pauloite (44858), she by Diogene (2,668); third dam Paule (23407) and she by Tamara (725).

Retard was approved by the French Government to stand for public service in France. He is a typical draft horse of the highest quality and possesses in an extraordinary degree the wonderful activity and high finish which has made the Percheron the most famous of all draft breeds throughout the world. His breeding like his individual merit is the best that can be found in France. His immediate ancestors on both sire's and dam's sides being the most noted prize winners and breeders in that country. Retard is as sure a breeder as lives. His mares and colts show he is the best type Percheron this country has in it. I am going to raise a stable of horses this season and will sell him at half his value as a breeder. Never been beaten in the show ring. Neither have his colts. Fleets every time.

He and his colts show he is the best type Percheron in this country. Yearlings weighing over 900 lbs. with finish and quality.
