Many a man would better go without lunch at all than eat the hurried lunch which forms the noon-day meal of many a business man. Hasty eating, foods hard to digest, and no time allowed for digestion are the cause of many a case of stomach "trouble."

Disease of the stomach seriously threatens the health of the whole body and should be promptly cured. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect assimilation of food and the proper nutrition of the body on which physical strength depends.

"Nine or ten years ago my health became very poor, and in 1892 was so far gone that good doctors pronounced my case the worst they had ever treated," writes Mr. Harvey Phipps, of Florence, Ala. "I had acute stomach trouble, liver complaint, catarrh and was nervous to such an extent I could not sleep. I finally got three bottles of Dr. Pierce's Golden Medical Discovery and some 'Pellets.' Took them according to directions on the bottles, and in a few days noticed a decided improvement. I commenced to get more rest at night and could eat with pleasure, where formerly food was like chips to me. When I had used three bottles of the 'Discovery' I was a new man; could eat mince pie for supper, go to bed at seven P. M. and sleep until seven A. M. I am now working at my trade (carpentry), every day in all kinds of weather, and think if I had not taken your medicines I would now be under the sod."

Dr. Pierce's Pleasant Pellets cleanse the clogged system from accumulated impurities.

THE OUTLOOK.

Present indications point to early activity among the farmers and mechanics, notwithstanding the long severe winter through which we have just passed. Already there are signs of restlessness on the farm and in the shop—tokens of renewed confidence in the reward of honest toil. At the beginning of Spring, farmers, mechanics and housewives will need new implements and new appliances in the prosecution of their work. Farmers will need the

OLIVER, ROWLAND or LYNCHBURG PLOW,

from J. K. Aldridge & Co.

They will also need Rope Traces, Plow Lines, Hames, Grub Hoes, Garden Rakes, Back Bands, Chain Traces, Shovels Forkes and Spades.

Seed Potatoes

VARIOUS KINDS.

Cream Separators

TWO STYLES.

FARM BELLS ! FARM BELLS!

The mechanic will need Hand Saws, Hammers, Hatchets, Braces and Bits, Augers, Squares, etc.

Shafts, Rims, Poles, Yokes, Swingle Trees, Fire Bolts, etc.

The Housewife Will Need

Dairy Pans, Strainer Buckets, Coffee Pots, Wash Boards, Cake Boards, Potato Presses, Clothes Lines, Clothes Pins, etc.

CLOTHES WRINGERS.

ALL KINDS OF TINWORK

DONE ON SHORT NOTICE.

J. K. ALDRIDGE & CO.

WALTER T. PIPPIN,

Contractor & Builder.

Plans and Specifications Made on Application.

I offer my services and only ask a chance to prove the following assertions:

I deal with mills that work clean and smooth materials.

I give my personal supervision to all my work.

My work is carefully constructed with care to last and give satisfaction.

I have had a wide experience in all classes of buildings.

I use nothing but Ash Posts and Balustrades in main stairway dwelling houses.

3 years experience in Washington city.

19 years experence in Chestertown and adjoining counties.

I employ the best mechanics the market will afford and compete for all classes of work.

I endeavor to advise my patrons to build in seasons that there will be no risk from chimneys falling to pieces and mortar falling off.

Respectfully yours,
WALTER T. PIPPIN,
j9 6m Chestertown, Md.

FLOOD AT PORT DEPOSIT.

Breaking of the Ice Gorge Causes the Water to Back up in the Town to a Depth of Ten Feet.

MUCH DAMAGE TO SURROUNDING PROPERTY.

A breakup in the great ice gorge in the Susquehanna river in front of the town of Port Deposit occurred at half past four on Tuesday afternoon, causing one of the worst floods in years. Some days ago it was thought that the ice would pass out of the river without any serious results and the inhabitants of the town felt comfortable at the prospects of relief. Suddenly, however, the water backed up to within one foot of the high water record. Dwellings that had been considered safe were invaded by the water, which ran over the elevation at the town square and Main street was covered its entire length. The Junior and Middle schools of the Tome Institute, which stand on the west side of the town, were closed on account of the flooding of the cellars, the water putting out the furnance fires. The Columbia and Port Deposit railroad tracks were submerged to a depth of from 2 to 10 feet. The force of the flow of water can be judged when it is stated that the large brick engine house which stood at the extreme Southern end of the town was demolished and much damage has been done to property throughout the entire town. The cellars of both the banks were flooded, and in many dwellings the water reaches to the second story. A "promenade" in a rowboat along the upper part of Main street shows some interesting sights. Small boats of various kinds and ages are moored to the tops of the front fence posts or even to the shutters on the second floor. The only ingress and egress to many houses was by the second story window by means of a ladder, which, however must be securely fastened to the house to keep it from floating away. Many people have been thrown out of employment owing to the closing down of the stone quarry and the granite quarry at Rock Run and all the factories along the water fronts of both Port Deposit and Havre de Grace. The cables that hold the telegraph wires across the Pennsylvania railroad bridge were snapped into by the ice and heavy rush of water and communication was hindered for a time. Much damage was done to the United States Fish Hatchery, which is located on the Susquehanna Flats, near Havre de Grace. It is said that several residents along the water front have secured enough drift wood to last them through the entire spring and summer.

Reports from towns all along the Susquehanna are to the effect that great damage has been done to property. The heaviest loss reported is the York Haven Power Plant at Golbsboro, Pa., which was the most elaborate of all the "schemes" to harness the Susquehanna river, and was intended to supply York, Harrisburg, Columbia and other places with electricity. The plant was situated on an island in the river and is said to have cost $1,500,000.

DELAWARE WITNESSES REFUSE TO GO WEST.

Three of the Most Important Witnesses in the Botkin Case Unable to Leave Their Duties for Another Trial.

Three of the Delaware witnesses in the case of the people of California versus Cordelia Botkin, for the murder of Mrs. John P. Dunning, of Dover, have declined to go to California and the authorities are now trying to bring about a re-consideration of their decisions. The State of California had offered to pay $4,000 towards defraying the expenses of the witnesses while in the West, but several of them feel that they cannot sacrifice the time for a second trip. Among the witnesses are Miss Josephine Bateman, a teacher in the Dover High School, cashier Walter Morris, of the Farmers Bank, and former postmaster Thos. M. Gooder. The testimony of Miss Bateman is regarded as most important, as she examined the box of poisoned candy when it was handed over to the victims on Congressman Pennington's porch. She saw the California postmark and remembers peculiar marks of identification about the box and ate some of the poisioned candy, becoming very ill herself from the effects. The second trial has been set for next Wednesday, March 16th, and all the other Delaware witnesses have concluded to go.

Wills Probated.

The will of Mrs. Katharine A. Megee, widow of the late George W. Megee, of Cecilton, has been admitted to probate in the Orphans' Court. She devises to her granddaughter, Edith Arline Price, the household goods contained in the house where she resided at the time of her death, except certain articles bequeathed to her daughters, Augusta W. Revelle and Eleanor V. Sands. She stipulates that $100 shall be placed in a savings bank for Edith A. Price until she becomes twenty-one years of age; to her grandson, Alfred G. A. Sands, $50, to be invested for him until he becomes of age. All the rest and residue of her estate is to be divided equally among deceased's two daughters, Eleanor V. Sands and Augusta W. Revelle, and her granddaughter, Edith A. Price. The will bears date January 22, 1904, and is witnessed by William H. Alderson and Willian H. Brown.

SO WEARY.

Weary and worn out all the time. Back weak and lame and aching. Headache, Nervous, Restless, Excitable. The Kidneys are sick.

Doan's Kidney Pills

cure every symptom of Kidney Ills, from common backache to complicated urinary disorders.

Mrs. James Rodman, of No. 11 South Diamond street, Shamokin, Pa., says: "For over a year I had backache and lameness across my kidneys. I felt it most when doing any extra housework, but if I sat for any length of time I felt it catch me in the back when I attempted to get up. I had more or less pain in my head. My husband heard about Doan's Kidney Pills and brought me some from Smink's pharmacy. After taking them the languor and depression departed, as well as the pain, and I felt generally invigorated."

TAKE A LOOK.

at the walls of the homes you enter. You will see the characters of the inmates mirrorred thereon. On some walls you will find an ordinary, inoffensive sort of paper, that means thoughtfulness. On others you will see atrocious outrages in hideous colors and wonderful designs, that means carelessness. On others beautiful color combinations, harmony, delicate, graceful designs, the work of artists, speak of a love of beauty and one of our customers.
