SATURDAY, AUGUST 31, 1912

IT is not so much the high cost of living as the cost of high living!

THE chances for Wilson's election gets brighter as the days go by. He is sure to win.

THE recent exposures of campaign contributions will do little good unless the mass of good citizens rise up in their might and minister a stinging rebuke to same. The party or faction which countenances the use of money or other corrupting influences to debauch the voter deserves to be beaten at all cost.

THAT the race track at Havre de Grace is the Mecca of gamblers forced out of New York by the Rosenthal murder investigation is the charge made in a recent issue of the Philadelphia North American. With names, the article is a disclosure of what is going on at the newest of racing "plants" in this State and is not at all complimentary to the Marylanders behind the Harford county enterprise. When the Cecil track was closed the public felt relieved and now another "sore" has appeared.

ALL first and second class postoffices will be closed on Sundays as a result of one provision of the new postal appropriation bill passed by Congress and signed by President Taft. Every important city in the United States is affected. Hereafter only special delivery letters will pass through on that day and no mail will be placed in lock boxes. Postoffices in several cities have been closed Sundays heretofore. The Postmaster General has permitted that under a regulation where it was evident that local sentiment demanded it. The closing is now compelled by law.

BULL MOOSE ALSO BARRED.

The Roosevelt Republicans of the Eastern Shore are looking for a candidate for Congress. They are talking of Col. James E. Waddell, of Cambridge, formerly of Caroline; Dr. R. Lee Hall, of Pocomoke City; Charles O. Carter, of Berlin; Wm. M. Day, of Salisbury; Sydney P. Townshend, of Chestertown, and John N. Thompson, of Wicomico.

These men are among the leaders in the Bull Moose herd on the Eastern Shore. An analysis of the election figures on the Eastern Shore furnishes no consolation for a Moose candidate, or any other Republican. In fact, there is no hope now, nor is there likely to be any. A correspondent says:

"Leaders on the Eastern Shore confidently expect Woodrow Wilson to carry it by the largest majority ever given a Democratic Presidential candidate. The Democrats are solidly for Wilson. While the Democratic leaders say that the regular Republican organization probably will have little difficulty in delivering the bulk of their party vote to Taft, as they did in the primary, they think, nevertheless, that Roosevelt will lop off enough Republicans to run Wilson's majority up unprecedentedly.

The reported purpose of the Bull Moose to run a Congressional candidate in the First district is a sort of funny puzzle to experienced Eastern Shore leaders of both the Republican and Democratic parties. They have been rather tickled by the idea from its inception.

"In the State-wide primaries in May no candidate was named for Congress by the Republicans in the First district, and none can be brought forward under that party name, so the Roosevelt people contemplate putting up a nominee by petition to oppose Congressman Covington, of Talbot, who is now running for the third time.

"Covington's re-election would seem to be assured by the biggest majority ever given on the Shore, as he will poll the full Democratic strength and many straight Republican followers in the First district believe the vote for Roosevelt would be increased with a Congressional candidate on the ticket with him.

"As the Eastern Shore negroes, who constitute the great bulk of Republican voters in the district, has been kept well in hand by the Taft leaders, and went solidly against Roosevelt in the Presidential primaries, they cannot be relied upon by a Roosevelt candidate. A majority of the white Republicans refuse to leave Taft and the old party colors. The present Congressman is personally popular with all the county Republican leaders, and as between him and the Roosevelt candidate there is no doubt where any of them, in picking a Congressman, would make a choice."

A call has been issued for a progressive Congressional convention to meet at Easton, Talbot county, during the first week in September to nominate a candidate for the Sixty third Congress. The call comes from former Orphans' Court Judge Charles W. Hobbs, of Caroline county, who was chairman of a meeting of delegates from the First Congressional district, embracing the nine counties of the Eastern Shore of Maryland, to the Progressive State convention held in Baltimore early this month, and former State's Attorney William N. Andrews, of Dorchester, secretary of the meeting.

TAXED, TAXED, TAXED AND THEN TAXED.

How the public bears the burden of the tariff was vividly illustrated in a statement Thursday by House Majority Leader Underwood, reciting the record of the present Congress. Here is how Underwood described the actual tariff burden upon the public:

"Under the present oppressive tariff law the laboring man returns at night from his toil clad in a woolen suit taxed 75 per cent., shoes taxed 12 per cent., stockings and underwear taxed 71 per cent., a cotton shirt taxed 50 per cent. and a wool hat and woolen gloves taxed 78 per cent.

"He carried a dinner pail taxed 45 per cent. and greets his wife as she looks through a window pane taxed 62 per cent., with a curtain taxed 43 per cent.

"After scraping his shoes on an iron scraper taxed 75 per cent, he wipes them on a mat taxed 50 per cent.

"He lifts the door latch taxed 45 per cent., steps on a carpet taxed 62 per cent. and kisses his wife, clad in a woolen dress taxed 75 per cent.

"She is mending an umbrella taxed 50 per cent. with thread taxed 30 per cent.

"The house is made of brick taxed 50 per cent., and lumber taxed 96 per cent., with paint taxed 32 per cent."

AT 7 O'CLOCK P. M.
