Best Cough Medicine for Children.

When you buy a cough medicine fo small children you want one in whichr you can place implicit confidence. You want one that not only relieves but cures. You want one that is unquestionably harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. COLLEGE NOTES.

SYRACUSE 19—W. C. 4.

Above is the score of last Monday's game which was witnessed by several hundred enthusiastic spectators. It was a better game than the score indicates. Eleven of the visitors' runs were made in the first inning. From this stage it looked as if Syracuse would have a walkover, but as results turned out they had to work dearly for everything they made. Several times the college boys made their apponents feel exceedingly doubtful as to the outcome of the game. Numerous good plays were made by members of both teams. The team work of the University boys was quite noticeable, for three times did Curtis, the visitor's catcher, nail the sphere to second, each time putting out the runner who was playing off the second bag. Aside from all this it was admitted by members of the Syracuse team that it was a hard battle indeed after the first inning. Had it not been for some inexcusable errors which the team made in the first part of the game another tale might have been forthcoming. But be the score as it may, the Washington baseball team has nothing to regret for it has the material to make a good college team, and this fact was easily demonstrated on Monday. For the local team Brice carried off the honors, being four times at the bat, he made a single and two doubles, and better still he made three of the four runs scored by W. C. He played a fine game at second and won the applause of all. Capt. Hitch did some remarkable playing also, and being at the bat five times he hit the twirler for two singles, a double and a triple. His fielding was perfect, but twice he made bad throws to first, really on account of the sun which shone directly in his eyes. McGinnes, in the centre field, made two exceedingly fine catches after long runs. Once the ball hit his glove, bounced several feet in the air but landed safely again. Hughes, in right, also made a catch that brought forth applause from the spectators. The playing of W. C. after the first inning could hardly have been improved on. Moore, who pitched the first six innings for the locals was touched up for twenty-one hits, while White was hit safely six times.

Both pitchers pitched good ball considering the odds against them. Moore fielded some beautiful drives, and once himself made a hit that looked good for a double, but on account of the fast sprinting done by the right fielder of the Syracuse he had to be contented with a single base. Schutz caught a great game and was highly praised by the visitors. He made a serious mistake in the first inning by not running after the ball which had rolled past the backstop, three men crossing the base in consequence. He saw a ball lying in front of the umpire and thought it was the ball in play. Each pitcher hit a batter with a terrific inshoot. Dineen, a brother of the famous Dineen of the Boston American League, was the only player who secured a home run, although Hitch was just in half a foot of duplicating him. He was thrown out at the plate by a beautiful throw from second.

Mr. Thomas Massey umpired and gave complete satisfaction. The next game will be played at Millington this afternoon.

Today week the team will journey to Annapolis and attempt to trail the colors of St. John's College in the dust. There is much talk of running an excursion to Annapolis, but so far no definite plans have as yet been made.

The sailors of the "Fish Hawk" defeated the second team Wednesday by a score of 10 to 7. Finley, a youth in the preparatory department, pitched a masterly game against his opponents, and had it not been for over-confidence in the team the sailors would not have gone away feeling that the happiest day of their lives had been spent upon the ball field.

Mr. Hoover, whose name appears on the schedule card, is not a member of the team and will not be this season.

One of the most delightful social affairs of the season was the celebration of their fifth wedding anniversary by Mr. and Mrs. Geo. Rash, at their home near Worton. The house was charmingly decorated with evergreen, holly and potted plants; beautiful lamps shed a soft radiance over a host of friends, music, conversation and laughter echoed through the house as friends from all parts of the county assembled. Games were played and a royal good time was the lot of all. About 9.30 the guests were invited to a sumptuous supper to which all did full justice.
