NOTICE TO HOLDERS OF BURIAL LOTS IN CHESTER CEMETERY.

The Chester Cemetery Company by recent action of its Board is now prepared to enter into a contract with its lot owners to keep their lots in first-class order perpetually. This guarantees the owner that his lot will be taken care of, not only after his death but even after the death of all the family.

There is no sadder sight in a cemetery than to see the lot of a one time prosperous owner in weeds, briars, overgrowth, bushes, &c., and for reason that the family have either all died, removed or else forgotten their duty to the remains of their ancestor.

Those who secure a contract as above will have no apprehensions of this fate to their lots. For terms apply to JOHN H. SIMPERS,
Treasurer Chester Cemetery Co.,

Important News for Anyone.

The time has come that every person should know how to take care of their eyes and not to buy glasses from peddlers or so-called traveling Opticians who have no right to ruin people's eyes.

To prevent this I will advise you not to wait until some peddler will come around to sell you a pair of glasses. You will do justice to your eyes by coming to Chestertown to have your EYES TESTED and GLASSES fitted to the eyes and not the eyes to the glasses.

Respectfully,
A. LEVINE.

THE FOURTH IN KENT.

The Day Spent Quietly in Town—Crowds at Tolchester and Betterton—No Accidents Mar the Day's Pleasure.

Scarcely a more ideal day for the observance of the nation's birth could the weather man have provided than was offered on the Fourth for the pleasure and comfort of the people of the State. The day dawned cool and clear and in the early morning pleasure seekers were wending their way to the bayside resorts or preparing to enjoy the day in the quiet and rest of their own homes. Teams from Queen Anne's began passing through town enroute to Tolchester about 4 o'clock in the morning and as usual this popular resort had an immense crowd. All the boats coming from the city were crowded, and it is estimated that from 5,000 to 7,000 people enjoyed the day there. The feature of the day was a grand Tournament in which knights from the Eastern Shore participated. Kent county seemed to have furnished the largest number of contestants and considerable interest was displayed in the outcome of the meet. Eleven Knights received the charge from Edw. Lipps, Esq., a distinguished speaker from Baltimore, and right gallantly did each Knight charge for the honor to crown the Queen of Love and Beauty. The honor was won by Mr. Thos. Fowler, Knight of Flatland, who took the greatest number of rings. The first prize was $60. Second prize, $40 was won by Mr. Frank C. Lee, Knight of Fairlee; thire prize, $20 by Mr. Malon Lee, Knight of Kent, and fourth prize, $10 by Mr. R. A. Shallcross, Knight of Dewey Park. Mr. Samuel Vannort delivered the coronation address in the dancing pavilion after the tournament, and the day closed with a grand ball at night. There was not an accident of any sort to mar the pleasure of the great crowd.

SUMMARY OF TOURNAMENT.

	Rings.
No. 1, Thomas Fowler, Knight of Flatland	3 3 3
No 2, Walter Fowler, Knight of Littte Grove	3 3 1
No. 3, C. M. Reinhart,, Knight of Tolchester	0 2 2
No. 4, W. H. Bramble, Knight of Oak Grove	2 2 2
No. 5, Malon Lee, Knight of Kent	2 3 3
No. 6, F. C. Lee, Knight of Fairlee	3 3 3
No. 7, J. E. Ferguson, Knight of Lone Star	2 2 3
No. 8, W. C. Moffett, Knight of Maryland	2 2 2
No. 9, Robt. Shallcross, Knight of Dewey Park	3 3 2
No. 10, John H. Moffett, Knight of Worton	3 2 1
No. 11, J. F. DeLang, Knight of Queenstown	3 2 2

In the decisive ride off, Messrs. Thos. Fowler and F. C. Lee having taken the same number of rings, Mr. Fowler took the greater number thus securing First Prize, Mr. F. C. Lee second, Mr. Malon Lee, third and Mr. Shallcross 4th prize.

AT BETTERTON.

The largest crowd in the history of this charming little bayside resort enjoyed a splendid day. Launches and sailing and power crafts of various descriptions brought people from far and near, and the management was taxed to its utmost to provide accommodations at the many hotels. Col. A. H. Suplee was in the midst of a great crowd, but with his characteristic energy was able to manage all who sought the pleasure of his beautiful cottage and cool park. Quite a number from Chestertown visited the resort during the day and enjoyed the cool breezes. Dancing, bowling, bathing, baseball, fireworks, etc., were the attractions, and the Betterton baseball team distinguished itself by winning two exciting games, one with the Indians and one with a team composed mostly of members of the Maryland Athletic Club, of Baltimore. Splendid order prevailed throughout the entire day, and the people of Betterton are to be congratulated upon the many attractions offered.

IN CHESTERTOWN.

The day was quietly observed in Chestown. Those who did not go to Tolchester or Betterton enjoyed the day quietly at home or spent the day with their friends in the country. Some enjoyed a sail on the river in the evening, others enjoyed the breezes under the bridge. At night quite a crowd assembled on the lawn in front of the residence of Hope H. Barroll, Esq., and on Chester bridge to enjoy the fireworks arranged by the Barroll boys. A fine display of fire work was also enjoyed by the Skipper children at their home on the Queen Anne's farm. Altogether the Fourth of July, 1904, was an ideal day, and was marked by more real pleasure and fewer accidents than for many years.

New Postal Regulation.—Acting Postmaster-Gen'l Wynne has adopted a scale of allowances to be made to postoffices throughout the country for clerk hire for separating mails. An allowance of $36 a year will be made wherever the mail separated averages from 34 to 66 pieces daily, $12 additional for each increase of 33 pieces average daily up to 600 pieces, and another $12 additional for each increase of 50 pieces in the average number separated daily above 601 in number.

WEDDING BELLS.

PEREGOY—MOORE.

Mr. Milton K. Peregoy, of Wilmington, Del., and Miss Ida Moore, of Chestertown, were married on Saturday evening last at the parsonage, of St. Paul's M. E. Church, Wilmington, by the pastor, Rev. W. L. S. Murray. The groom is the son of Mr. and Mrs. Wm. E. Peregoy, of Chestertown, and holds a lucrative position with the Pennsylvania railroad in Wilmington. The bride is the daughter of Mr. J. W. Moore, and is an attractive and accomplished young lady. The couple will reside in Wilmington.

MILLER—SCHOULER.

Miss Alice H. Schouler, daughter of Rev. William Schouler, rector of Trinity Protestant Episcopal Church, Elkton, and Mr. Wm. J. Miller, of Cleveland, Ohio, were married on Tuesday morning at Trinity Church, Elkton, the ceremony being performed by the bride's father. The ushers were Messrs. Sears W. Cabell, of Cleveland, Ohio; Theo. W. Koch, of Washington, D. C.; S. Wilson Heaton, Philadelphia; Harry C. L. Miller, Wilmington; Richard Reese, Elkton. The groom is a son of the late Rev. E. K. Miller, rector of Long Green Protestant Episcopal Church, Baltimore county. Mr. and Mrs. Miller will reside in Cleveland, O.

Threshing Wheat.

Mr. T. E. W. Crew, of Tolchester, claims to be the first farmer in the neighborhood of Tolchester to ship this year's wheat crop. The shipment was made last Wednesday. The wheat was in fine condition and the yield was good. Others who have threshed during the week are Judge John P. Nickerson, of Fairlee. Messrs. R. B. and Neal Wilson, Eastern Neck Island. We have not been able to learn the number of bushels per acre from those who have threshed, but the yield in each case is reported good. Mr. Henry Stewart of Queen Anne's finished threshing his crop on Wednesdsy. His yield was 20 bushels to the acre. This will likely be the average yield for both Kent and Queen Anne's counties.

Since writing the above, it is reported from Worton that Mr. Wm. T. Smith, of Smithville, finished threshing on Wednesday. His yield was the best we have yet heard—33 bushels per acre on fallow and 23 bushels on corn ground. Mr. Joseph Fowler, of Smithville, got 20 bushels per acre, Mr. R. B. Willson 19½ bushels and Mr. Jas. Newcomb 13 bushels per acre.

A $35,000 FIRE AT SMYRNA.

Suburb of Delaware Town Was Threatened With Destruction.

A destructive fire started at Smyrna Landing, a suberb of Smyrna about 6 o'clock Sunday morning. It originated in the ice plant belonging to the Smyrna Transportation and Manufacturing Company, which had been running day and night to supply ice to nearby towns.

The ice plant was destroyed, together with all the wharves and wharehouses along the river front. In less than an hour the fire had consumed more than $35,000 worth of property belonging to the Smyrna Transportation and Manufacturing Company and threatened to reach the residence section of the village. The wind changed just when the flames were at their worst, thus saving the residences.

STATE AID FOR ROADS.

Suggestions From the State Road Commission.

The instructive pamphlet upon the State aid road law to be issued about July 8th by the Maryland Geological Survey to meet the requests for information which come from various sections of the State, will show clearly to the county commissioners and individuals interested, how to proceed under the law to early obtain the advantages of the act. As stated in a previous publication, $200,000 of State funds will be available under this act to assist the counties to build good roads by paying one-half the cost, each county receiving such proportion of this money as the public road milage of the county bears to the total road milage.

A feature of the law which has been much misunderstood and which will be explained with unusual pains in the pamphlet is the section regarding the payment of 10 per cent. of cost by the property-holders. Many of the latter have been frightened by thinking that the two-thirds of the property-holders of any section of road can compel the remaining one-third property-holders to help pay the fixed ten per cent. levy, but such is not the case. In no instance does anyone who does not wish the road, have to pay any part of the cost.

METHOD OF PROCEEDURE.

The county commissioners of a county petition the State commission for aid to build a certain piece of road. If it is found upon examination by the commission that the road in question is one of general public convenience and a proper one to construct, an estimate of the cost of the improvement is made, together with plans, specifications, etc., for doing the work. This is undertaken by the county commissioners either by contract, or, if the prices for doing it in this manner are considered too high, then in other ways that they may deem best.

PROPERTY OWNERS RIGHTS.

In the event that the county commissioners fail to petition for State aid under this law it is provided that the owners of two-thirds of the lands binding upon any public road or section of road, not less than a mile long, can compel the county commissioners to petition for the construction of the piece of road, provided that the owners petitioning have paid or pledged 10 per cent. of the work. Those who have paid or have pledged to pay 10 per cent. of the cost cannot, however, compel any other property-holders along the road to bear any of the cost. The work then proceeds, as already described, except that the County Commissioners cannot be compelled by this payment of 10 per cent. by property-holders to contract for work to an amount greater than one fourth of the road levy of the county.

Any expense due to the payment for land that may be necessary to secure a proper location for the road or any damages that may arise through the construction of the road will not be paid by the State.

STATE TO PAY ONE HALF OF THE COST.

After the work is done according to the specifications and the State Commission has so certified to the Comptroller, then one half of the cost of constructing the road will be paid by the State to the county building the road; but in no case is amount paid by the State to exceed one half of the cost as shown by the estimate of the cost of the work as at first made by the commission.
