SATURDAY, MARCH 29, 1913.

THE candidacy of Deputy Sheriff Adam Startt for the office of Sheriff is announced by himself. Mr. Startt has not signed up yet!

THE Bull Moose party gave evidence of much life in Baltimore this week. There was a scrap over the honorary offices. What will it be if they win?

THE candidacy of Hon. Isaac Lobe Straus has met with so much encouragement in Kent that some people want to keep him out of the county. We are glad Kent county does not belong to anyone man and that any candidate is free to come and go as often as he desires. Mr. Straus visited Queen Anne's and Kent the past week.

BE THANKFUL.

In another column is noted the terrible havoc wrought in the West by cyclone and flood and the sympathy of Kent countians goes out to the stricken section. We are so blessed in this region by our general exemption from the violence of nature that we scarcely realize how much we have to be thankful for in this respect until some convulsion of the earth shakes down in a few hours a beautiful city like San Francisco, or cyclonic storms carry death and ruin through a vast and fertile region, blotting out hundreds of lives, sweeping away in a few moments the results of years of patient industry.

SIMPLY CAN'T HELP IT.

It was with pleasure we read the following confession and determination to do better from the columns of the Barroll organ last week:

The Transcript sincerely hopes that every time it states facts regarding candidates for office or issues before the people during the campaign now about to begin, its opponents will not accuse us of villification and lying, unless they can prove their charges. We intend to lay the facts before the people in as plain and straightforward a manner as possible, and we trust that we shall not be met at every turn of the way with the charge of misrepresentation and lying as we have been in the past. There is a right and a wrong way of conducting a campaign, and we propose to exercise the duty which every paper owes to its constituents of giving the facts, and we intend to enlighten the people upon the merits of the candidates for office as well as discuss the issues involved in this campaign which means so much to the taxpayers.

But, lo, when we read further down the column we find this article which simply gives the lie to the above and makes one think of the weak drunkard who swears off today and tomorrow gets fuller than ever Here is the article from the Barroll organ:

Senator John Walter Smith was in control of the Maryland Legislature when the celebrated Haman Oyster Bill was passed. It is true that the Worcester county delegates voted against the bill, but Senator Smith who controlled all of the legislation at Annapolis had it within his power to kill the Haman Bill, and he allowed it to pass. This action is in thorough accord with Senator Smith's policy of favoritism for special interests against the people, and when he allowed the Haman Oyster Bill to become a law, he struck a blow at the interest of every oysterman in every tidewater county in Maryland. The oystermen should remember this.

This article is a willful effort to misrepresent. If Mr. Smith had no influence with the delegates from his own county how in the world could he influence legislators from other parts of the State? It is simply ridiculous. Mr. Smith cast his influence with the oysterman as the votes of his county show, but Mr. Barroll cannot say as much. The oystermen know their friends.

OPINIONS DIFFER.

In reporting the Marbury meeting in Centreville last week the Baltimore Sun certainly did not correctly inform the public else the Centreville Observer is wrong. The Observer in its account of the meeting says:

"The Baltimore Sun notwithstanding, there was no multitude of people present to hear the issues outlined from Mr. Marbury's point of view. The Sun, in a report from a staff correspondent, stated that by the time of the meeting the street before the Opera House was packed and the crowd filed into the hall, when the local leaders and Mr. Marbury led the band down the street."

"As a matter of fact, there were less than forty persons, the band included, in the Opera House, when Mr. Marbury began his address. After the address was well under way, others sauntered in and scattered about in the seats, made conspicuous by their emptyness. When the address was half over an actual count revealed the fact that the "crowd that packed the street" numbered just 92 in the Opera House. Marbury men claim that there were more at one time than this number, others say there were less."

"Those who had gathered—and there were Straus men, Smith men and Republicans as well as Marbury sympathizers—had expected Mr. Marbury to disclose the conditions surrounding his support of the Republican party during all the years that he fought Democratic men and principles, including the present Secretary of State, William Jennings Bryan."

"Mr. Marbury's address was not greeted with the applause awarded it by The Sun. Marbury men from Kent county, thirty five strong, furnished practically all the enthusiasm for the meeting and applauded at infrequent intervals. The throng was more curious than interested, and at no time did it grow enthusiastic. [The crowd from Kent numbered 15.]

"Although the day was bright and fair, Centreville had a smaller crowd than is customary on Tuesday. A Baltimore newspaper reported that the citizens from "the farms kept arriving in Centreville all the morning." Marbury sentiment in Queen Anne's, from indications at the meeting, is not strong, and the tender plant will have to be fostered with the greatest care to even produce a faint bloom in November."

The home of Mr. and Mrs. Henry Drey, 807 W. Elm St., Norristown, Pa., was the scene of a very pretty wedding, when Miss Muriel S. Fawcette, of Chestertown, Md. and Mr. Joseph R. Warrington, of Norristown, Pa., were united in marriage, by the Rev. Geo. W. Kercher, at 5 o'clock p. m. Saturday March 15th. The bride was attired in a gown of white marquisette and carried bridal roses, and was attended by her sister Miss Clarice A. Fawcette. The groom was attended by his brother, Mr. Geo. Warrington. The wedding march was played by Mr. Monroe Bauer. After congratulations were offered, a sumptuous supper was served.

Mr. and Mrs. Warrington will make their future home in Norristown, Pa.

JUST GOVERNMENT LEAGUE

The Chestertown Branch of the Just Government League were certainly fortunate in having such an intelligent and earnest advocate to present their claims as Mrs. Donald R. Hooker, of Baltimore. She addressed at least a hundred persons in the Court House on Wednesday night, notwithstanding the big rain, and for an hour held the undivided attention of her audience. She is a perfect lady in manner, refined and graceful, and presents unanswerable arguments in favor of her claims. Her greatest point was that of *humanity versus dollars*, which she drove home with telling effect. While in Chestertown Mrs. Hooker was the guest of Miss Lonisa Urie, secretary of the local branch, who entertained her royally at her luxurious home on the Chester. Mrs. Hooker promised to return to Kent next month.

Sales of Real Estate.—John D. Urie, Esq., attorney, sold on Wednesday the Todd property in Galena to Mr. Irving L. Dempsey for $1200.

W. W. Beck, Esq., attorney, sold the Noblette house in Worton to Mr. Harry B. Lambert for $500 on Tuesday.

John H. Rodney, Esq., Trustee, sold on Saturday the dwelling house and lot on Main street, late of John P. Cochran, deceased adjoining the Presbyterian Manse, to Mr. William B. Davis, of Cecilton, Md., the price being $3,950.00. Mr. Davis, we are informed, will remove to his purchase next year.

Negotiation Pending.—A deal is on foot for the purchace of the Chestertown Ice Plant owned by Mr R. G. Nicholson, by the Chestertown Electric Light & Power Co.

An agreement has been signed by the parties to the transaction naming Judge James A. Pearce, Merrick Clements and George D. Lofland arbitrators to determine and fix the valuation of the plant to be transfered.

The plans of the purchaser, if the deal is consummated, contemplate the removal next year of the ice plant from its present locatiou at the old depot to the wharf property immediately adjoining the electric light plant.

By the consolidation of the two plants the cost of operation and maintenance will be materially reduced, and the public may hope to benefit in lessened cost of light service and cheaper ice.

Potato Machinery Arrive.—A carload of potato planters, sprayers and diggers arrived in Chestereown this week for Graham & Clements Nearly all of it was already sold to the farmers of Kent and Queen Anne's Counties for the the potato crop which is being planred on an extensive scale.

MESSRS. EDITORS KENT NEWS:

There appeared in Mr. Barroll's paper several weeks ago a statement signed by Mr. Barroll that I had received $62 20. This is untrue. Knowing it to be untrue I went to Mr Hicks, Mr. Bowers and Mr. Barroll and all agreed that they had made a mistake, that I had only received $18.70, and that they would correct it the next week. I waited two weeks and no correction and when I asked Mr. Bowers why it had not been done he told me "If you wait until we correct it you'll wait a long time." I received this letter from Mr. Hicks on March 12: "There was an error made in your account, it was done I judge in the setting of the type it should have been $18 70 when the paper has it $62.20. It was handed to them as the books show $18 70."

If the other statements are no nearer correct than mine no wonder the public has lost confidence in Mr. Barroll's paper.

PUBLIC SALE OF PERSONAL PROPERTY!

Fine Blooded Horses, Cattle, Sheep, Etc.

Having sold my farm "Galloway," and intending to discontinue farming, I will sell, on the farm, NEAR EASTON, MD., my entire lot of Personal Property, on

TUESDAY, APRIL 1st, 1913,

comprising entire outfit of Farming Implements, all of which were bought new. It is all in good condition. Also my entire lot of Live Stock, viz.—Stallions, Brood Mares, and Young Horses and colts, every one standard bred and registered or entitled to be registered. Also six fine Young Mules, all young- 7 and 8 years old; Work Horses, 14 Cattle, 23 sheep, and a fine lot of shoats; one lot of fine Hay, part of which is baled; Farming Implements, consisting 1 cart; 1 McCormick binder, 8 foot, with truck in front; 3 farm wagons with hay racks. 1 Osborne mow- 1 hay loader: 1 Ontario drill, 11 tines; 1 cutaway harrow; 1 Iron roller; 1 Osborne hay rake; 1 spring drag; three 40 Oliver plows; one 19 Oliver plow; 1 clover seeder 1 Blackhawk corn planter with 120 rods of wire; shovels, forks; 1lot of work harness, both chain and leather; in fact, everything needed on a farm which are too numerous to mention.

Standard Bred Stallions

I will also sell my entire stock of standard bred stallions, brood mares, and colts, including weanlings, yearlings, 2, 3, 4 year old colts and fillies, which I invite the most critical breeders and lovers of extremely high bred horses to examine, and I think that they will admit that here is an opportunity to buy as good as they have ever known to be bred on any farm in Maryland, viz., headed by the great speed and beauty sire,

No. 1—ANDREW M., (registered No. 30850), sire of 14 in list; sired by the great Allerton, 2.09¼, sire of over 200 in the list; first dam is Mary Marshall, 2.12¼, dam of Nathan Straus, 2.01, and 2 others.

No. 2—The extremely fast standard bred and registered stallion, ANDY MACK No. 47007, record 2.21¼, trial in 2.10. I believe Andy Mack is strictly sound. He has trotted a mile in 2.10 and I firmly believe he will trot in 2.10 this year if given an opportunity. He is 16 hands high, sired by Andrew M. (No. 1); first dam, Lizzie Mack, 2.24, by Nutwood, 2.18. She is als the dam of 3 in the 2.30 list. Sure foal getter, and when through racing will make a great sire.

No. 3. GALLOWAY, the beautiful chestnut, standard bred stallion, foaled 1909; tired by Andrew M. (No. 1); first dam, Francis B., record 2.10¼ (dam of Sunny Francis, 2.25, trial 2.14.) See Francis B. No. 4. This colt was broken and driven last year over the road by my groom just enough for exercise; has had no regular training, yet he has shown remarkable speed.

No. 4.—FRANCIS B.; trotting race record, 2.10¼; registered in volume 18; the dam of Sunny Francis, 2.25, trial in 2.14; sired by Alcamedia (1980); first dam Belle D., dam of 2, by Warwick Boy (3368); second dam, Borden Mare, by Tatler, Jr. Francis B. was a great race mare, extremely fast; was second to Billy Buck in 2.06¾. She is a regular breeder, having six colts in six years and now sure with foal to Andrew M. I have 4 of her colts in this sale, which will show for themselves.

No. 5.—BEDELIA; trotting record, third heat over ½-mile track, 2.14¾; sired by Jackdaw 14297 record 2.28¾, sire of 20 in the list including Maxine, 2.08¾, and Bedelia, 2.14¾, he by Jay Bird, dam by Robert McGregor, 2.17¾, sire of 110 in list. First dam, Queen McGregor, dam of Bedelia, 2.14¾, and three others, and own sister to Pansy McGregor, the world champion yearling of his day, 2.23¾, by Furgus McGregor, sire of 26 in list, by Robert McGregor, 2.17½, thus showing she has a double cross of Robert McGregor. Bedelia is known as the blue ribbon winner and speedway queen of both New York and Philadelphia; also a race queen, starting in 23 races, being a money winner in all of them; was driven one half mile over Philadelphia speedway by her former owner (an amateur driver) in 59¼ seconds; foaled a filly in 1912 which is in this sale, No. 15. As I wanted her to drive, was not bred. She is sound, one of the swiftest drivers I ever drove, fearless of everything, and has all her speed. She is ready for the speedway or the harem.

No. 6.—STARLIGHT MAID; trotting record 2.18¼ in winning race; sired by Peter the Great record 2.07¼, the greatest of all sires; first dam; Starlight, 2.15¾, dam of Achille, 2.15¾; and Starlight Maid, 2.18¼, by Electioneer; second dam, Sallie Benton, 2.17¾, dam of 4 in the list, by Gen. Benton, etc. Due to foal April 9 by Andrew M., No. 1. Sold for $1,100 at 2 years old at Madison Square Garden.

No. 7.—ANITA BARON; registered; sired by Oakland Baron, 2.09¼; first dam, Anita, record 2.30, dam of 2 in the list, by Baron Wilkes. This is an extra good young brood mare; has never been broken to harness; a regular breeder; have 3 of her colts in this sale. With foal to Andy Mack, 2.21¼. Due June 4.

No. 8.—ANDREW NUTWOOD; foaled 1907; a very handsome gelding; been a mile in 2.27 with last half in 1.10; been one-quarter in 34 seconds; only trained a little last spring; in May was taken with distemper and has not been started up since. Good judges thought this colt would trot in 2.15 last year when taken sick. His dam is by Nutwood, 2.18; second dam by Warlock, an inbred Nutwood dam.

No. 9.—LULU N; registered; a black filly foaled 1909; sired by Andrew M.; first dam, Anita Baron, No. 7. This is an exceptionally handsome filly. She is thoroughly broken; been driven both single and double; had no training; showed 2.40 after breaking last spring and was turned out; just taken up for sale; will show for herself on day of sale.

No. 10.—GEORGE M.; sired by Andrew M. No. 1; dam is Francis B., No. 4; foaled 1910. This is a very large handsome gelding, is thoroughly broken, and has shown that he is a very fast colt, and will convince any judge that he is a born trotter.

No. 11.—NINA B.; full sister to George M., No. 10, and Galloway, No. 3; foaled 1911. This is a very large, handsome filly; was driven a few times last fall to break.

No. 12.—Bay Gelding, a full brother to Lulu N., No. 9, foaled 1911. This is a good sized, nice bay gelding, driven a few times; shows a good way of going and should make a fast trotter,

No. 13.—BARON ANDY; foaled in 1912; full brother to Lulu N.; is one of the best of individuals.

No. 14.—YOUNG MACK; foaled 1912; chestnut colt sired by Andy Mack, 2.21¼, No. 2; dam Francis B., No. 4; a born trotter, large and rugged.

No. 15.—A bay filly, foaled 1912, sired by Andrew M., No. 1; first dam, Bedelia, 2.14¼, No. 5. This filly is very much like her dam and showed very fast in the paddock.

No. 16.—Brown filly, foaled 1912; by Andrew M.; dam, Starlight Maid, 2 18¼, No. 6.

Also sell all my carts, boots, harness, blankets, etc.; 1 Toomey speed cart, 1 Payne long shaft sulky; 1 high wheel light cart, break cart, 1 lot of nearly new light harness, five sets; 1 set fine double harness made by Gallagher, 1 lot horse boots, weights, blankets, sweaters, coolers, etc.
