American Fence

Is the heaviest fence made today. It is 60 to 80 lbs. heavier to the hundred rods than other fences, because we use heavier wires which hold more galvanizing which makes longer life.

The upright stays on some field fences are 14 in. apart while on American they are only 12 in.

The hinge joint makes it easy to take down and move American from one place to another.

The tension curve allows for all expansion and contraction.

All our stock of fencing is kept in our large warehouse where it is protected from the weather, and when we send out a roll of fence it is just as clean and bright as when it first came from the machine that made it. Isn't it better to buy fence under these conditions than it is to buy fence that has been piled out in the weather for 3 months to 2 or 3 years?

We have all sizes from 20 in. high to 5 ft.

American Poultry Fence is the acme of perfection in poultry tight fences.

Let us figure on your needs.

Yours to serve,

Davis & Satterfield

S. S. BECK, ESQ., WINS CASE.

An opinion was handed down Tuesday by the Court of Appeals whereby S. S. Beck, Esq., attorney for Harry T. Richardson won in the suit against Kent County Commissioners, etc. The case is a suit for damage for injuries to a horse sustained on public highway. It came up for trial and upon demurrer of H. H. Barroll, Esq., attorney for commissioner, was suddenly terminated because the Court did not consider the county was liable for damages under the new road law. Mr. Beck noted an exception, took the appeal and won as stated above. Judgment was reversed with costs and a new trial awarded. This decision makes the county liable for damages not the Road Engineer.

THE MILLINGTON POSTOFFICE.

The people of Millington received word this week from Mr. Barroll at Chestertown that Mr. Collins would receive the appointment of postmaster and that his picture was wanted for the Sun of Thursday. The appointment has not yet been made. A dispatch from Washington Wednesday night says:

"Representative Covington was at the White House today and saw President Wilson for a few moments. He called to discuss the proposed appointment of a new postmaster at Millington, Kent county. Mr. Covington learned this morning that the name of the new postmaster was to be sent to the Senate on Saturday. There are several candidates for the postoffice, which is now held by Miss Rose G. Walls. Among the candidates are C. B. Dudley, W. F. Collins, R. Dulin, F. A. Vansant, and N. A. Wallen, besides several others. Mr. Covington earnestly requested President Wilson not to make an appointment there until the other candidates had been given an opportunity to lay their cases before Postmaster General Burleson, and he himself had been given a chance to make a recommendation. Mr. Wilson assured him that the name would be held up and that he would be given ample opportunity to present all the candidates to Mr. Burleson.

"Mr. Covington has no reason to believe that the postmaster whom the administration was about to appoint at Millington is one of his supporters. Some time ago Mr. Marbury called at the White House and submitted a list of names for nearly all the important postoffices in Mr. Covington's district. It is understood that the prospective postmaster at Millington was one of these suggested. Mr. Covington was the only member of the Maryland delegation who had been a supporter of President Wilson, and Mr. Wilson, recalling his support, may now permit him to be at least consulted in filling some of the offices in his district."

Kills a Horse!—While the son of Mr. James Newnam, of near Chestertown, was driving on the public road near the College Tuesday evening he collided with Lester Butler, colored, who was coming from an opposite direction, and the shaft penetrated Jack's horse and killed him almost instantly. The colored man was racing another man and seemed to deliberately run into Mr. Newnam. Butler was driving Mr. Sam'l Loller's horse without his knowledge. State's Attorney Vickers has the case in hand and will prosecute the reckless driver to the full extent of the law. Mr. Newman values his horse at $200 at least.

Farms Rented.—Mr. Harvey Morris, son of Mr. John E. Morris, has rented the Raisin farm of Mr. Thomas W. Eliason for next year. Mr. Herman Bramble, the present tenant of this farm, expects to move on a farm near Wilmington, which he purchased.

Lecture.—Hamilton Holt will deliver in the auditorium at William Smith Hall, at eight o'clock on the evening of this Saturday, April 12th, his lecture on "The Federation of the World." Mr. Holt is the editor of The Independent, and is recognized as one of the ablest lecturers of the American platform.
