Democratic County Ticket

FOR THE LEGISLATURE:
ISAAC GIBBS,
CURTIS E. CRANE.

FOR SHERIFF:
ANDREW MEDDERS.

FOR COUNTY COMMISSIONERS:
JOHN E. MORRIS,
WILLIAM WAGNER.

FOR TREASURER:
WILLIAM E. KEYSER.

FOR COUNTY SURVEYOR:
G. B. TAYLOR.

DANIEL S. LAMONT, secretary of war during the second administration of ex-President Grover Cleveland, died at his home in Milbrook, N. Y. last Sunday, aged 54 years.

POLITICS is red hot in Montgomery county where President of the State Senate Spencer C. Jones and Blair Lee, Esq., are making a great fight for the nomination for the State Senate. It looks like any body's fight at present.

THE Republican Executive Committee for Maryland, made up of four members from Baltimore city and one from each county in the state met at Hotel Rennert, Baltimore, on Wednesday, and decided upon September 6 as the time for holding the Republican State Convention. Mr. Wilbur Eliason was present from Kent.

THERE was evidently something doing in local Republican circles on Wednesday. Quite a number of the prominent county leaders, including Messrs. Daniel Hill, Charles W. England, Joseph Mallalieu and Jas. A. Casey were in consultation with Mr. Wllbur Eliason, Chairman of the County State Central Committee and it is said that a strong ticket was agreed upon by the leaders.

THE BODY of John Paul Jones, Revolutionary hero, and father of the America navy, was interred in a temporary vault in the Naval Academy grounds, Annapolis, on Tuesday, with imposing ceremonies. The body, which was in a high state of preservation, was transported from France, where it was burried some years after the Revolution, on the cruiser Brooklyn in command of Rear Admiral Sigsbee.

A TERRIBLE EXPLOSION occurred on board the U. S. gunboat Bennington in San Diego harbor on the Pacific Coast this week, wrecking the vessel and causing the loss of 58 seamen and officers. The boilers of the vessel had been known to be in a dangerous condition for some time, and yet naval experts are disposed to attribute the accident to an explosion in the shell room. Secretary of the Navy Charles J. Bonaparte will make a thorough investigation of the accident, and the blame will be placed where it properly belongs, no doubt.

May be a Murder.

Believed to have been murdered, a stranger supposed to be John Patterson, of Paterson, N. J., died at the New Castle County Hospital, at Farnhurst at 7 o'clock on Wednesday morning as the result of injuries he received some time during Tuesday night on the P., B.&W. Railroad near Clayton. He was found near the tracks in an unconscious condition and died on Wednesday morning without regaining sensibility. The nature of the dead man's wounds gave rise to the suspicion of murder. His skull was battered in, left ear almost cut off and his face was a mass of cuts believed to have been inflicted with a knife. When found some of the unfortunate man's brain was oozing from the hole in his skull. There was nothing about the body to disclose his identity. Several inmates of the hospital appear to have known the man and they say he is known as John Patterson, from Paterson, N. J. He was about 35 years of age.

When you want a pleasant laxative that is easy to take and certain to act, use Chamberlain's Stomach and Liver tablets. For sale by M. A. Toulson, Druggest.

Wheat Notes.

The presence of a great deal of rust in wheat throughout the country this week has caused a slump in prices and according to local buyers there is a big slump in the market. Prices reached the high water mark last week, and one of our farmers sold his crop for 91½ cents while others received as high as 90 cents. On Monday, however, the market was away "off" and local buyers were offering 82 cents while the best was only 85 cents. The market has improved but slightly and yesterday's quotations were 84¾c for spot, and 63c for rejected.

The Department of Agriculture at Washington has been experimenting with a drying and separating machine lately which gives promise of great success. A test was made of the machine on Monday with excellent results. A quantity of Southern wheat badly damaged by wet weather, and containing cockrel and rust was run through the machine with the result that the same wheat, which on account of its condition sold for only 70 cents a bushel, was taken out of the machine perfectly dry and free from all cockrel and rust.

The wheat was returned to market and sold again at the same place for 87½ cents, an advance of 17½ cents on account of condition. The authorities at the agricultural department were not prepared to state whether the experiment was a success, because they could not tell whether the shrinkage of the wheat due to the process of drying and separating would more than offset the advance in the price. Dealers on 'change, however, were so much impressed with the value of the experiment that they are advocating installing the machines in all the grain elevators of the cities. It might possibly be a most excellent thing for the farmers, or the owners of threshing rigs, to make use of the machine at threshing time, should it reach a degree of perfection that would justify its purchase. The Agricultural Department is much impressed with the work of the dryers and they are of the opinion that it will be a very practical invention.

Wheat being threshed in the county this week is of much better quality than last, though the quantity in some instances is not so large as was expected. One farmer near Fairlee only got 200 bushels from 40 acres, while another in lower Worton got only 9 bushels to the acre.

RESULTS OF PRIMARIES IN COUNTIES.

Primaries were held this week in several of the counties of the State with the following results:

CECIL COUNTY.

Republicans nominated a full ticket with Dr. Joseph I. France, of Port Deposit, for the Senate. Dr. France is a new man in politics. He is well-known in Baltimore, where he has an office. Some years ago he married Mrs. Evelyn S. Tome, widow of the late Jacob Tome, of Port Deposit. Strong resolutions were adopted against the Constitutional Amendment.

CAROLINE COUNTY.

Caroline county Democrats nominated a full ticket with W. W. Goldsborough for the State Senate and E. E. Goslin and Jehu T. Blades for the legislature. Resolutions strongly endorsing the administration of Gov. Warfield and the county administration were adopted. The resolutions made no reference to the Constitutional Amendment. The platform was presented by Dr. M. Bates Stevens and was unanimously adopted.

HOWARD COUNTY

Democrats of Howard county nominated a ticket with Matthew H. Gill and James Pearre for the legislatvre. State Senator Arthur P. Gorman, Jr., was a prominent figure in the convention, and did much to produce harmony. The administration of Gov. Warfield and the Amendment were strongly indorsed.

WASHINGTON COUNTY.

The Washington County convention on Tuesday indorsed the Poe Amendment, urged the re-nomination of Comptroller Atkinson, elected a State Central Committee, and delegates to the State Convention. The Convention was most harmonious.

GREAT IS KING CORN

Acreage For This Year Foots Up Enormous Total of 94,011,000.

The crop report for July shows an increase of 2,080,000 in corn acreage, bringing the total acreage at this date up to 94,011,000. This, with the exception of 1901, says the Chicago Inter Ocean, is the largest acreage on record. Under usual conditions it means a yield of 2,500,000,000 bushels, and a value to the farmers of $1,000,000,000.

With a larger acreage the condition of the growing corn in Illinois is six per cent. better than at this date in 1904, 2 per cent. better in Iowa, 20 per cent. better in Kansas, 17 per cent. better in Missouri.

In Nebraska, Indiana and Ohio the condition is not quite so good as last year, but in the country as a whole the condition is better by 1 per cent. than in 1904, and by 8 per cent. than in 1903. In other words, conditions in the corn belt are favorable to as heavy a yield as n 1902, when the crop was 2,523,648,812.
