HOLIDAY ANNOUNCEMENT.

Coming, Tompkins' real wild west and frontier exhibition, combined with Copper & Whitby's European Circus will play in Chestertown, Monday, Oct. 13. This will afford the people of Kent & Queen Anne's the opportunity to have one big holiday, the old and young can enjoy one of the best exhibitions that has ever been crowded to amuse the public. There are Real Cow-Girls, Real Cowboys, Real Indians and Real Mexicans that Mr. Tompkins has secured by contract from ranches near his home in Western Texas. If you have any doubt about Mr. Tomkins' horsemanship and you have a horse that the boys at home cannot ride, bring him to the Show. Mr. Tomkins will saddle and ride him and the horse will go home with you as perfect as he was brought, only much wiser. This is only one number in the Great Show. There are cow-girls' and cowboys' dances on horseback.

Indian races on horseback. The way they handle the lasso in '49 to stop horse and cattle stealing. The trials and troubles settlers had in getting to some point in the West. How the Indians annoyed them, etc.: also the Great Mountain Massacre. The Show carries one of the old prairie schooners and in the hold-up there is an old stage coach that has history too long to publish now. There are about one hundred head of horses and broncos used in this part of the exhibition and the Circus is furnished by Messrs. Cooper & Whitby, who have always had one of America's best circuses.

Don't miss the parade at noon worth going miles to see, and big free exhibition on show grounds an one and seven P.M. Performances at 2 and 8 P.M.

The all-steel business cars to be used by officials of the Pennsylvania Railroad to transact railroad business while travelling, will soon be finished at the Pennsylvania Railroad's shops in Altoona, Pa.

In a railroad system like the Pennsylvania, with some 11,000 miles of line and with extensive terminals located in many cities, it is necessary for the officials to spend much time traveling from place to place to confer with local officers and to inspect various parts of the road. By the use of the business cars last year Pennsylvania officials while traveling 159,517 miles, were able to conduct the affairs of the railroad just as if they had been in their own offices. The business cars are provided with typewriter desks, mpas, a compliation of statistics, and other office paraphernalia.

Since the Pennsylvania System, 1906 began the construction of all-steel passenger equipment, four steel office cars have been built. This includes the two which are not yet finished.

CHAUTAUQUA 1914.

Meeting of Guarantors — New Officers Elected—Talent Complimented.

Fred. G. Usilton, chairman of the 1913 Chautauqua, called a meeting of the guarantors for 1914 in Firemen's Hall Monday and a fair number responded. Mr. Usilton's name was presented for renomination as were the other officers, but he declined stating that he thought this honor should be conferred upon another for 1914. Thereupon the members unanimously elected Dr. H. B. Simmons, who has done excellent service during the past two years, giving hearty support to the management. Mr. Norman Jefferson was elected secretary and Mr. Thomas S. Bordley, treasurer. An executive committee was elected consisting of the above officers together with Mr. L. Bates Russell, chairman 1912, and Mr. F. G. Usilton, chairman 1913. Miss Hamilton was requested to be the platform superintendent for 1914 and Gov. Hadley and Dwight N. Hillis, two of the speakers. The time requested was the first week in September. The matter of talent and program, however, was left to the good judgment of Dr. Pearson.

Resolutions of thanks for the faithful efforts of the retiring chairman were passed and the guarantors enter upon Chautauqua for 1914 with renewed life and enthusiasm.

The following are the gurrantors:

James A. Pearce,	W. F. Russell,
J. D. Bacchus,	H. B. Rote,
James G. Beck,	George R. Rouse,
W. W. Beck,	A. Parks Rasin,
Wm. B. Copper,	H. B. Simmons,
Thos. W. Eliason, Jr.,	T. S. Bordley & Sons,
A. A. Harris,	F. G. Usilton,
W. W. Hubbard,	A. L. Sparks,
H. C. Hughes, D.S.	H. G. Slingers,
H. F. Jefferson & Bro.	William M. Slay,
C. C. Jones,	J. L. Smyth,
T. D. Bowers,	M. W. Thomas,
W. Frank Jarrell,	M. A. Toulson,
J. S. Kreeger,	J. D. Urie,
W. P. Newnam,	H. W. Vickers,
T. W. Perkins,	W. Irving Walker,
E. F. Perkins,	L. W. Wickes,
L. B. Russell,	H. H. Klinefelter.

Committees on reception, decoration, lot, etc., will be named later. 650 tickets have been subscribed for leaving only 75 more available. These may be secured by applying to any of the guarantors. No more season tickets will be sold than 725.

MILITARY COMPANY

EDITORS KENT NEWS—

Dear Sirs: A step has been taken to organize a company of infantry of the Maryland National Guard at Chestertown. It takes 43 enlisted men to start a guard, and at present quite a number have promised to enlist. This is a good step, as Chestertown has a good population and could easily afford this. The town at one time had a group of soldiers, but as the membership grew small they had to disband. This gives a little time off for practice in the summer. Let all young men try to participate in and find out particulars.

LOCAL NOTES

BUYERS are paying 25 and 30 cents per basket for keiffer pears.

THE Chestertown Library will be open on Saturdays from 2 to 4 p. m.

THE Chautauqua spirit of desiring wholesome entetrainment still abides in Chestertown.

NEXT Tuesday is the last day on which voters may be registered or transfered. October 7th is the day. The 14th of Oct. is for revision only.

IN the scrap paper used at the paper mill employes have recently found $1.80 one week, too gold rings, a diamond brooch, pen knives, etc., etc.

ONE farmer, Mr. Fowler, on Flatland, claims to have raised 14 tons of tomatoes to the acre on 6 acres. Mr. Thos. Davis has picked 300 tons off 30 acres.

SUPT. HORN, at the Chestertown milk station, is making constant improvements. He has up-to-date machinery and is getting a good supply of milk. If the business grows as is now indicated a big new plant will be erected here next year. Mr. Horn understands the milk business thoroughly.

THE Porter farm of 160 acres just below Rock Hall was sold this week by Mrs. Jas. P. Hatcherson to Mr. Lauce Irving, of Montana. The George R. Townsend Co., of Wilmington, Del., of which Mr. W. Henry Bramble, formerly of Kent, is a member, negotiated the deal. The price is said to be $5500.

CONTRACTOR Frank E. Duyer is preparing to begin work on the new Janes M. E. Church to be erected corner Cannon and Cross streets. The building will be one story, with basement 48x77. It will be constructed of pressed cement brick manufactured on the ground.

THE biggest catch of fish this season were landed this week by Yates and Greenwood. They caught about 75 pounds of rock and trout off Shell Point. Capt. Thompson says he'll give Mr. Frank Greenwood the prize for expert line fishing!

The mass meeting tonight will be held in Firemen's Hall. Hon. Blair Lee, E. R. Harrington, C. C. Magruder and Mayor Preston will be the speakers. Come early and get a good seat.

A VISIT to the pear orchards in this section reveals the fact that the crop of 1913 is almost a total failure. Growers are harvesting the lightest crop of fruit in years, and the indications are that the picking will be less than 15 per cent. of the yield of other seasons. Cold weather of the early spring and May storms seriously damaged the newly set fruit, and as a result some of the orchards are nearly bare this year. Heavy winds during June and July also stripped many of the orchards of what fruit was left. The Kieffer pears seems to be the hardest hit of the varieties of pears grown in this section.

JOHN TOY, the noted horseman, of Philadelphia, has traded Belton K. which he purchased some months ago from Mr. Harry S. Dailey, of Marydel, and Sam Be Shure, another fine pacer for Directomer 2.00¾, and Goldie Idol, a pacing filly. Belton K. is the horse which paced Radcliffe Park track, Chestertown, in 2.12 at the Fourth of July matinee.

H. H. BENEMAN, one of Millington's hustling merchants, will close his store on account of the Jewish Day of Atonement on Friday, 5 30 p. m., October 10th, until 6.30 p. m October 11th.

THE resignation of George C. Townsend, justice of the peace, Millington, has been forwarded to Gov. Goldsborough, with regrets of a large number of people.

THE Tri-County High School at Queen Anne opened Monday week with an attendance of 23, which is only half the attendance promised by the patrons of the school at the meeting held there last week. The new desks for the school arrived Monday. Of the 23 pupils 12 are from Talbot county, and the ruling has been made that each county is to pay the cost of the school proportionate to the number of pupils it has enrolled.

A WHITE LABORER named Lee, working with Spencer Boulden, while on the way from the boat Thursday stopped at the States Road shanty, near Still Pond, and was shot in the hand and leg.

PROFIT IN HENS.

The Maryland hen is one of the State's chiefest economic assets. According to Uncle Sam's enumerator, as per information furnished by the Bureau of Census, the crop of fowls for 1909 raised on 49,463 farms in Maryland reporting numbered 5,942,497, representing a value of $3,011,382.

And it is evident that the hens did not sidesten their duty. Reports from 46,346 Maryland farms show that these hens produced during the current year of the census 15,533,732 dozens of eggs, which added to the material and consumable wealth of this Commonwealth value to the amount of $3,235,756. Of the farms not reporting, the deponent sayeth not, but if all were enumerated it is more than likely the amounts and sums would be considerably increased.

The cock and hen figures given for the different States, and the United States as a whole, indicate that as a source of wealth fowls take precedence over many other wealth-producing factors. Figures reported from $5,655,754 farms in the United States in 1909, which is 88.6 per cent. of all the farms in the United States, show that the total number of fowls raised was 448,468,364; valued at $302,506,272, to which must be added 1,591,211,371 dozen of eggs having a value of $306,638,969, or a total of $509,175,232

The value of fowls raised in 1909 was $65,500,000 or 48 per cent. greater than 10 years previously. During the same decade the increased production of eggs was 23 per cent. but the money value of them was doubled, so that the per cent. increase, as measured in money, amounted to 142.6 or a cash gain of $162,448,419.

Still Pond Grange will hold their meeting on Saturday, Oct. 4 at 2 30 p. m., in the Grange room in the School House. At 3 30 p. m. all the farmers in the vicinity are urged to be on hand with their wives to hear "Home and Happiness" discussed.
