CHESTERTOWN, MARYLAND

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. **Swamp-Root** corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

HOW TO CURE RHEUMATISM.

It Is an Internal Disease And Requires an Internal Remedy.

The cause of Rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing in Oils and Liniment will not cure, affords only temporary relief at best, causes you to delay the proper treatment, allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure Rheumatsim than paint will change the fibre of rotten wood.

Science has at least discovered a perfect and complete cure, which is called "Rhumacide." Tested in hundreds of cases, it has affected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside," sweeps the poison out of the system, tones up the stomach, regulates the liver and kidneys and makes you well all over. Rheumacide "strikes the root of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c and $1 a bottle. In tablet form at 25 and 50c a package. Get a bottle to-day. Booklet free if you write to Bobbitt Chemical Co., Baltimore, Md. Trial bottle tablets 25c by mail. 15Jan4m.

SOLD BY DRUGGISTS EVERYWHERE

A STARTLING RECORD

The death of J. Herbert Stevenson by suicide in Philadelphia on Sunday, brings vividly to mind the large number of deaths which have occured in connection with the Pennsylvania Capitol graft cases since the first trial was had three years ago.

Stevenson was the private secretary and confidential adviser of John H. Sanderson, who was the contractor for the furnishings of the Capitol Building. He was expected to be one of the most important witnesses for the State against Architect Joseph M. Huston, who is to be arraigned for trial next week. This is the ninth death of persons connected with the case within the last three years, as follows:

John H. Sanderson, contractor for furnishings.

William L. Mathues, ex-State Treasurer, indicted with Sanderson and others in the first case.

George F. Payne, contractor for the Capitol.

James Jeffers, warrant clerk in Auditor General's office.

Frank Irvine, auditor in General's office.

John E. Scott, former secretary of the Board of Public Grounds and Buildings.

Mat Friday, clerk in the Auditor General's office during Capitol building.

Benjamin Thompson, watchman in the Treasury, who admitted Mathues to the office at midnight to inspect books.

J. Herbert Stevenson, secretary to contractor.

A record so startling as this can but remind us of the oft recurring question, whether evil has its own punishment in this world. That the virtual counter part of that proposition is true is too well established to be successfully controverted and that is, that well-doing is its own reward.

The doctrine of future punishment is one in which we have always had implicit faith, though it is undoubtedly difficult to understand its nature or the character it may assume. But be that as it may, it is impossible to escape the conviction that sooner or later even here the results of evil will manifest itself and recoil with deadly force upon those who have been guilty of wrong doing.

WOULDN'T TRUST BANKS, HIS SAVINGS STOLEN.

Savings Of A Lifetime, Amounting To $5000.00 Taken From The Trunk Of Samuel Chatham While He Slept In Adjoining Room.

Living alone in a house about 12 miles from Salisbury, Samuel Chatman, was robbed last Monday night of $5,000, his savings of a lifetime. Cratham's only companions were his bird dogs. It was known that he kept several thousand dollars in the house. Only a few days ago his brother, C. W. Chatman, of Salisbury, drove out to his house and tried to persuade him to place his money in some bank for safekeeping, but the miser refused to part with his wealth. Mr. Chatham made his money some years ago in the timber business. He was for many years a big money lender, but, it is said, four or five years ago he became imbued with the idea that those to whom he had loaned money were trying to trick him out of it. He called in many of his loans and hoarded them away in an old trunk. The trunk was found next morning in a thicket near Chatham's house but the wealth had vanished.

Four years ago Chatham was robbed of $2,500 in the same manner. Tuesday afternoon relatives hurried to the home of Chatham and began to seek some clue to the robbery. Chatham told them that the trunk contained the money was in a room adjoining the one in which he slept that night. Between 12 and 1 o'clock, he said, he was awakened by noises around the house, and, hurrying to the adjoining room, found the door open and his treasure chest gone, but there were no signs of the robbers. Chatham fired his gun several times, and two or three neighbors hurried over to his house. When daylight dawned the tracks of three men were discovered around the house. They were followed for a mile or more through the woods, but were finally lost.

SMYRNA TRAPPERS STRIKE BONANZA IN FUR MARKET

The fur season which draws to a close this week, has been in many respects the most remarkable that trappers have experienced in many years. Bombay Hook Island has been a lively place the past winter and trapping marshes have been much in demand. Some idea of what the industry has meant to Bombay Hook can be understood by J. Wesley Jones, Smyrna's prominent fur dealer. During the past season he has bought over 26,000 muskrat hides and has paid the trappers over $16,000. The largest on Bombay Hook Island is Jim Hofecker, who has delivered 3200 hides from his marsh. James Limer is a close second with 3000 hides and Pressley Goldsborough has a record of considerably over a thousand hides. The market on hides has been strong and steady around sixty cents for several months. Down in Thoroughfare Neck in the vicinity of Taylor's Bridge, the trapping industry has been equally as lively and a number of trappers will close the season with a record of between 2000 and 3000 hides. John M. Armstrong, of Odessa, is the principal fur buyer in lower New Castle County and he will close the season with an even better record than Mr. Jones. Mr. Armstrong, it is said, has bought over 28,000 hides and paid the trappers over $17,000.

Good results always follow the use of Foley's Kidney Pills. They give prompt relief in all cases of kidney and bladder disorders, are healing, strengthening and anti-septic. Try them. For sale by all druggists. J. T. Power, Millington, Md.

Children Cry
FOR FLETCHER'S
CASTORIA

Stops Lameness

Much of the chronic lameness in horses is due to neglect.

See that your horse is not allowed to go lame. Keep Sloan's Liniment on hand and apply at the first sign of stiffness. It's wonderfully penetrating — goes right to the spot — relieves the soreness — limbers up the joints and makes the muscles elastic and pliant.

Here's the Proof.

Mr. G. T. Roberts of Resaca, Ga., R.F.D. No. 1, Box 43, writes: — "I have used your Liniment on a horse for sweeney and effected a thorough cure. I also removed a spavin on a mule. This spavin was as large as a guinea egg. In my estimation the best remedy for lameness and soreness is

Sloan's Liniment

Mr. H. M. Gibbs, of Lawrence, Kans., R.F.D. No. 3, writes:—"Your Liniment is the best that I have ever used. I had a mare with an abscess on her neck and one 50c. bottle of Sloan's Liniment entirely cured her. I keep it around all the time for galls and small swellings and for everything about the stock."

Sloan's Liniment will kill a spavin, curb or splint, reduce wind puffs and swollen joints, and is a sure and speedy remedy for fistula, sweeney, founder and thrush.

Price 50c. and $1.00

Sloan's book on horses, cattle, sheep and poultry sent free. Address

CLOVER LEAF MANURE SPREADERS
ARE UNSURPASSABLE

Forty of these spreaders have been sold by J. F. McWhorter & Son, of Middletown, Delaware, and all of them are giving satisfaction.

SYRACUSE AND OHIO PLOWS
AND FULL LINE OF REPAIRS

SPIKE, SPRING TOOTH AND DISC HARROWS

IMPERIAL DOUBLE DISC CUTAWAY HARROWS

It harrows the ground twice in operation, saving the labor of one man and two horses. It enables the farmer to do his work in one half the time, making the most favorable weather and soil conditions. It gives better results than other harrow and leaves the ground in better condition.

In construction the Imperial Double Disc consists of a complete out-throw harrow with a second harrow (in-throw) attached by a flexible frame. The forward harrow cuts the soil and throws it outward; the rear harrow works it again and throws it back, leaving the surface finely divided and perfectly level. The rear gangs follow the front gangs in turning and the dirt is not thrown up in ridges at the corners. Every inch of ground is pulverized and leveled. The rear gangs may be quickly and easily detached and the machine used as a single disc harrow, if desired.

☞ Write us for particulars and prices.

WE HAVE RESUMED THE MANUFACTURE OF

Our Own Make of Field Rollers

Every Farmer who has ever seen this Roller declares it is the best make on the market. It is in a class to itself, and has no equal. It is made of good white oak. I have a good stock up all ready for delivery.
